### Ford Ranch Cow Herd

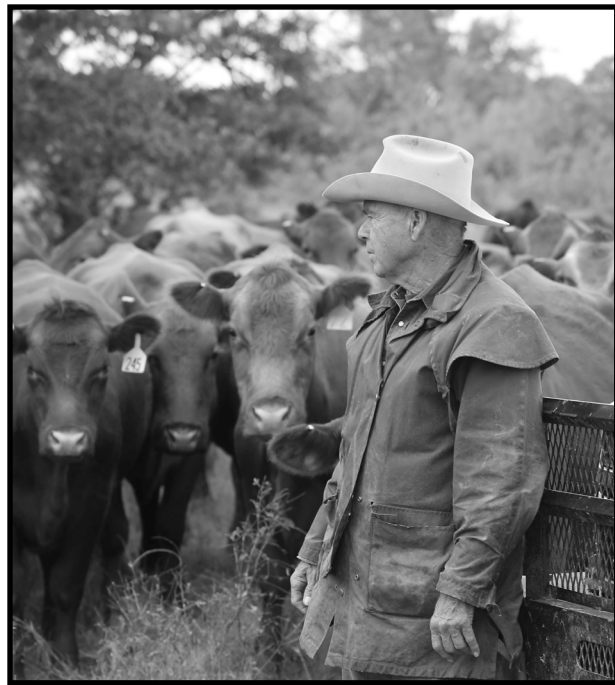

The Ford Ranch cow herd is living proof that disciplined selection applied over time is the recipe to build an efficient cow herd with tremendous environmental adaptability. This herd is the culmination of several years of contracting a hand-picked sort of 200 Red Angus sired heifers from the legendary King Ranch program. Then adding two to four more generations of front-of-the-sale Red Angus sires - selected by Scott Moore and Donnell Brown from the R.A. Brown Ranch Annual October sale. Donnell & Kelli Brown have been on the cutting edge in identifying multiple trait genetics that improve feed efficiency and cow/calf profitability. Ford Ranch's result has been a high percentage Red Angus female that expresses tremendous reproductive efficiency and productivity in one of Texas' harshest environment.

**Steers that earn Buyer loyalty** - Ford Ranch's reputation feeder cattle have been purchased by the same Kansas cattle feeder for each of the last six years, thanks in large part to the ranch's genetic inputs that excel for feed efficiency and carcass merit.

**Fertility that's hard to Match** - The Bellah family in Throckmorton County has purchased the Ford heifers three of the last 5 years to use in their heifer development program. Most recently, the 2018 heifer crop bred up at 57% for synchronized A.I. and then after exposure to R.A. Brown Calving Ease sires had an overall breed-up of 97%. These heifers were marketed through the 2019 R.A. Brown Ranch Annual Fall Bull & Female sale, and were the high selling commercial bred heifers - the 2nd time the Ford Ranch heifers have topped that prestigious event.

**Here's how the Ford Ranch Dispersal Sale will work:**

- 1) Commercial Females are sorted into lots: 1-12, by birth year, breeding status, and color. Note: all females are year branded on their left hip. Additionally, they have been ear tagged with different colored tags that correlate to their year brand/age.
- 2) Each Commercial female lot may be viewed in their respective home pasture prior to the sale. Contact the Ford Ranch if you'd like to arrange to view the sale cattle prior to sale day. However, recent video shot between October 12-28, 2019 are available for viewing at:  
 DV Auction [www.dvauction.com/video\\_catalogs/5011](http://www.dvauction.com/video_catalogs/5011)  
 Or, Superior Livestock Video Auction [www.superiorlivestock.com/onlineVideoCatalog/?contractId=2404](http://www.superiorlivestock.com/onlineVideoCatalog/?contractId=2404)
- 3) For those who cannot attend the sale, internet bidding will also be available through both DV Auction and Superior Livestock. Register for a buyer number with Superior or be approved as a bidder on DV prior to sale day to avoid any delays.
- 4) All Cattle will sell in catalog lot order. Each Lot will be sold in "gate-cut" groups of 10 (some groups may be slighter more or less as required). The successful bidder will have the option to take successive gate cuts of 10. For example if Lot included 100 cows. The winning bidder is required to take 10 head, but has the option to take, 20, 30, 40...until there are no more cattle in that lot. If the bidder takes 20, that means there are 80 head left. The auction starts again, and the next successful bidder may take 10, 20, 30...or any multiple of 10 head up to 80. This process will be repeated until all the cattle in the lot have been sold.
- 5) All cattle must be paid for prior to load out.
- 6) **NO Cattle will be loaded out on sale day.** Due to the size of this sale offering, the reproductive status of the cattle, the acreage of the different pastures involved, and the few miles between the sale location and the ranch we cannot have 700+ head of cattle in direct access to the corrals. Ford Ranch crew will work with each Buyer to schedule delivery dates. Buyers need to know that all cattle will have to be gathered and sorted prior to each load, and that delivery could be impacted by adverse weather, but the Ford Ranch crew will work to make this as easy as possible.
- 7) All cattle sell FOB Ford Ranch, near Brady, Texas. It is each buyer's responsibility to secure trucking arrangements. Ford Ranch will gather and load your trucks for you.
- 8) If you have any questions about how the various age groups of females will be sold, please contact Greg Comstock at GroOp, LLC 804-647-0127, [greg@groopllc.com](mailto:greg@groopllc.com) Or, Scott Moore 361-219-0430, [scott.moore@cushwake.com](mailto:scott.moore@cushwake.com)

## The Ford Ranch Registered Red Angus Bull Battery

We understand that the front-end bulls at the R.A. Brown Ranch bull sale represent unique combinations of traits, and have trusted the Brown family to be diligent in their quest to produce the industry’s most profit-driven genetics for cow/calf producers. Both because of their investment of time and resources in economically relevant traits such as feed efficiency and carcass merit, but perhaps even more for the rigorous culling of bulls for less than desirable body condition, foot structure and disposition. We have worked hard to develop a cow herd that is built to last and easy to handle, and our bull selection has been a big part of that.

## The Ford Ranch Dispersal “Bull Rolls”

We have sorted our herd bulls into groups of similar age, type, and utility; calving ease bulls, spread bulls, balanced trait bulls etc. Ranchers can buy bulls of like type and genetics and turn them out together to maximize calf crop uniformity. The successful bidder can take all of the bulls in each Bull Roll. Every bull we sell has passed a BSE within 30 days of the dispersal date. They have been screened for body condition, soundness and sorted by age. They will sell in groups of 2-3 bulls based on age and utility. Ranchers will have the opportunity to buy registered Red Angus calving young r old Our Herd bulls were all hand selected and We have sorted our herd bulls into groups of similar age, type, and utility; calving ease bulls, spread bulls, balanced trait bulls etc. Ranchers can buy bulls of like type and genetics and turn them out together to maximize calf crop uniformity. The successful bidder can take all of the bulls in each Bull Roll.

This pair of bulls from the R.A. Brown Ranch program excel at improving calf survival - The pair averages in the lowest 9% for birthweight, yet they still rank in the top one-third of the breed for gain and carcass weight. They are truly elite for carcass value ranking in the best 3% of the breed for Marbling.

# Two Options to Bid Online!

**HOW TO PARTICIPATE AS AN ABSENTEE BUYER**

We have made preparations to bid and buy your livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at [www.superiorlivestock.com](http://www.superiorlivestock.com).

**HERE'S HOW IT WORKS**

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to [www.superiorlivestock.com](http://www.superiorlivestock.com) and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at **(817) 378-3380** with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

**Click-To-Bid.** This is Superior's newest way to buy livestock! Please note that high speed internet is required - this is not for dial-up or satellite internet. Registration is free, but you must become a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to sign up. Becoming a member is easy - just go to the homepage of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

**Viewing the Auction.** The sale will be broadcast live on the internet at: [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and [www.superiorlivestock.com](http://www.superiorlivestock.com) - just go to the home page and select the auction. Remember, you can call in to bid over the phone when watching on the internet if you have registered for that service, but you must be a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to "click-to-bid" and bid online. Your computer must have Flash Media Player installed to view the auction.

Bidders who are successful in making purchases will be contacted by Superior Productions after the sale to settle payment and discover your shipping plans.

# Complete Dispersal - FORD RANCH

November 12, 2019 • 12:00 noon

Cattle will be on Display at Ford Ranch

Sale will be held at Jacoby's Cafe: 101 North Main Street, Melvin, TX 76858  
(325) 286-4242

## Sale Terms & Conditions:

- 1) All announcements from the auction block will take precedence over this and all other printed material.
- 2) Terms of the sale are cash, your good check or bank wire. Payment must be received by Ford Ranch Prior to cattle being moved from the property.
- 3) This is a complete dispersal, and all cattle sell as is. Every effort has and will be made to disclose any known defects. All cattle have been preg-checked, mouthed, and evaluated for soundness by a third party and any comments about animals in this catalog reflect the findings of those third-party professionals. Females were videoed on Oct 12th and Bulls were videoed on Oct 28th, 2019.
- 4) If you cannot attend the sale, online videos of the sale cattle as well as bidding will be available through DV Auction and Superior Livestock' "Click-2-Bid". Important: If you are interested in bidding via either of these options make sure you register prior to sale day. To view video of the cattle selling use one of these two links:
  - **DV Auction:** [www.dvauction.com/video\\_catalogs/3542](http://www.dvauction.com/video_catalogs/3542).
  - **Superior Livestock Video Auction:** [www.superiorlivestock.com/production-event-detail?id=2063](http://www.superiorlivestock.com/production-event-detail?id=2063)
- 5) Please read the Load Out information under "How the Ford Ranch Dispersal will Work" on page 3. Due to the number of cattle selling, and the expansive nature of the Ford Ranch cattle will need to be gathered and sorted prior to load out, so female buyers will need to arrange delivery dates following making payments for their animals.
- 6) **No cattle will be loaded on sale day.** Delivery needs to be scheduled by each buyer since cattle have to be gathered sorted and brought to the pens for load out. The Ford Ranch would like all the cattle to be gone by end of the week of November 18-22nd.
- 7) All cattle sell FOB - Ford Ranch, near Brady, Texas. It will be each buyers' responsibility to arrange and pay for trucking for their purchases.
- 8) The cattle may be viewed prior to the sale. Please contact the Ranch office if you'd like to arrange to view the sale cattle prior to sale day.
- 9) Cattle will sell in catalog order.
- 10) If you have any questions about how the groups of females will be sold, please contact Greg Comstock at GroOp, LLC 804-647-0127, [greg@groopllc.com](mailto:greg@groopllc.com).

**That concludes the Cattle Auction**

**Thank you for your interest in this Final Chapter  
of the historic Ford Ranch.**
