Welcome to the 2019 GDAR Bull Sale

All of us here at Gartner-Denowh would like to welcome you to our 2019 bull sale. We are very excited about the bulls in the sale this year, and we hope you will take the time to look at what we have to offer.

We would like to take this opportunity to thank all of our valued customers and friends who have supported us throughout the years. Without your continued support and faith in our program we wouldn't be in business today.

For the third year we are offering 250 replacement heifers along with the bulls. They are a great set of heifers that will make really nice cows and we encourage you to take a look at them. The bulls look better than ever. We have some exciting new bloodlines to offer this year, and top to bottom this set of bulls is more uniform and stout than ever before.

The bulls have all passed a breeding soundness and fertility exam performed by Dr. Gary Schieber of Sidney, Montana prior to the sale. The bulls were fed a high roughage, moderate gain ration to ensure structural soundness and longevity. As in the past, we have tried to gather as much useful information as possible to help you in your bull buying decision. If you would like any additional data that isn't in the catalog please log onto our website or contact us and we will get it to you.

Please feel free to contact us at any time if you have any questions about the catalog, our cattle, or our program. The bulls and heifers can be inspected any time, just let us know and we will be happy to show you around.

Thank you for your interest in our program, we look forward to seeing you on sale day.

Don't forget our pre-sale supper at 6:00 on Wednesday evening.

Sincerely,

The Denowh's

Turn in Bids Over the Phone

This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid

This is our online bidding platform where you are able to turn in bids by "clicking" on the internet. **Please note that high speed internet is required – this is not for dial-up or satellite internet.** Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for. You will then be able to bid over a traditional computer or tablet (but not a smart phone).

Viewing the Auction

The sale will be broadcast live on the internet at www.superiorclicktobid.com and www.superiorlivestock.com – just go to the home page and select the auction. If you wish to turn in bids over the phone the simplest way to watch the auction is from the homepage of www.superiorlivestock.com – you can even watch the auction on your smart phone or tablet from there. Remember, you can call in to bid over the phone when watching on the internet if you have registered for that service, but you must be a member of www.superiorclicktobid.com to "click-to-bid" online.

Bidders who are successful in making purchases will be contacted by the ranch after the sale to settle payment and make shipping arrangements. IF YOU NEED ANY ASSISTANCE PLEASE CALL SUPERIOR AT (800) 422-2117

Welcome to the Gartner - Denowh Annual Bull Sale

It's bull sale time in Sidney and this one of the really exciting sales each spring. The Denowh family has been breeding quality Angus cattle for decades and few prefixes carry the weight that the GDAR prefix does. Commercial cattlemen and feeders of high quality feeder cattle recognize this program as a dependable seed stock operation that they can count on year after year.

The Denowh family is not one to chase fads. They continue to find what works for them and breed as many of them as possible... "The right kind for their environment". Eastern Montana and Western North Dakota demand a certain type of female...one that can handle the extreme conditions this country has to deal with every year. This means summer or winter. The GDAR female is made for this country.

We hope you can be with us on March 28th, but if you can't we would be glad to assist you in any way possible.

Sincerely,

Ron Frye

250 Replacement Heifers

Straight Out of the GDAR Program

Producing better cows generation after generation has been the goal of the GDAR program for 60 years. GDAR cows are functional, fertile, easy fleshing, moderate framed, feminine, and possess the genetics to produce profit at every stage of the beef industry. This is the chance to put some of these females to work on your operation.

Over half of these heifers are out of GDAR AI sires with the remainder being out of GDAR bulls. All heifers were raised at GDAR, most on the commercial operation, with a few being out of registered cows. They have a similar genetic package to the bulls selling, and all of the maternal excellence GDAR is known for.

All heifers sell as commercials. They will be sorted and lotted by size and will sell in lot order in groups of 5 or more. Approximate weights will be available to estimate load sizes. They can be viewed any time, they are only a few minutes from the ranch, and will be on location for sale day.

\$W = Profit

\$W takes into account the costs and revenues associated with birth weight, weaning weight, maternal milk, and mature cow size, effectively summarizing four of the most economically important traits that impact profitability on a cow-calf operation.

This sale offering averages in the top

10%

of the breed for non-parent bulls.

Thank You

We would like to offer a special thanks to the crew here at GDAR and their families for all of the hard work they put in. The ranch wouldn't run without them.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs). EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-33 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation at www.angus.org.

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k or i50k by partner Zoetis.

COMMITMENT.

Raising quality registered Angus cattle takes commitment. As your genetic supplier, we take that seriously.

That's why we participate in MaternalPlus®. Through MaternalPlus, we devote extra time to tracking maternal traits beyond those normally required, ultimately targeting greater performance and predictability.

The data we choose to gather through this inventory-based program today sets the stage for reproductive and lifetime productivity tools tomorrow — tools to pioneer new ways of selecting the most profitable animals.

Herd improvement starts with smart decisions. A commitment to the female starts with MaternalPlus.

Contact AGI at 816-383-5100 or agi@angus.org for more information.

Preview the GDAR Bull Sale Offering Online

Video of each bull selling will be available online. We think this will be a great way to get a head start on bull evaluation and be a great service for anyone unable to attend the sale.

How to Find the Video

1. Go to <http://www.gdar-angus.com>
2. Click on "Online Video"
3. Click on the link and go directly to the videos

Thanks for Coming

We hope to see you next year.
