Our family would like to invite you, your family and friends to our 47th Annual Bull and Female sale Monday Jan. 20, 2020. With the select and choice spread in the beef market at higher levels it just makes sense to raise higher marbled cattle. This year's entire sale bull crop set at the top 15 % of the Hereford breed in marbling ability. We have worked at this slowly as we feel that marbling and fleshing ability are antagonistic. Balancing the two are essential to maintaining a practical and profitable cowherd.

What a demanding year 2019 was. A miserably cold February, March and wet April for calving. Throw in flooding and a couple spring blizzards to round out the spring. An abundance of moisture through the summer, to grow plenty of grass, and surprisingly; our calves were a little heavier this fall than 2018. Our cowherd is in great shape for winter. With all the changes in the cattle market one thing is certain and more important than ever- high quality feeder cattle are worth more. With inputs continually rising, fast growing, feed efficient feeder cattle and replacement females are key. We feel that our type of easy fleshing, growthy Hereford cattle will add efficiency to most any cow herd. Our cow herd is managed without special treatment. We maintain our cow herd exactly as any good commercial operation — as inexpensively as possible. Our cows graze with no supplement nine months a year and calves receive no creep feed. As you look through the catalog, you may notice subtle differences in the bulls, but from top to bottom, they all have certain things in common: efficient mother cows with good, trouble free udders; thickness over the back; big hindquarters; balanced EPDs; long, strong backs; straight sound legs; Hereford libido; eye appeal; deep ribbed; good hair; good fertility and unconditionally guaranteed. This is a very powerful set of bulls. The quality runs deep through the entire offering. If you need heifer bulls, you will find 50-60 heifer bull prospects in this year's offering. We offer free delivery with a bull purchase of \$5,000 or \$100 off your bull if you haul them yourself. We offer delivery on the heifer calves at cost. In approximately two weeks, you will receive a fact sheet with the offerings' final weight, pelvic measurements and scrotal circumferences. Ultrasound data on the bull calves will be available in early January. We will post it to the website and will be available sale day. We will retain a quarter semen interest in all sale bulls. Cattle will sell in catalog order.

The Van Newkirk Family Joe, Cyndi, Kolby & Meg, Barrett, Sloan, Nick & Celina, Sara & Matt Cover

WATCH AND BID ON SUPERIORLIVESTOCK.COM OR DISH CHANNEL 997

VIEWING. The sale will be broadcast via satellite on Dish Network channel 997. Please note that there is a delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on. The sale will also be broadcast live on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com.

BIDDING. Bidding over the phone is the suggested process for anyone who does not have consistent, high-speed internet. SuperiorClickToBid.com is the online bidding platform and high-speed internet is required. Registration is free - go to SuperiorClickToBid.com and follow the outlined steps to get started. We advise you to pre-register with Superior a few days prior to the sale.

For assistance, call Superior Livestock at 800-422-2117.

TERMS AND CONDITIONS. Van Newkirk Herefords offers an unconditional guarantee. Satisfied, repeat customers are important to us. We feel that we own these bulls through the first breeding season, so if you have a problem, call us. We also retain 1/4 semen interest in each sale bull. All animals, of breeding age, are guaranteed breeders. Animals failing to breed after a trial of six-months may be returned to us.

Terms of the sale, cash. All settlements must be made at close of sale or arrangements made with Van Newkirks. Any dispute as to the bids or bidders will be settled by the auctioneer, whose decision shall be final. Extreme caution has been taken in copying each pedigree to avoid errors, but we are not to be held responsible for any error which might appear and which is beyond our control.

The Bulls

WHAT SETS VAN NEWKIRK CATTLE APART?

LENGTH: Bottom line, you sell by the pound. The extra length of Van Newkirk bulls adds serious pounds and profits to your calves.

LONGEVITY: Structural correctness and easy fleshing ability have been bred into Van Newkirk bulls since 1947. Van Newkirk bulls are working from south Texas to Canada, Virginia to California. Their easy fleshing ability and structural correctness allows them to perform well in any environment.

BULLET-PROOF TWO YEAR OLDS: Van Newkirk two-year old bulls are ready to go to work and breed a lot of cows in any environment. They hold up really well and don't require any special treatment, because they weren't overfed as yearlings.

THE COWHERD: Van Newkirk bulls breed predictability. They breed strong because of our 70+ years of using top-quality genetics. Not one hit wonders. These bulls are raised by their own mothers in realistic conditions. We have never sold off our top females. Our cows are some of the best in the breed.

DECODING OUR NUMBERS

- Act. BW** — Actual birth weight
- Adj. WW** — Adjusted 205-day weight
- Adj. YW** — Adjusted 365-day weight
- Dam #hd/wwr** — Dam's number of progeny with weaning weight information/average weaning weight ratio on those progeny
- Dam #hd/ywr** — Dam's number of progeny with yearling weight information/average yearling weight ratio on those progeny
- Rib Fat** — Adjusted back fat measurement
- REA** — Adjusted ribeye measurement
- MARB%** — Adjusted MARB% measurement

Here's an easy to look at Rendition son to finish the 2-year olds. He's fully pigmented, deep made and extra thick over his top and down his hind leg. Dam and Grand Dam is an AHA Dam of Distinction.

LOT 163

Yearling Bulls This elite group of bull calves represents our latest and freshest genetics. Many of these calves could be used on heifers. We think you'll appreciate their length, thickness, and performance. They will not be highly fitted, but should weigh 900-1,000 lb. by sale day. Ultrasound data will be available on Facebook and our website in early January as well as sale day. These pictures were taken in November; you may want to check out their individual videos at www.VanNewkirkHerefords.com.

LOT 227

the Heifers

INDUSTRY LEADING MATERNAL GENETICS

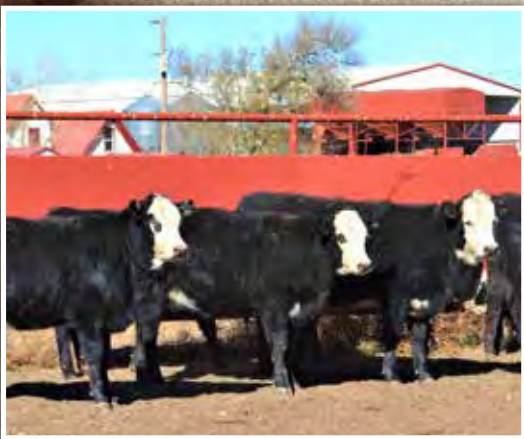

61 DAMS OF DISTINCTION

- Longevity & Efficiency
- Top 4% of the Breed for Milk & Growth
- Quiet Disposition
- Unmatched Uniformity
- Easy Fleshing
- Great Udders
- Naturally Thick
- Moderate Birth Weights

100 Commercial Hereford Heifers

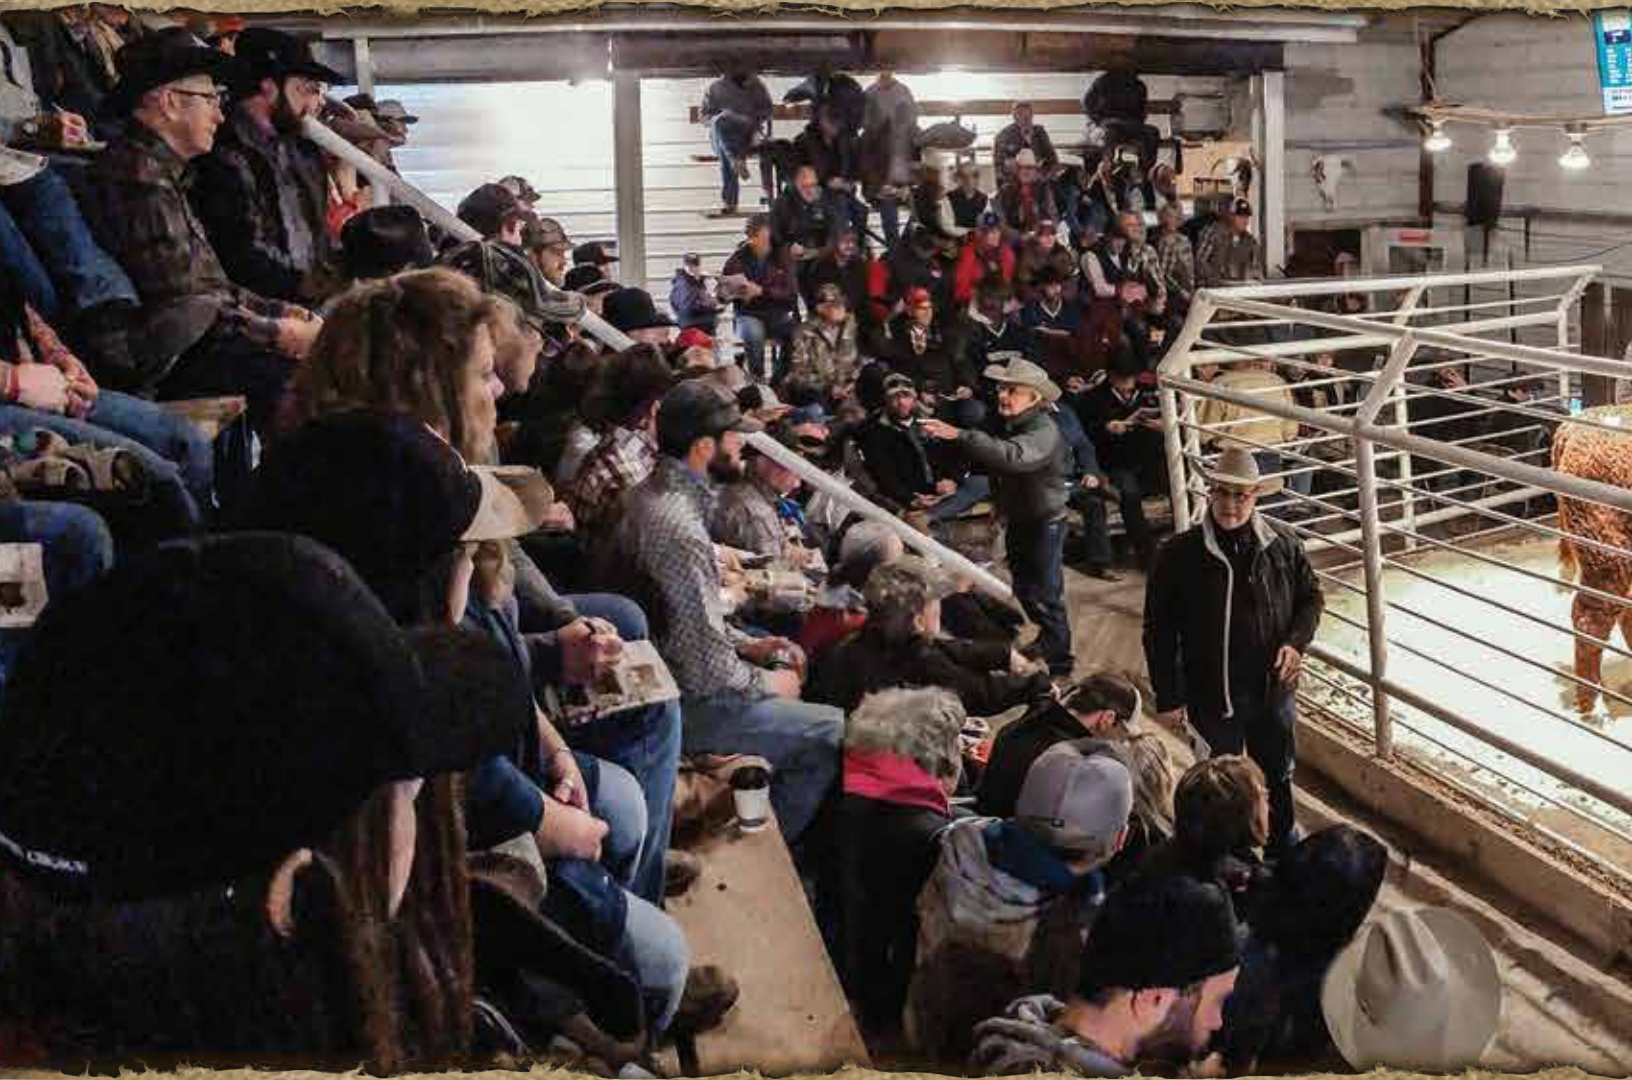

This is an outstanding set of heifer calves right off our replacements. You'll find them extremely deep bodied, easy fleshing, with consistent quality throughout. They will make top notch mother cows. They have had all of their vaccinations, poured with Ivermectin, as well as their Bangs shot. They will be sold in lots of 10 or more — gate cut. We will pay for half of the freight for groups (multiple buyers) of 40 or more to one central destination.

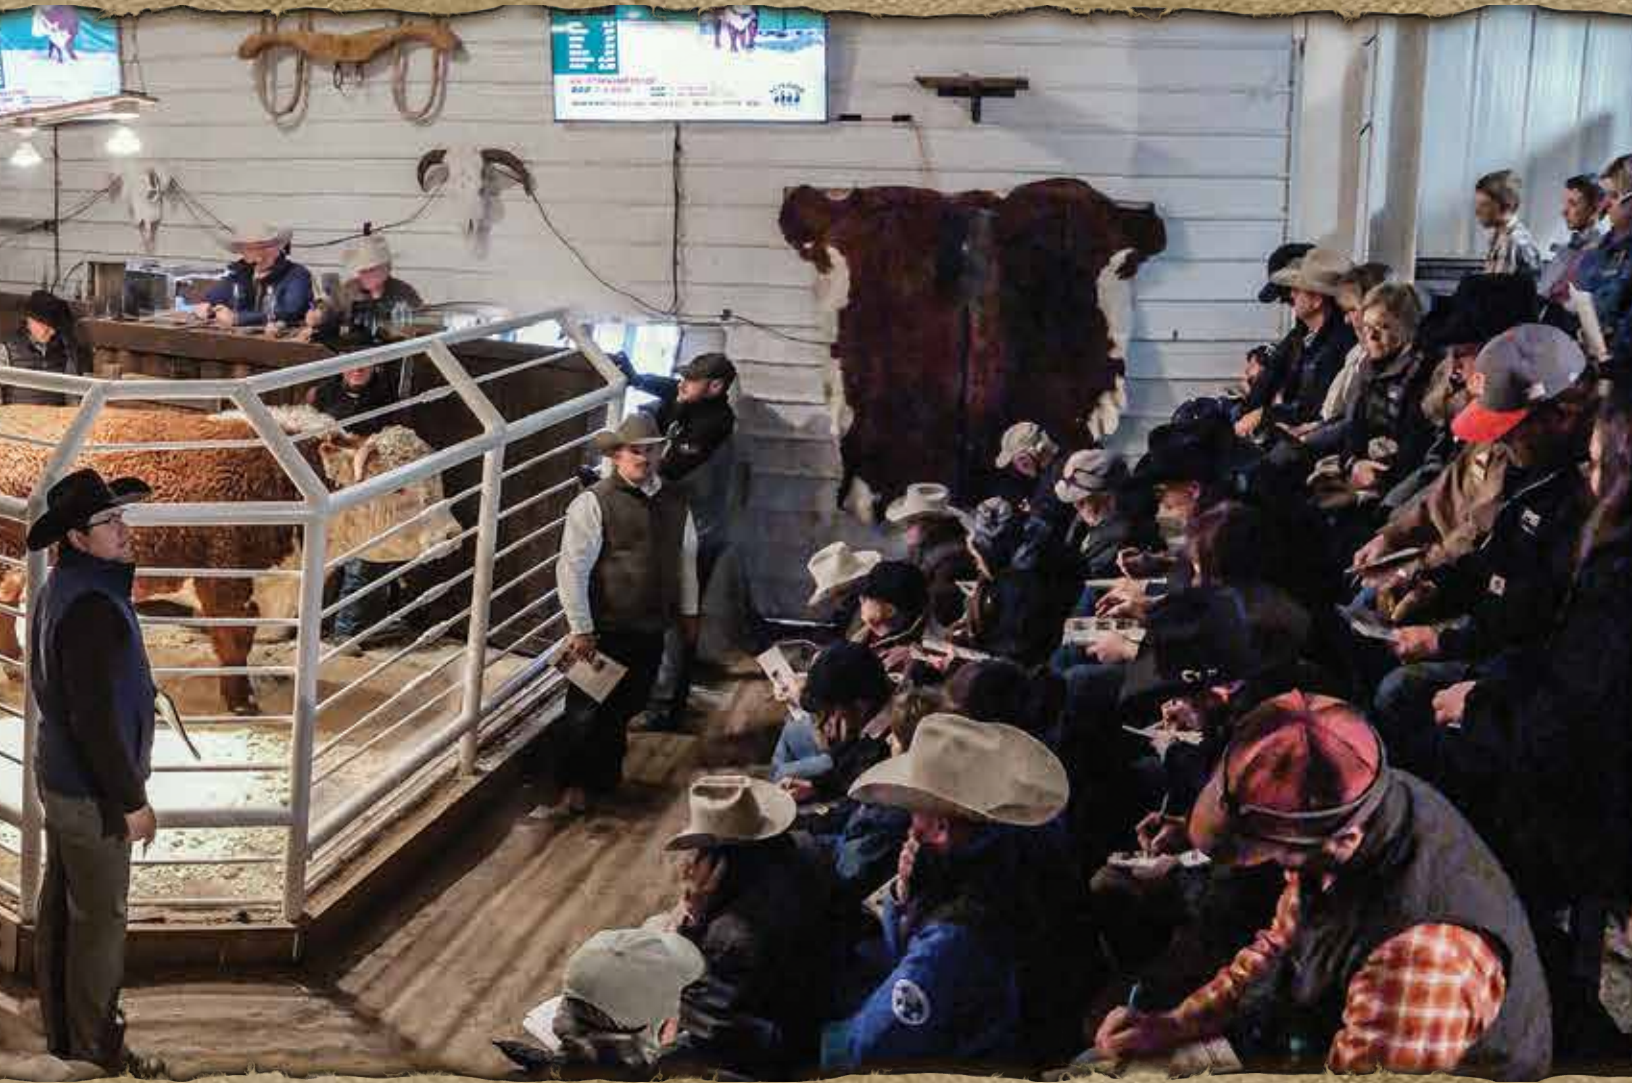

120 Fancy F1 Baldie Heifers

Offering 120 one iron F1 Baldie heifer calves sired exclusively by Van Newkirk bulls. Heifers should weigh 800-850 lb. by January 20. These heifers have had 3 rounds of Pyramid 5 plus Presponse, 7Way, and Sommnus. They are Bangs vaccinated and age branded. In past years they've sold to Nebraska, Georgia, New Mexico and have bred up extremely well. Selling in two load lots of 60, loaded on buyers truck near Amarillo, Texas.
