

* Wulf Cattle Opportunity Sale 4/9/2020 – UPDATE *

The well-being of our friends, customers and team is something that we do not take lightly. In response to the CDC recommendations regarding COVID-19, we feel the need to ensure the safety of all of the people that make our business operate. Therefore, the decision has been made to change our sale format to "Video Only" (no live crowd), which will limit any potential exposure. The seminar scheduled for April 8th, the evening before, is cancelled. Implementing this format will allow the sale to carry on and give our valued producers and customers the opportunity to obtain the genetics needed to carry on "business as usual".

Our sale will be broadcast live on both Superior Livestock and DV Auction. It will be conducted with a live auctioneer with bidding available in "Click to Bid" and "Call In" options (bid registration information on page 83 in the catalog). There will also be representatives available to take your calls during the sale or to take orders prior to the event.

At this time, we are not accepting visitors to Sandy Ridge Ranch to walk through the offering. There are high quality videos of each lot posted at the websites listed below. As always, your selections will be guaranteed to meet your expectations upon delivery. Delivery will be coordinated following the sale.

We are truly disappointed that we will not get to have our yearly "get together" to catch up with our friends and valued customers. However, we know that by taking this approach, we will not take a chance of negatively affecting the lives of people we care about. Please join us online or by phone on April 9th.
