LASSLE RANCH SIMMENTALS

ANNUAL BULL SALE

FEBRUARY 14, 2019 // 1:00 PM MST // AT THE RANCH // GLENDIVE, MT

LASSLE RANCH SIMMENTALS

Welcome!

Welcome to our 26th annual bull sale. It is hard to believe how fast the time goes anymore and that it is bull sale season once again. For us though, it is more than a bull sale. We don't take our job as your genetic supplier lightly, and know that we are selling you more than a bull. We are selling you our program with which we have more than 40 years invested in the genetics that make up these bulls. We understand the decisions we make, and the direction of our cowherd are an important factor in not only your short term, but long term success.

We are excited to offer this group of bulls for your appraisal this year. It all starts with the cows behind these bulls. They are proven, and culled for all the convenience traits that don't always show up in an EPD. If you look at the maternal side of these pedigree's, you will see the LRS prefix for many generations, they have stood the test of time.

In our commitment to you, our customer, we are focused on using all the available tools to help make a better and more consistent product. All of the bulls this year again have genomically enhanced EPDS to increase the accuracy of their EPDs and all of the bulls are parent verified with most being verified to both their sire and dam. We continue to submit mature cow weights, body condition scores, and hip heights on all the females in the herd. This data will be valuable as we move forward in this ever changing industry, but the one thing that has not changed however is our commitment to provide high quality, problem free, profit oriented genetics to our customers and the cattle industry.

We always have been and continue to be a family run operation. As Clay used to say, and still is true today - the kids get a few cows and a lot of work. Grace is becoming a pretty good hand and Harper keeps us all on our toes. Scott, Stephanie, Sheyenne, Savannah, and Rhett still live in Hysham while Travis, Alix, and Sawyer live in Billings and we are always able to count on them throughout the year.

We hope that you can be with us in person on February 14th, but understand that other commitments and weather (like last year) can sometimes make that difficult. For this reason, we will again be broadcasting the sale live on superior productions DISH channel 998 and www.superiorlivestock.com. Please find more information on this in the catalog. If you prefer to be on the phone with a representative, please let us know and we will help coordinate that as well. Please check out our website and Facebook page for continued updates not only ahead of the sale, but throughout the year. Videos of the bulls will be posted ahead of the sale on our website as well as Superior Livestock.

In closing, we would like to say thank you for your interest in our program. If you have any questions, please do not hesitate to call. We welcome you to come anytime to view the bulls or the cowherd behind them, the coffee pot is always on. We look forward to seeing you on the 14th.

Erwin, Clay and Marianne Lassle
Ryan, Sarah, Grace and Harper Thorson

We need to thank our family and friends that help throughout the year whenever we call and ask...

Gary Miller, Jim Trangmoe, Lyle Armstrong, Dave Barnick, Alan McRae, and Arvid Corneliusen. Gary Arneson and Vern Entzel for helping get the silage done - we could not get it done without you. Arvid and Melvin for helping take care of fences and helping keep an eye on the cows and calves all summer. Thanks to Vic's Vittles and her crew for the great meals. Joel Fuhrman and Kent Williams from Stockman Bank for helping to clerk the sale. Kristin Aus, Marta Asche, and LaVonne Hoffer for helping in the office sale day. Monte Flaharty & family for the outstanding job raising embryo calves every year. Will Malcolm from Sleeping Giant Genetics for performing our Embryo work. Rod and Marta Asche (Cracker Box Livestock) for being a great partner on some of the bulls in the sale. And last but not least, Emily Brinkman (Generation 6 marketing) for not only the catalog design and layout, but all of our ad's and other marketing efforts.

Thank You!

One of the best 1/2 blood SimAngus prospects to sell anywhere all spring. An innovation out of our 303A donor cow who is also the Dam of LRS Iconic. Iconic sold to Gibbs Farms in Alabama in 2016 and now ranks in the top 1% of the breed for both API and TI. Phenotypically this bull is hard to pick apart as he powerful, yet is smooth, balanced, and really sound. #1 yearling weight bull in the sale. Pedigree, Phenotype, and Genotype, this bull puts it all together to be lot 1. Full Brothers sell as lots: 19, 21, and 116.

The 437B cow does it again with this massive powerhouse Innovation bull. Her first two calves LRS Crown to Krebs Ranch in Nebraska and LRS Fake News to Rick Gross in North Dakota have topped our previous 2 sales. Might be the deepest, soggiest bull in the pens and sure to add extra growth and internal dimension to his offspring. Actual WW of 865 lbs and over 1,400 for YW.

Grace's bull, who she let Harper name, hence this bull's nickname all summer, has been Bananas. I bet she won't let that happen again. This is an outstanding bull and Grace's first calf heifer did a whale of a job with him as he weighed 770 lbs off the cow to ratio 104 and continued on to ratio 108 at yearling. Deep Sided, big footed, really nice patterned bull who has one of the better EPD profiles of all the purebred bulls in the sale. This bull does have a tiny spec of white on his navel. Grace sure is proud of this dude and you will like him too.

50	60	25	10	10	35	2	2	35	10	4	90	30	90	20	25	20	

The first bull to sell in what was an incredible flush of Baltics out of the 361A donor cow who is a direct daughter of the 078X cow that was a sale highlight last year. We unfortunately lost 361A this spring so these will be the only sons we ever get to sell out of her as her first two calves were helpers. The 6 flush sisters to these bulls look awesome and will help carry on her genetics into the future for us. 425F is probably the biggest framed of the 3, but is really attractive, great feet, deep, and stout with a balanced set of EPD's. Full brothers sell as lot 32 and 46.

Heifer bull. An Iconic son out of our 213Z donor who is also the dam of LRS Elevate at Genex and River Creek Farms. This mating really clicked, check out the figures on this bull. Great calving ease, good growth, stayability and scores well on the API index and we believe this bull will work on helpers. Flush brother sells as lot 85.

The leadoff bull of the Altitude sire group. This is the first calf crop of Altitudes we have and continue to be impressed with them. We will probably go back and use him some more. We chose to start with 6018F, but you could about pick any of them to be first. The Altitude x Elevate cross was a home run.

Another Altitude x Elevate. We used the bull after Ryan spent time collecting him while he was at Genex and was impressed with his overall balance and great structural correctness. These Altitudes are sound, good footed cattle with great gentle dispositions. The dams of this bull and lot 12 are flush sisters.

This is Harper's calf named "Winter" out of her first calf heifer "Joy." This heifer really got the job done. As you can see in the picture, this calf is really balanced, structurally sound, and easy on the eyes, but more importantly combines that with a really good set of EPD's. Clay commented one day this might be as good as any Nightride calf we have ever raised. If I said Harper thinks "Winter" is a pretty special bull, it might be an understatement and she might cry come time to deliver him.

This is an interesting bull. He is a maternal brother to LRS Range Boss who we sold to Nelson's in 2013. If anyone remembers Range Boss as a yearling, he was about as wide as he was tall and this bull is built kind of the same way. We finally sold the 901W cow this year at 9 years old. She was the last purebred Angus cow on the place.

90	95	10	4	4	70	60	20	15	60	50	30	60	30	25	45	30	

Heterozygous Black. A big bodied Substance son which is typical of that sire group with plenty of growth. This bull has not given us any issues, but we would caution his disposition.

An Elevate out of a Cedar Ridge cow with the look to leave a nice set of females which his high API would indicate. We calved a large group of the first Elevate daughters this last year and they did a tremendous job.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those

unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

TURN IN BIDS OVER THE PHONE. This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Heifer Bull. When we did the sale order Clay said - your going to end with that bull. I said someone has to be the last pick in the NFL Draft too, but this bull stands a much better chance to make a team. The natural calf out of our 228Z donor cow. Moderate birth, moderate growth, good disposition and ranks well in the indexes out of a time tested proven cow who has calved every year even while being flushed.

CLICK-TO-BID. This is Superior's online bidding program for cattle buying. Please note that high speed internet is required - this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

VIEWING THE AUCTION. The sale will be broadcast via satellite on Dish Network channel 998. Please note that there is a delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on. The sale will also be broadcast live on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com. The video feed on the homepage of www.superiorlivestock.com looks the same as the video feed on TV and can be watched over a smartphone or tablet. Remember you can call in to bid whether watching on the TV or on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid".

Buyers will be contacted by the ranch after the sale for payment and delivery details. IF YOU NEED ANY ASSISTANCE CALL SUPERIOR AT (800) 422-2117.

Terms & Conditions

TERMS AND CONDITIONS

1. Terms of the sale are cash or check at the time of the sale unless other arrangements are made prior to sale.
2. Each animal becomes the property of and therefore is also the risk of the purchaser as soon as it is sold; except it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment or until the expiration of twenty-four hours after the sale, whichever occurs first. We guarantee the cattle to be healthy sale day.
3. We will abide by the rules set forth by the American Simmental Association.
4. As we have no control over the acts of God, we cannot guarantee these cattle against death loss, injury or sickness. We guarantee cattle to be healthy sale day.
5. Every animal selling is guaranteed be free of all known genetic defects at the time of the sale either by know genetic defect free pedigree or by negative DNA test. Lassle Ranch Simmentals is not liable for any genetic defects not recognized by the ASA or such defect that has no available commercial DNA test at the time of the sale.

We will have carcass ultrasound data available sale day – we will also have them on the website when we get the results.

We will keep the website updated with any information we get between the time the catalog goes to print and sale day.
www.lassleranchsimmentals.com

ANNOUNCEMENTS

All announcements and changes made by the auctioneer will take precedence over printed material. Anyone attending the sale attends at their own risk. Lassle Simmentals or any of the sale force will not be responsible for any personal injury or loss for attending the sale.

SIGHT UNSEEN PURCHASES

We guarantee all sight unseen purchases. Call ahead of time and we will go over the offering. You can leave a bid with us or a representative. You will be treated as if you are here. A video of sale cattle is available on www.lassleranchsimmentals.com

DELIVERY

We will offer free delivery within 400 mile radius of Glendive, MT. Other delivery arrangements will be made as economically as possible, based upon the volume of the purchase.

AFTER SALE CARE

\$100.00 off cattle that are taken sale day. Free feed on any bull until the first of April. On the bulls that we winter, we will have them fertility tested and fertility certificates issued. Insurance will be available sale day – we encourage you to insure bulls that we winter.

SEMEN INTEREST

Lassle Ranch Simmentals is selling all bulls in their entirety. Full possession, and 100% semen interest in all bulls will be sold. Lassle Ranch Simmentals does reserve the right to in herd use semen on any bull in the sale, at the cost of collection. Should the need arise for us to collect semen on a bull in your possession, it would be done at our expense and your convenience

FULL PURCHASE VALUE EXTENDED WARRANTY ON SALE BULLS

Every bull selling carries a 100% guarantee extended warranty for one breeding season provided the bull is managed properly and acceptable nutritional physical health. In the event a customer has any problem in with a bull (health, injury or death) prior to or during the bulls first breeding season the customer should immediately contact Lassle Ranch Simmentals to report a claim. A veterinarian's statement of the problem will be required and Lassle Ranch reserves the right to have the bull returned if deemed necessary. A replacement bull of mutually agreed upon quality will be provided if Lassle Ranch has one available. In the event a satisfactory replacement is not available, the customer will be given a full credit (minus salvage value) to be used in a future Lassle Ranch Sale. LRS will not be held responsible under any circumstances for any settlement amount exceeding the purchase price of bull. No one can guarantee that every animal will perform perfectly, but at Lassle Ranch Simmentals we can guarantee that we will make things right if they do not.

TESTICLE MEASUREMENTS

The scrotal circumference of each bull was tape-measured the week before Christmas while clipping the bulls. The scrotal measurement were adjusted to yearling and sometimes will vary one way or another as actual yearlings. We guarantee our bulls 100% for fertility – unless damage is induced at your ranch – and then it's out of our control.

RECOMMENDATIONS FOR SCROTAL CIRCUMFERENCE

MONTHS OF AGE	12-14	15-20	21-30	30+
SCROTAL CM	35	37	39	40 - EXCELLENT
	30-35	31-37	32-39	33-40 - GOOD
	30	31	32	33 - POOR

SUGGESTED GUIDELINES FOR USING YEARLING BULLS

We are firm believers in the use of yearling bulls and feel it is one of the best years of their lives. It is a time when they are easy to manage and their only concern is breeding cows. We have found that yearling bulls that are managed carefully during the second year of their lives, not only do well, but they will perform better over time. Below are some suggested guidelines for the care of yearling bulls.

- Upon deliver to your ranch, keep yearling bulls separate from older bulls and feed them a maintenance ration of 5-8 lbs per head of grain and free choice hay. Reduce the amount of grain fed gradually, so that bulls are on straight hay or grass 2-4 weeks prior to the breeding season.
- Where possible try to limit the bulls and put them in separate pastures with plenty of good quality grass. It is best to achieve the growth and strength to compete with older bulls for feed and space.
- You will see the benefit of a little added cost and care of feeding a yearling bull by probably two or three more years of service from a well managed and healthy bull.

UNDERSTANDING LOT NUMBER COLOR CODES

Notes

Better genetics are being rewarded in marketplaces all over this nation. Choosing great genetics from herds associated with Allied Genetic Resources puts you the position to take advantages of these opportunities and so many more as we look toward the future. The Allied logo stands for quality, it stands for commitment to the future and it means that you can expect the very best in customer services, year after year. There is no room in the future of the beef business for average genetics and no producer should settle for less than profit improvement with each new set of bulls and each new generation.

Once you have made the choice to use genetics backed by the industry leading herds using the Allied logo, take the next step and look to Allied for services. Our growing list of feeder cattle marketing specialists are there to help produce more dollars for loads of calves that deserve them. Our consulting services too are available as you navigate a world with ever more advanced genetic tools for selection and progress. Regardless of your specific needs, when it comes to genetics for the future, we simply offer more. This year our members will market nearly 10,000 commercially focused bulls, all from the 26 states that they call home. The Allied program is backed by a national presence, but is based on a locally produced and serviced product from the very best and most experienced group of independent seedstock producers. Contact any one of our service oriented staff to learn more about the value proposition offered by Allied and the producers that own it. www.alliedgeneticresources.com

MAKE BULL BUYING EASY
