BUSTER 2009 Dun Gelding Bowie, Texas

Consignor: Stacie Widder
330-260-7738

[CLICK HERE FOR VIDEO](#)

Buster is an 8 year old dun gelding with a thick, dark dorsal stripe, black legs and 4 white socks! This is the easiest keeping horse the owner has ever had. He hasn't eaten a full bag of grain in a year! Just kick him out and he stays fat on practically nothing! If you are looking for a nice, quiet trail mount or something to go check fences, Buster is for you. If you are looking to get somewhere in a hurry, you better buy something different! Buster is happy to ease along at a slow pace. He does have a nice trot and smooth lope, will work when asked, but is happiest walking along the trail or gathering cattle. He has been used around cattle here on the ranch and has been trail rode in the mountains. He is never spooky or looky, he just goes where you point him. Rides the best in an 0-ring snaffle! Buster is very well mannered on the ground. Easy to trim, bathe, load and haul. Buster stands 15.1 hands.

Steady, calm and quiet. Neck reins, backs, sidepass to open gates, takes both leads. Rides bareback with a halter or just a rope around his neck. Safe for anyone, he's a do anything, go anywhere, unflappable, gem of a guy. Rode in the local parade this spring. Crosses logs, water and bridges. Great in rough country or open. Traffic safe, been into town many times. Moved cows, worked a lot of horses in the round pen and ponied colts. Pulls off the horn and you can swing a rope off of him. Durango is easy to mount but stout enough to carry any size person. His owner has hauled home a long, small tree off the side of him bareback....it never rattled his composure. Golden inside and out! Saddle up and ride off any time and be completely safe. His original owner trained him from the ground up, he has always been that way. Great ground manners, he doesn't even need to be tied up when being saddled or having his feet worked on. Hobbles, stump mount, great in trailers and around other horses. No buck or bad habits. Sound. For more video/photos see www.dblkranch.com. This nice gelding stands 14.3 hands.
