5 DERKS BROTHERS RANCH

28 Head Home raised AI Bred Heifers
to calve February 12, 2020 (Red Tags 351-378)

Roger Derks has been a long time consignor and customer in our program. These heifers are home raised and AI bred primarily to DIAMOND CAVALRY 4243, the high selling bull in last year's bull sale to Hinman Angus. The Derks Brothers have built their program on cattle that take care of themselves, calve easy and bring in a heavy calf in the fall. Their AI program and careful replacement selection spans over three decades. These heifers will have a positive impact on any commercial cattleman's program.

8 BAKER RANCH

150 Head 2 Year Old Cows

A really nice, solid set of young cows planned specifically for this offering. They were calved at Diamond Dot and are natural service bred to the RECHARGE bulls that sell as Lots 343 through Lot 349 in the 2 Year Old Bull Offering. These cows all had calves, are on the Scourbos program and are freeze branded with 700 number IDs. These young cows originate from our long-time customer, the Baker Ranch of Jordan, MT. The Bakers have purchased their bulls from our family for 50 years and have a reputation for producing one of the best and most consistent set of calves in the harsh Eastern Montana environment. Their commitment to their program and their outstanding cattle are evident each year as their calves top the July Northern Video Sale. These young cows sell by their respective group, lowest freeze brand numbers first.
