Welcome to Green Mountain **RED** Angus

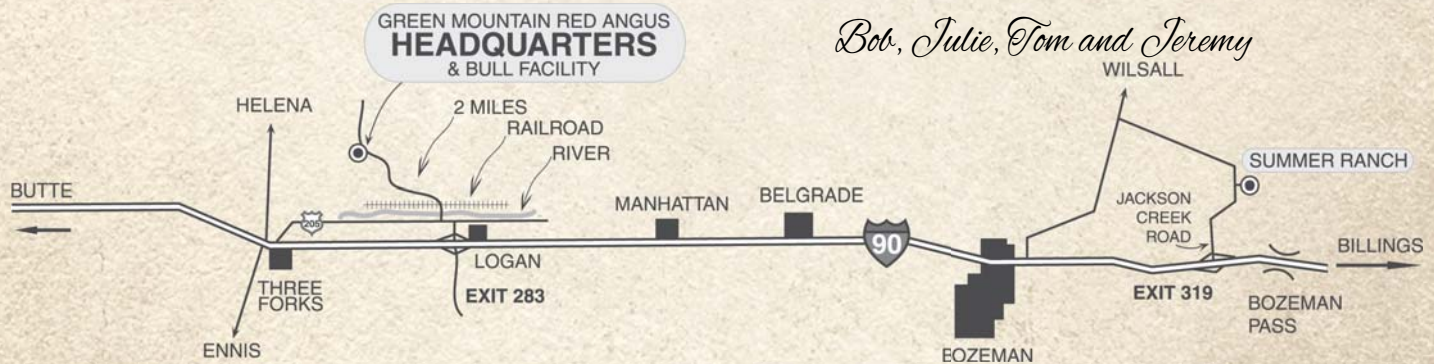

What a great time to be in the Red Angus breed, whether you are raising Red Angus seedstock or using Red Angus genetics in your commercial cow herd. The demand for quality Red Angus genetics is on a steady incline, and you will find that Green Mountain Red Angus is a great source for those genetics to be brought into your own herd. We have been raising registered Red Angus since 1985 and have been breeding for a highly maternal cow herd combined with economically relevant traits. We strive to combine genotype and phenotype in one cohesive package, and the bulls on these pages are the result of over 30 years of that genetic selection.

One of the main factors behind the popularity and accelerated growth of the Red Angus breed is the mama cow. We believe it takes a great cow to raise a great bull. The Red Angus female continues to be the most highly sought after female in the industry. Red Angus cows have proven their worth as a complete package through fertility, fleshing ability, good dispositions, and excellent overall production. They produce feeder calves that earn premiums in the yard and on the rail. One of the most effective ways to brand your Red Angus feeder calves is with the yellow FCCP tag. FCCP continues to be one of the most widely used age and source verification programs in the industry. Producers are utilizing the program and are seeing results with Red Angus cattle outperforming their contemporaries in the markets. The benefits to utilizing Red Angus genetics are in direct correlation to the increased demand and popularity of the cattle.

As you look through this year's offering you will notice a new prefix – DDRA - on a few of the sale lots. Our herd manager, Jeremy Dunbar and his family have been raising quality Red Angus cattle for years. His herd, known as Double D Red Angus, is run with Green Mountain Red Angus and has been heavily influenced by GMRA breeding. As a result, the DDRA bulls have the uniformity and performance you have come to expect from our program. We are excited to have Double D Red Angus join the sale! We would also like to announce that our oldest son, Tom, will be graduating from MSU in May with a degree in Animal Science with an emphasis on Livestock Management, and a welding degree from Gallatin College. He will be returning to the ranch full time. Congratulations Tom!

If you are utilizing Red Angus genetics in your own herd, you have already seen the positive influence in your cattle. If you are considering Red Angus for the first time, we are excited to have you look through this catalog and see the genetic potential that awaits you on these pages. Whether you are a seasoned Red Angus cattleman or new to the breed, the crew at Green Mountain Red Angus would like to thank you for putting your trust in our program. We hope you enjoy looking at the genetic packages offered here as much as we enjoyed putting this information together!

Bob, Julie, Tom and Jeremy

Get off 1-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

ASSOCIATION REPRESENTATIVES:

Tom Brink, CEO Red Angus Assn. of America
 Bob Morton, President Red Angus Assn. of America
 Kevin Miller, First Vice President Red Angus Assn. of America
 Julie Morton, MTRAA President Montana Red Angus Assn.
 Francis Koenig, MTRAA Vice President ... Montana Red Angus Assn.

TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of April 1st of the current year.
6. Retained Interest: Green Mountain Red Angus is retaining one-third revenue share interest in all bulls in the sale. We reserve the right to participate in the collection and marketing of semen. Buyers receive two-thirds interest, full possession and full salvage value. If seller wishes to collect semen for in-herd use only it will be at seller's expense and the buyer's convenience. If the buyer wishes to share in the collection costs and keep his share for in-herd use that is their choice.
7. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event an animal is claimed to be a non-breeder, the Seller shall be entitled to six months' trial following the return of the animal in which to prove the animal is a breeder. If at the end of six months the Seller is unable to prove the animal is a breeder, restitution shall be made, in compliance with the terms set forth by the Red Angus Association of America. Any expenses incurred for transporting the animal shall be the buyer's responsibility.
8. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
9. A certificate of registry and transfer will be furnished for each animal sold as a registered animal, after settlement has been made.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.

DVAuction

Broadcasting Real-Time Auctions

Watch and Bid Online at DVAuction.com

Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DVAuction. To watch or bid online, simply complete the following steps:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Creat New Account" tab
- Enter a user name, password and your contact information.
- Complete the Banking Information. (If you are only interested in viewing you can skip this section)
- Select your Time Zone, Accept the Terms and Conditions and click "Create Account"
- Complete the process by answering a few questions, selecting your subscription choices
- Click on "Apply for Bidding" in the upper left corner of your screen to select the sales you wish to bid on
- Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
- If you would prefer to be approved using your credit card, call (402) 316-5460.
- Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

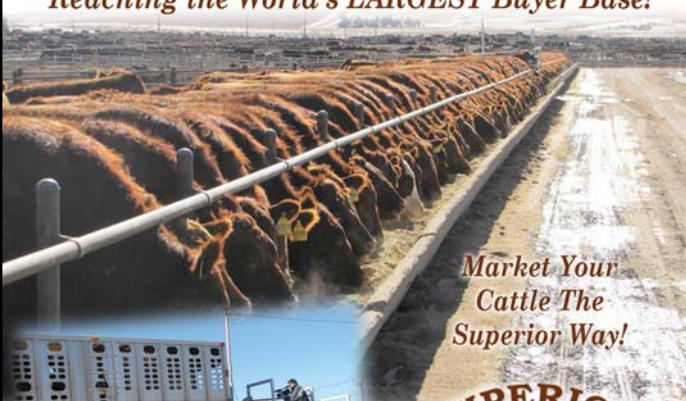

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

Please Note: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or email support@dvauction.com.

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DVAuction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DVAuction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com. "Call or Click-To-Bid" service for those unable to attend in person on sale day. **Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.**

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number." Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone..

Click-To-Bid. This is Superior's online bidding program for cattle buying. **PLEASE NOTE THAT HIGH SPEED INTERNET IS REQUIRED – THIS IS NOT FOR DIAL-UP OR SATELLITE INTERNET.** Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are two places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid." Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

***If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.**

Top Dollar Angus Feeder Program

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25% of the industry in carcass and growth Angus and Red Angus-influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its "branding" in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25% of the breed based on documented historical sire use. DNA evaluation, conducted by Zoetis or GeneSeek, is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today's market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder's pocket, which can be passed back to the producer in the form of premiums paid above market price.

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That's why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that's what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.

Kenny Stauffer, general manager • 308-641-0429
kenny@topdollarangus.com • www.topdollarangus.com

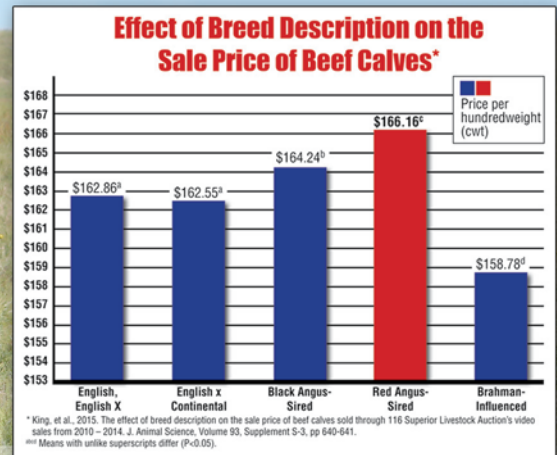

Achieve it! RETURN ON INVESTMENT

Red Angus genetics will improve your return on investment!

"For 10 to 15 years all the buyers ever talked about was black calves, and the black calves always brought more than everything else. Now I can honestly say that good Red Angus calves outsell the black calves and I know the Red Angus bred heifers will outsell black Angus bred heifers of equal quality every day."

— Jim Davis,
Superior Livestock Auction

Buy a Bull – We'll Buy Your Tags!

If you purchase a bull from us, we will purchase one bag of FCCP or Allied Access tags per bull for you. All you need to do is call the Red Angus Marketing Department, answer a few management questions, and enroll your calf crop for free. Then start reaping the premiums through Red Angus' marketing programs!

Feeder Calf Certification Program (FCCP) "yellow tags" are for bull customers using ONLY Red Angus bulls. FCCP cattle are accepted into the Choice+ Grid and Pro-Cow Program. Cattle enrolled in FCCP are USDA genetic, source and age verified.

Allied Access "green tags" verify source and age for bull customers utilizing halfblood bulls in their planned crossbreeding program.

Ranch Tested. Rancher Trusted.

Lot 1

Roll On is one of the most complete packages in the offering. He has tons of eye appeal with good feet and legs. He shows a great muscle pattern with a tremendous rear quarter and tons of capacity. His dam has a well-earned 103.4 MPPA and she is out of a dam with a 102.2. Roll On posted the #10 Adj. WW and the #5 adjusted YW in the offering. He has an ADG ratio of 117 which is tied for #3 in the offering, and a WDA of 108. From phenotype to personal performance to EPDs he is just incredibly complete. His CED is in the top 23% and he still carries outstanding growth with breed leading WW, YW and CW EPDs. He is tied for the #2 WW, has the #3 YW, and is tied for #4 CW in the offering.

Lot 2

This is the bull you want to take home. They say no bull does it all, but this is as close as it gets! He comes from a young cow off to a great start at GMRA with an MPPA of 101.6. Absolution posts the 3rd lowest birth weight in the offering and turns in a WR, YR, and ADG ratio of 104. Carcass scans give him the 5th highest adjusted IMF, and he's tied for the #3 adjusted REA. All of that performance correlates right in line with one of the most complete sets of EPDs you will find on any bull this spring. 11 EPDs are in the top 11% of the breed or higher and 9 of those are in single digits with 6 in the top 1-3%. You are looking at the bull with the #1 GM and YG and he is tied for the #1 REA in the offering. He also has the #2 CED, #4 HB, #5 BW, #6 Bfat, #8 Marb, and is tied for the #8 Stay. And take a look at the phenotype and structure – a broad, straight top with plenty of depth and capacity all supported by excellent feet and legs. Look for Absolution to impact the breed!

Lot 3

Midnight Express should be a first draft pick for any serious cattleman! Everything about this bull speaks volumes. He is out of a powerful first calf Peacemaker dam posting an MPPA of 106.4. He has the lowest actual birth weight in the offering and just exploded with growth from the moment he hit the ground. He has the #4 WR and is tied for the #6 YR of all bulls on test and posts a 104 ADG ratio and a 109 WDA. His carcass scans are impressive with the #2 Adj. IMF with a ratio of 141 and he ties for the #6 Adj. REA with a ratio of 114. All the performance is there, but so are the numbers! 11 EPDs are in the top 25% of the breed and 8 of those rank in the top 10% or higher. His phenotype completes the picture showing early maturity with tons of muscling and depth. This is one Redemption son not to miss!

Here is a terrific Trilogy son out of a young Peacemaker dam, already posting an MPPA of 104. He has a nice low birth weight that he turned into one of the top weaning ratios in the herd. He followed this up with consistent gains, posting an ADG ratio of 104 and a WDA ratio of 105 and a top end YR. Carcass scans are top end, with an IMF of 119 and a REA ratio of 102. 9 EPDs land in the top 26% or higher. Look for Tesla to provide you with a great maternal package combined with the economically relevant traits for growth and carcass. It's all put together in a nice, smooth package with great depth and capacity.

If you are looking for a herd bull to go straight into your mature cowherd and have an impact, here he is! He is backed up by a super high performance Ophelia cow family that goes 6 generations deep before finding an MPPA under 100. His Mission Statement dam has an impressive 108 MPPA and her calves all have WR over 106 and YR over 109. This son has shown solid, consistent performance since he hit the ground. He ranks as the #4 bull in the offering for Adj WW and WR. He has the #3 Adj YW, YR, WDA and WDA ratio. He features over half of his EPDs in the top 15% of the breed or higher, specializing in growth and carcass. This bull will elevate economic relevant traits in your cow herd!

We just can't say enough about the dam behind this Redemption son. She has always raised top end calves, posting an MPPA of 108.7 on 10 with weaning ratios up to 120. This low birth weight bull will still provide you with competitive growth. He scanned well for REA with a 113 ratio that is tied for 5th in the offering. 10 EPDs are in the top 23% of the breed or higher.

One of my favorite things about writing footnotes is finding gems in pedigrees like this bull's maternal grandam. She was born in 1994 and stayed in the herd her entire life, weaning off 17 calves for us and maintaining an MPPA of 100. This is the type of production record that speaks volumes for stayability. This grandson has turned in above average growth and impressive carcass scans. He has the #8 adjusted IMF in the offering with a ratio of 137 and a REA ratio of 105. EPDs fall in line with the #4 Marb EPD as well as a top end HB index and Stay.

Here is a great heifer bull prospect with an outstanding maternal pedigree. We traced his maternal line back 10 generations before we found a dam with an MPPA under 100 in 1973. A 70# birth weight goes all the way to an ADG ratio of 105. Top end EPDs round out the package. He has the #8 CED, the #6 REA, #3 HB and BW, and #2 Stay. We like seeing such a great combination of maternal strength, performance, EPDs, and phenotype.

Here's another product of the great Lakota cow family, tracing its lineage back to the dam of Trilogy. You have to go back 7 generations before you find an MPPA under 100. The performance is all there from growth to carcass. Both IMF and REA ratios are at 107. 9 EPDs rank in the top 23% of the breed, with 6 of those in the top 4% or higher. His HB, WW, YW, Stay, CW and REA are all ranked in the top 8 in the offering or better.

This bull's young dam turned in a 103.6 MPPA. Trigger 6225 has just blown the doors off in the growth department. He posted outstanding growth ratios and his yearling ratio is tied for #4 in the offering. He is tied for the #1 ADG with a ratio of 118 and is tied for the #5 WDA ratio of 110. His growth EPDs tell the tale, with WW, YW and CW all in the top 1% of the breed. Of all bulls on test he has the #4 WW & YW EPD and the #2 CW.

There is a fantastic dam behind this Roosevelt son. She has an MPPA of 107.3. All of her previous calves were heifers and have been retained in the GMRA herd. All of her calves have ratioed 105 or higher at weaning and 104 or higher at yearling. This bull turns in a 105 ADG ratio and a 106 WDA. WW, YW, and CW EPDs are all in the top 14% of the breed or higher. When it comes to phenotype his picture tells it all.

Tuition comes to you from Sutton Dunbar, age 2, who is already starting to fund his own college account! He's out of a dam with a 101.7 MPPA. His IMF ratio is a 126 and he has the #6 Marb EPD in the offering, which is in the top 7% of the breed. And just look at the phenotype - carcass and performance combined with great muscling and a good rear quarter.

This low birth weight bull is out of the great GMRA Lakota 625 and is a maternal brother to GMRA Trilogy 0226. He comes from that highly productive Lakota cow family, with MPPA's well over 100 going back to the 1980's. He turns in the lowest BW EPD in the offering, combined with the #3 CED and a tie for the #1 CEM. Overall he has 9 EPDs in the top 21% of the breed or higher, with 6 of these in the top 5%. If you need a calving ease specialist, look no further.

This is quite an impressive Rollin Deep son. He is the 2nd youngest calf in the offering and turned in some top end performance reflected in his young dam's 105.2 MPPA. He has the #8 WR in the offering, the #10 Adj. YW, is tied for the #8 YR, and has the #4 WDA ratio of 111. His REA ratio is at 110. He features 9 EPDs in the top 27% of the breed or higher, with an emphasis on his growth numbers. He has a great phenotype to go with the numbers, with great muscling and a nice deep rear quarter.

Here is an absolute powerhouse Epic son. He is out of a dam with a 103.2 MPPA on 6 calves. Her first 5 calves had an average birth weight of 74#, with 82# being the highest, with consistent top end performance. We're not sure why she decided to up the size, but this bull was too good to not offer in the sale. His growth is at the top of the offering, including the #3 Adj. WW and the #3 WR, along with a 108 WDA ratio. He also turned in a REA ratio of 105. If you sell calves by the pound, this is the bull for you.

This bull comes from a young cow backed by a great cow family. His dam has an MPPA of 101.4 and you have to go back to 1991 to find a female in the pedigree with an MPPA under 100. She produced the high selling bred heifer and overall female in the 2016 Big Sky Elite sale. This bull features a solid set of numbers with 9 in the top 25% or higher and an impeccable maternal background.

Very nice, well-made Trilogy out of a Laramie daughter with a 106.2 MPPA and her lowest WR on any calf is a 105. Her first calf was purchased by Nine Mile Red Angus in 2013 and now resides at Jacobson Red Angus in MN. This bull has a nice set of numbers to complement a great phenotype. 8 numbers are in the top 1/3rd of the breed or higher.

Solid EPDs with 11 in the top 28% of the breed or higher and the #5 Marb EPD in the offering.

Photo by Jim Morton

RED RIGHT. NOW.

An independent university study compared six years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded from \$5 to \$9/cwt. more than females of all other breed types.

Learn more about the value of Red Angus-sired replacement females at
redangus.org.

The Red Angus female is the rancher favorite for replacements that deliver real profitability.

Ranch Tested. Rancher Trusted.

Red Angus
