Complete Dispersion of the Kansas Unit

September 6-7, 2020
At the Ranch — Emporia, KS
I would like to welcome you to the dispersion of the Badger Creek Cattle Company Kansas unit. Countless miles were traveled in the beginning stages after Tim and Lucinda Spivey purchased the ranch and transitioned the program from Eby Ranch to the existing Badger Creek Cattle Company.

Key transactions that drove the program forward would include the purchase of the entire Boss Cattle Company cow herd, as well as White Star Cattle Company and a large selection from Duff Cattle Company. My philosophy when breeding cattle has always been focused on the sustainability and function of the cowherd first. We have taken great pride in acquiring herd sires of significant impact within the Angus and Simmental breeds, and using those sires exclusively within our program, with very little outside sire selection used in our AI and ET program. Individuals such as KR Casino 6243, J&J Weigh Up 294, Duff Carry On 252, Duff Napoleon 232, Wiwa Creek Rush Lake 71'12, BPS Structure 308A, EBY Lock N Load 463B, and ACW Ironhide 395Y have left a lasting impression on this cowherd and we are confident they will continue to make an impact moving forward.

After the loss of several grass leases the difficult decision was made to offer up the entire herd, including all of the donors, pairs, fall bred females, breeding age bulls, and herd sire battery for your appraisal on Labor Day weekend. Although we are selling the entire herd in Kansas, we cannot emphasize enough that Badger Creek is not exiting the cattle business. Tim and Lucinda have been excellent to work with in building the foundation of the herd and we will continue in the cattle business with the Illinois Unit that consists of approximately 400 mature cows.

You will notice while flipping through the pages of the sale book that there are several daughters and granddaughters of famous cows such as Shadybrook Ever Entense 491G, OCC Juanada 927K, Limestone Vale Bar W980, Rose of Peak Dot 643T, OCC Juanada 734P, JM BF H25, and Miss Knockout 74T. We have always had the mindset that the cowherd needs to work for us, we have selected and mated many of these females with the following priorities in mind; foot and udder quality, fleshing ease, forage efficiency, fertility, and eye appeal. As a culmination of our efforts we felt it was only right to open the gates and offer them all.

I invite you to the ranch to view the offering at your convenience prior to the sale. The sale cattle will be penned and on display the week prior to the sale. The two day sale will be a video auction that begins at 1:00 PM on Sunday, with a dinner and hospitality to follow. We will resume the sale on Monday at 10:00 AM. The sale will be broadcasted in real time by Superior Livestock. If you have any questions about the offering, please feel free to reach out to myself or any of the authorized sale staff. We look forward to seeing you all on Labor Day weekend.

Best regards,

[Signature]
It is with great enthusiasm and excitement that we welcome you to one of the largest and most dynamic Registered Angus and SimGenetic offerings of the Fall 2020 sale season. Tim and Lucinda Spivey have built one of the most maternally focused, problem-free, no-nonsense cowherds in America with the guidance and direction of Clint Woodrow. The Spivey family's roots are in the farming and ranching industry and they have an unwavering passion for production agriculture. The difficult decision was made to disperse the entire Kansas Unit that makes up Badger Creek Cattle Company after the unforeseen loss of lease ground which previously allowed for rapid growth, expansion, and genetic improvement to be made.

In the beginning stages of Badger Creek embryo transfer production was utilized to multiply successful lines to rapidly advance the program. Since then embryo transfer has been limited in order to better test the countless full sisters and daughters of key donors. This breeding model has come to fruition and the results are nothing short of impressive! During the tenure of Badger Creek Cattle Company, previously Eby Ranch, Clint Woodrow is responsible for acquiring, breeding, and marketing some of the most sought after maternal lines in the Angus and Simmental breed. The backbone of the cow herd has been built around key breeding pieces that have been hand selected. On no other occasion other than a dispersal sale would females and herd sires of this caliber be available for your appraised valuation.

Individuals that have made substantial impacts on the industry would include KR Casino 6243, J&J Weigh Up 294, Soo Line Vale Bar 2037, and many many more that will all sell Labor Day weekend. Cow family representation from the most distinguished lines in the industry will include members of the following cow families: OCC Juanada 927K, OCC Juanada 734P, Shadybrook Ever Entense 491G, Sitz Blackcap X12, B/C Miss Elba 5081, HGR Miss Georgia 423, 4WA Mayflower 532, MVF Hi Lite 27X, Lady of Peak Dot 818T, SB Peg 234, Eby Bonnie 2162, LaGrand Lucy 0065, HF Echo 206Y, Rose of Peak Dot 643T, PRS Look of H25 W264, B-C Lookin Sharp 7002E, JF Reba 5302R, GVC Blackstar, BHPF Miss Knockout X071, and MTTR Miss Bella 42Y.

The ranch is positioned at the Eastern edge of the flint hills and offers a breath-taking landscape that is saturated with big bodied, productive, strong Angus and SimAngus cows roaming the pastures. If you have never had the opportunity to set foot on the Badger Creek Ranch, there won’t ever be a better time than Labor Day weekend 2020, as we prepare for one of the largest Registered offerings to cross the auction block this fall. It has been an honor and privilege to work hand in hand with the staff at Badger Creek Cattle Company and The Angus Hall of Fame in preparing for this event. A broadcast will be provided by Superior Livestock Click to Bid in the event that you are unable to attend the sale. We will begin the auction Sunday afternoon with the fall calving females at approximately 1 PM and resume Monday morning at 10 AM with the Herd Sires, Donors, and Spring Calving units. If you have questions about the offering, please reach out to any of the listed representatives to discuss the cattle. Opportunity awaits on September 6 and 7 in Emporia, Kansas... we will see you there!

Enjoy the offering,

[Signature]

On behalf of the American Angus Hall of Fame, it is an honor to have the opportunity to work with the Badger Creek Cattle Company on the largest dispersal sale in 2020. The Badger Creek program has developed one of the largest sets of genetics in Kansas and has decided to disperse this unit of 1,300 head of cattle. Their philosophy has been basic and simple as they have stayed focused over the course of time to build cattle with eye appeal and fleshing ability with dimension and structure second to none—the kind that cattlemen desire and admire. These cattle are also backed by some of the very best genetics in our business and the very best AI sire in our industry.

As you flip through this book, you will find an assortment of Angus, Simmental, and Sim-Angus genetics that have all the basic concepts that seedstock and commercial cattlemen look for. Leading off the catalog will be one of the most popular sires in the Angus business, KR Casino, a past many-time champion including being named the Grand Champion Bull at the American Royal, Kansas and Nebraska State Fairs and Res. Grand Champion at the North American, along with many more show wins; this is a special opportunity to acquire a great sire that has lots of demand still. Moreover, the second bull in this book, J&J Weigh Up 294, is as consistent of a producer as you can find. If you like easy-fleshing, stout-made, sound-structured cattle in the right kind of package, you will want to take a look at this featured sire that is in high demand for semen within our industry.

The entire Kansas unit of cattle is selling. Every donor, every pair, and every calf will sell. Only in a dispersal do you have the opportunity to buy genetics like this. Not every day does a program sell absolute everything they own. One key note on this sale: The average age of the cow herd is still very young, there are not very many older genetics in this sale so the ability to buy a great set of young cattle is quite an opportunity.

We want to thank you for taking the time to study this book and look through their program. If you have any questions, please feel free to contact the ranch or the sale management firm and we would be happy to assist you in any way. We plan on seeing you Labor Day weekend in Emporia, Kansas.

Sincerely,
LOCATION
The Badger Creek Cattle Company Sale Facility
1668 Road 235 Emporia, KS
From I-35, take Burlingame Road, exit 131. Go north on Burlingame Road 6 miles to Road 230, there will be a Badger Creek Sign on the right. Turn right on Road 230 and follow signs to Badger Creek.

LIABILITY
All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firms, and the sale staff assume no liability for property loss or any accident that may occur.

TERMS & CONDITIONS
Cattle will sell under the standard Terms & Conditions as recommended by the American Angus Association and American Simmental Association. All sales are final, and the cattle will become the property of the buyer when the auctioneer says “SOLD.”
PAYMENT
U.S. Currency only, please contact Badger Creek Cattle Company immediately after the conclusion of the sale to receive payment instructions. Purchases must be paid on the announced exchange rate, which will be announced the day of the sale. All sales are final, and payment is to be made in cash or check. Checks to be made out to: Badger Creek Cattle Company

INTERNATIONAL PURCHASES
All costs associated with exporting and delivery of cattle purchased will be the responsibility of the buyer. Cattle will be processed and shipped once payment is received in full. Badger Creek Cattle Company will be willing to assist in coordinating.

REGISTRATION PAPERS
All cattle selling with registration papers from their respective breed association will be transferred to the buyer once full payment has been received. Any cattle that are pending registration papers due to DNA testing, AI certificate, or other reason will be identified in the supplement sheet on sale day.

YARDAGE
Cattle left past September 15, 2020 will incur a yardage cost of $5/head per day. Please contact Badger Creek Cattle Company after the sale if you need assistance in scheduling trucking.

TRUCKING
Henry Stockdale – (931) 381-9694
Dick Coleman – (765) 461-0954

SUPPLEMENTAL INFORMATION
All announcements from the auction block take precedence over information printed in this book. A supplement sheet with updated information will be provided on sale day. All flush records on donors selling will be available the week of the sale.

LIVESTOCK MORTALITY INSURANCE
James Bessler (815) 762-2641 will be available on sale day to properly insure your investments.

HERD HEALTH
All cattle are up to date on their vaccinations.
Scott Gordon – (620) 342-6515

ONLINE BIDDING & BROADCASTING
Online broadcasts and bidding will be available through Superior Livestock Productions. Please see page 67 or the inside back cover for instructions on how to log on.

Breeding Status

All females that were pregnancy checked prior to the completion of the sale catalog have estimated due dates. All females were pregnancy checked by Dr. Clay Breiner. Likely Safe AI means just that based on pregnancy check. All pasture exposure dates, and AI dates are listed under each individual. All females that were run in multi-sire pastures will need to have their calves DNA tested in order to be registered. DNA on all PE Sires has been submitted to their respective breed association. All costs associated with DNA parent verification will be the responsibility of the buyer.

If an estimated due date is not listed in the catalog, please reference the supplement sheet for more detailed information. All supplemental information available the week of the sale will take precedence over the printed catalog.

Casino 6243

KR Casino 6243

2017 American Royal ROV Grand Champion Angus Bull

2017 NAILE ROV Reserve Grand Champion Angus Bull

2017 American Royal ROV Grand Champion Angus Bull

complete dispersion of the Kansas unit
KR Casino 6243 was the talk of the National Western Stock Show in 2017 when he was debuted in the Krebs Ranch pen in “The Yards.” Casino topped the 2017 Krebs Ranch Bull sale at $49,500 to Badger Creek Cattle Company and the rest is history. Casino is without a doubt one of the most phenotypically appealing Angus bulls to hit the industry and there is no doubt that he has made his mark. In 2017 Casino was the ROV Grand Champion Angus Bull at the American Royal and the ROV Reserve Grand Champion Angus Bull at the NAILE. Casino was recognized as the 2017 ROV Show Bull of the Year by the American Angus Association. His presence, stoutness, genuine base width, and accuracy of stride is what set him apart as one of the most unique Angus bulls in the business. While Casino is decorated in the show ring, his true achievement comes in the form of his sale topping and award-winning progeny. Casino has experienced use within the top Angus and SimAngus programs in North America. In the fall of 2019, Seldom Rest Casandra 9060, commanded $80,000 for ½ Interest in The Angus Connection sale. The impressive $160,000 total valuation March Heifer calf is owned by Kathryn Coleman of Modesto, California. 9060 was selected as the 2019 NAILE Reserve Spring Heifer Calf Champion. In the same sale, Seldom Rest Sandy 9070 sold for $25,000 to Alyson Friesen of Arnett, Oklahoma. At Udell Cattle Company’s “The Advantage” Sale, UDE Queen Ruth 9088 sold to Millie Lashmett, of Winchester Illinois for $13,000. 9088 went on to be selected as the 2020 NWSS Late Winter Heifer Calf Champion. Casino semen has commanded upwards of $250 per unit in the 14th Annual Embryos On Snow sale in January of 2020 and continues to be in high demand. Casino is the service sire for countless females within the offering and was the natural pasture exposure sire for an outstanding set of Angus donors and young females that will be highlighted throughout the sale catalog. Unlimited potential and semen selling capabilities will sell on Monday, September 7th in Emporia, Kansas. Here is your opportunity to own 2/3 Semen Interest and Full Possession in the great KR Casino 6243!

Unlimited potential and semen selling capabilities will sell on Monday, September 7th in Emporia, Kansas. Here is your opportunity to own 2/3 Semen Interest and Full Possession in the great KR Casino 6243!

Offering 2/3 Semen Interest and Full Possession
1/3 Semen Interest Retained by Krebs Ranch of Gordon, NE
J&J Weigh Up 294 is without a doubt a true feature within the powerful herd sire battery at Badger Creek. Weigh Up 294 is a leader in semen sales at ST Genetics and continues to sire cattle with real world functionality, performance, and dimension. Weigh Up 294 is a bigger statured, stockman’s kind of bull with a breed changer look. He is the most impressive Weigh Up son we have encountered with outstanding foot shape and circumference, a sweet front end and a hip and hind leg that’s hard-to-find in an Angus bull. His progeny has commanded the attention of several respected breeders, consistently siring a soft rib and extra thickness on a sound skeleton. 294 ranks among the top 4% WW, top 10% YW, top 15% RADG, top 15% YH, top 15% SC, top 20% Doc, top 15% MW, top 10% MH, top 15% CW, top 20% Marb, top 3% $W, top 15% $F, top 25% $G, top 15% $B, and top 15% $C. If you want a different kind of Angus bull with extra body mass and power while staying in bounds for calving ease, look no further than Weigh Up 294!

Offering 2/3 Semen Interest and Full Possession
1/3 Semen Interest Retained by JK Angus of Montorse, SD
B/C Blair Badger 5023 has evolved as a true standout calving ease and maternal sire at Badger Creek that is owned with ABS Global, Inc. Badger offers a strong influence of OCC genetics from the most proven and predictable cow families within the Angus breed. Badger's maternal granddam is the legendary OCC Juanada 927K, a famed donor in the Duff Cattle Company Power Plus program of Hobart, Oklahoma. Dam is a powerful maternal sister to Duff Stimulus, Carry On and Wrangler and was the featured Lot 1 female in the 2014 Duff Power Plus Female Sale.

Badger ranks among the top 15% RADG, top 10% Claw, top 25% $EN, top 3% RE, and top 25% $F. Badger is a true phenotype standout that embodies the maternal fundamentals of fleshing ability, udder quality, longevity, and durability that have been priorities in the Badger Creek breeding program. Badger is safe for use on virgin heifers and we are confident will leave behind a string of highly productive, efficient, low-input daughters to carry on the 927K legacy.

Offering 1/3 Semen Interest and Full Possession
1/3 Semen Interest Retained by ABS Global, Inc. of DeForest, WI
1/3 Semen Interest Retained by Blairs.Ag Cattle Company of Lanigan, SK, Canada

B/C High Standard 8575 is a calving ease prospect from the impressive 4WA Mayflower 532 donor dam. High Standard is sired by the great GCC Gold Standard X615, arguably one of the most consistent and reliable calving ease sires that will not sacrifice volume, fleshing ability, and look. The influence of GCC Total Recall 806T also offers superior maternal strength that will enhance fleshing ability, fertility, and overall functionality of your cowherd. A young herd sire prospect that has been used with the utmost confidence in the Badger Creek program.

B/C Casino 8300 is one of the great sons of the popular 2017 ROV Show Bull of the Year, KR Casino 6243. There is no doubt that 8300 is backed by maternal strength top and bottom side of his lineage. His dam is the impressive Soo Line Vale Bar 2037, undoubtedly one of the true power cows in the program. The paternal granddam of 8300 is the late Malsons Savannah 27Y, a powerful Angus female that is from the famed Savannah cow family. During her tenure at Krebs Ranch and Kearns Cattle Company, 27Y is responsible for countless individuals of influence and high sellers between the two programs besides the great KR Casino 6243. 8300 ranks top 25% DMI, while offering a balanced and maternal pedigree to back his power and substance.

B/C Carry On 7460 is a direct son of the late Duff Carry On 252, one of the most phenotypically appealing herd bulls to ever grace the pastures at Badger Creek Cattle Company. Body shape, depth, and overall volume of muscle is what set Carry On into a league of his own. 7460 takes the power and three-dimensional shape that Carry On is so widely noted for to the next level. The dam of 7460 is the featured Soo Line Vale Bar 2037 matriarch that will be a highlighted attraction on Labor Day weekend in Emporia, Kansas. 2037 is responsible for countless females that have been put back into the program. 7460 is a maternal brother to 8300 and 7453, two natural service sires that covered cows at Badger Creek this summer.

B/C Prosperity 7453 is another natural service sire that is backed by the featured and impressive Soo Line Vale Bar 2307 matriarch. 7453 is sired by SAV Prosperity 9131, a bull that has surfaced as a dominant pathfinder sire through actual data by producing daughters that work in a wide variety of environmental conditions. 7453 is the performance specialist from the 2037 donor that will add stoutness, shape, and real-world performance to any program.

B/C Kodiak 8006 is a full brother to the featured Angus donor dam, Soo Line Vale Bar 2307. The dam of Kodiak 8006 is the great Limestone Vale Bar W980 that is one of the great heifer calf pairs to sell in the historic Soo Line dispersal sale. 2037 and her dam, W980 were featured females in the Boss Cattle Company program before they both made their way to Emporia, Kansas. W980 and 2037 will both sell, and Kodiak 8006 is a great option for any program that is looking for a sire that is backed by generations of maternal excellence and phenotypic quality. Pay attention to the potential here!

B/C Effective 8477 is a true calving ease specialist that has been used as the natural service sire on a sensational set of Angus and Simmental virgin heifers. Daughters of KR Casino 6243, J&J Weigh Up 294, Duff Napoleon 232, and HILB Oracle C033R will sell safe to the service of 8477. Effective 8477 traces to the SAV Brilliance 8077 daughter of HF Echo 206Y. 8477 charts top 2% of the breed for CED and top 10% BW. 8477 is a smooth made, clean jointed, well designed calving ease option that will add maternal stability to any program.

A few years back we went on the search for a bigger framed, long sided alternative to the great Soo Line Motive 9016. Bryan Mackenzie called us from Pincher Creek Alberta that he had found Rush Lake, the bull we had been searching for at Stauffer Ranches. The rest is history and we have utilized and added to our Angus program through the influence of Wiwa Creek Rush Lake 71’12 for several years. 7293 is a direct son of Rush Lake that is backed by MVF Tibbie 151X, an influential Angus female that originated in the Mountain View Farms program of Swan River, Manitoba, Canada. 151X was a leading Tiger daughter that is backed by MVF Tibbie 52F, the 1999 Canadian Western Agribition Reserve Grand Champion Angus Female. 7293 is an exciting Angus herd sire prospect that descents from a royal Canadian pedigree that is influenced by two shots of the great HF Kodiak 5R.
HILB Oracle C033R is the senior herd sire of the Simmental division, and undoubtedly one of the most popular members of our line-up. Oracle was the 2015 NAILE Reserve Grand Champion Simmental Bull, prior to being our $32,000 selection and the high selling bull in “The One” Simmental Sale at the National Western Stock Show. Oracle comes from a long line of individuals of influence. The dam of Oracle is the legendary SS Baby’s Breath P035, a leading donor dam for the Hilbrands Cattle Company program of Clara City, Minnesota with over 165 head of progeny recorded to her name with the American Simmental Association! The most notable sister to Oracle would be the great HILB Crazy N Love A4755, the 2014 NAILE Grand Champion Simmental Female and the 2015 NWSS Grand Champion Simmental Female in the Open and Junior Show. Oracle continues the winning tradition, siring sons and daughters with look, design, and presence. He is a truly unique Homozygous Black and Homozygous Polled Purebred Simmental AI sire that is leaving his mark. B-C Lookin Sharp 7002E, a featured SimAngus donor in this sale that will sell on Monday morning, is the first daughter of Oracle to grace the green shaven of the North American from his rookie calf crop. 7002E was selected as the 2017 NAILE Division II Champion SimAngus Female. 7002E went on to be selected as the 2018 AJSA North Central Regional Grand Champion SimAngus Female. HILB/SHER Data Breach 012E is the popular Oracle son that was the 2017 American Royal Reserve Grand Champion Bull, 2018 NAILE Grand Champion Bull, and 2019 NWSS Grand Champion Bull. Countless daughters have been popular sale attractions both at Hilbrands Cattle Company and Badger Creek Cattle Company, with a large number of daughters being retained in herd and now available through this very dispersal sale on September 6 and 7. Oracle semen has been in high demand though ST Genetics and we truly believe will continue to be a pillar within the Simmental breed in regards to semen sales. Oracle has covered cows during the summer of 2020 and has remained in exceptional condition. Here is your opportunity to elevate your breeding program to the next level!

Offering 2/3 Semen Interest and Full Possession
1/3 Semen Interest Retained by Hilbrands Cattle Company of Clara City, MN
B-C Oracle 7016E is one of most impressive sons of Oracle to ever be born on the ranch. 7016E is a flush mate brother to B-C Lookin Sharp 7002E, the popular baldy female that is one of the featured females in the entire offering. 7016E is backed by the New Look sired maternal sister to the legendary MR HOC Broker, PRS Look of H25 W264. W264 will also sell as a leading SimAngus donor. 7016E is undoubtedly one of the stoutest, most rugged, and three-dimensional SimAngus bulls we have ever turned out. With the influence of Baby’s Breath P035 and H25, 7016E combines two of the most influential Simmental donor cows in the history of the breed!

B-C Oracle 9004G is a 18-month old Oracle son that is a Purebred from the influence of a standout young ACW Ironhide 395Y daughter. 9004G is a thick made, powerful Simmental bull that has done an exceptional job covering cows during his rookie breeding season. His dam is further influenced by HTP SVF In Dew Time.
B-C ADK Rubicon 6025D is one of the key Purebred Simmental herd sires in the Badger Creek program. Rubicon is a maternal brother to the Triple Crown winning MR HOC Broker. There is no denying the impact that the influence of the late H25 has had on the Simmental breed and the beef cattle industry as a whole. Rubicon is sired by Pilgrim, one of the great breeding bulls in the business that has left a string of daughters across North America that set the standard when it comes to fertility, profitability, and functionality. With both Pilgrim and H25 being deceased, Rubicon is a rare commodity, never to be duplicated. Semen has been closed on him until this point, with only semen shares being offered to this point. Rubicon is a dense made, thick ended, big hipped bull that offers real world functionality with the eye-appeal and style of his renowned maternal brother. What a great way to elevate even the most progressive SimGenetic breeding program!

Offering 1/2 Semen Interest and Full Possession
1/2 Semen Interest Retained by The Rubicon Group

B-C Rubicon 8082F
Sold for $12,000 in 2019 Bull Sale
Rubicon Son

B-C Structure 8412F was one of the most versatile sires ever used on the ranch. We lost Structure two years ago, but his legacy will remain through countless daughters. The SimAngus sired females by Structure exemplify body mass, fleshing ability, and udder quality. B-C Structure 8412F is a standout son that is backed by the MVF Tibbie 151X donor dam that was produced in the Mountain View Farms program in Alberta. 8412F is a powerfully constructed SimAngus bull that is sure to add maternal power and substance into any program.

B-C Iron Man 7260E is a full brother to the great ACW Ironhide 395Y, the Homozygous Black and Homozygous Polled half-blood SimAngus bull that was the 2013 American Royal Grand Champion SimAngus Bull. Ironhide is one of the leading Lock N Load sons in the industry and has experienced heavy use at Badger Creek Cattle Company, Rock Creek Ranch, Woodrow Cattle Company, as well as Triangle J Ranch and countless other top seedstock programs across the country. Ironhide has been noted for his daughter's strong maternal influence and superior udder quality. Iron Man is a truly unique SimAngus bull that will add stoutness, shape, and eye-appeal.

Limestone Vale Bar W980 is undoubtedly one of the most well-known and established matriarchs within the donor pen at Badger Creek Cattle Company. Originally bred in the Limestone program of Oklahoma, W980 was one of the featured females in the historic Soo Line dispersal and was selected by Kyle Boss, along with her popular daughter Soo Line Vale Bar 2037. W980 was a featured female in the renowned Boss outfit of Western Nebraska. W980 is responsible for the $44,000 valuation 2037 donor that was a member of the Blairs. Ag donor artillery before calling home to Emporia, Kansas. W980 has built a legacy around her breath-taking silhouette, with countless daughters in production across North America. Study the progeny, the phenotype, and the shear dimension that this beautiful BC Lookout 7024 daughter brings forth on Labor Day weekend!
The Vale Bar cow family

Soo Line Vale Bar 2037 has left her mark on the industry as one of the true power cows to ever come from the famed Soo Line program of Midale, Saskatchewan. 2037 sets the bar when it comes to maternal power. There is no question that 2037 is worth the trip to Emporia, simply to witness her unparalleled mass, substance, and body dimension. A true female maker that transmits the added power and shape necessary to produce herd bulls. Blairs John Q 809E is an Angus son that was a sale feature in the 2019 Blairs.Ag The Pursuit of Excellence Bull Sale, sired by Coleman Charlo 0256. Another popular son of 2037 would be B-C Oracle 8004F, a standout half-blood SimAngus herd sire prospect that was selected by Hilbrands Cattle Company of Clara City, MN in a past Bull Sale at Badger Creek. There is a sensational set of Angus and SimAngus females that will be highlighted behind 2037 on sale day and we are confident you will appreciate the sheer dimension, body depth and shape, and overall cow power that the descendants of 2037 possess.

**ESTIMATED DUE 10/25/20**
PE 12/12/19 TO 2/25/20 TO B/C Carry On 7460 (AAA: 19175189)

This powerful donor female by DHD Traveler 6807 stems back to Shadybrook Everelda Entense 491G, who was selected by C&H Cattle as the $320,000 one-time record-selling and full interest female through the Bittersweet Station dispersal; she has a progeny production record of BR 30@97, YR 40@108, UREA 83@102, with 64 daughter in production with an average nursing ratio of 101.Sitz Everelda Entense 1137, the grandmother, sold for one-half interest at $200,000 for a $400,000 valuation at 14 years of age as the top-selling female of the Highfield dispersal in New York where she established herself as a world record-valued cow. Maternal sisters include C&H Ever Entense 4036, the $50,000 top-selling bred heifer of the C&H sale to Limestone, LLC and Express Ranches who in turn produced the $130,000 one-half interest crowd favorite for a $260,000 valuation through the 2008 Limestone sale selected by Werner Angus. Another maternal sisters include C&H Ever Entense 4038, the $60,000 selection of Turner Farms and Rimrock Ranches through the 2008 Limestone sale; C&H Ever Entense 4047 and the $40,000 selection of KiamichiLink through the 2009 Limestone sale. A granddaughter of the dam of this female went on to sell for $260,000, Limestone Ever Entense T797.

A direct daughter of the Badger Creek herd sire and many-time champion, KR Casino 6243, back to the Everelda Entense family. This female stems from a beautiful daughter of DHD Traveler 6807 back to the world record-valued $320,000 Shadybrook Everelda Entense 491G and the $400,000 world record-valued Sitz Everelda Entense 1137. This beautiful two-year-old female offers tremendous pedigree with outstanding phenotype.

Sitz Blackcap X12 was our selection from a past Hoffman Ranch female sale where she sold as a featured donor dam. X12 has exceeded our expectations when it comes to transmitting fleshing ability, body mass, depth of rib, and a strong maternal base that is second to none. Hoffman Opportunist 4640 is one of X12’s more popular sons to ever be offered for sale at public auction. He commanded $15,000 in a past Hoffman Ranch bull sale, selling to Justin Morrison of Brooking Angus Ranch and Bohrson Marketing. X12 also has worked with extreme success in the SimAngus program at Badger Creek Cattle Company and Hoffman Ranch. HOF Ms Blackcap 601D is the $50,000 half-blood sired by MR HOC Broker that was selected by the Moore family of Illinois. A sensational set of Structure daughters will sell behind X12 on sale day and we are confident in the legacy that the X12 influence will leave behind. Consistency is key and there is no doubting the power in the blood here!

B/C Miss Elba 5081 is a true standout phenotypically among the donor pen. She is sired by a previous resident herd sire at Badger Creek Cattle Company, Greene Pokerface 1034, a trait leader for stoutness of bone, foot size, and presence from the profile. The dam of 5081 is sired by WCC KLR Grand Torino 95 and from the influence of the great SAV Elba 8975, a past featured lot in the renown Schaaf Angus Valley Production Sale, commanding $15,000 in 2009 to Kiamichi Link Ranch of Oklahoma. The dam of 8975 is the legendary SAV Elba 1094 matriarch that has generated well over $1.5 Million in progeny sales during her tenure. Here is a unique opportunity to own a young and productive Angus donor that is backed by a silver lined pedigree of maternal power and generating power! Daughters by Casino and Badger that will also be offered for your appraisal on September 6 and 7 at the ranch.

B/C Blairs Badger 5023

Sire of lot 46

Duff Hobart 8302

Sire of lots 48 - 52
HGR Miss Georgia 423 is sired by the great SAV Brilliance 8077 son, MSF Journey, that is owned by Horsley Bros., Jones Stewart Angus Ranch, and Royer Show Cattle. The dam of 423 was successfully campaigned by the Royer family where she was named the 2014 ROV Intermediate Champion Heifer of the Year. CCC Princess Marya 653 was the 2015 NWSS Reserve Intermediate Champion for Hunter Royer. 423 was successfully campaigned by Austin Woodrow and has evolved into a role model brood cow in the donor pen. A highly fertile female that will be supported by a sensational set of daughters that are sired by Duff Carry On 252 and Duff Basic Instinct 6501. HGR Miss Georgina 423, affectionately known as “George” is a female that we have had the utmost confidence in, and as a result the number of daughters selling is proof alone that this female has the capabilities to generate at the highest level. 423 has worked with in the Angus division at Badger Creek and we believe will also work extremely well in programs that are looking to produce elite SimAngus cattle with the added look, shape, and extension that she consistently transmits to her progeny.

---

**September 6 - 7, 2020**

31
4WA Mayflower 532 offers a unique and outcross pedigree to the mainstream sire choices of today’s industry. 532 is an ultra-attractive, long fronted, smooth shouldered, bold and robust centered female that has produced an outstanding set of daughters by Duff Carry On 252 and BAR EXT Traveler 205, argued as one of the greatest sons of N BAR Emulation EXT. The added softness, fleshing ability, and structural integrity that 532 transmits into her progeny is remarkable and we truly believe that this female is just getting started. The sky is the limit when it comes to the mating flexibility that 532 brings forth. Pay attention to the return on investment that this powerful young donor female brings to the table!

MVF Hi Lite 27X is a powerhouse, and there is no question why as she is sired by Game Day 449 and out of the famous 232U donor. The genuine power, width, rib shape, and dimension that this female brings forth, is second to none! 27X originated in the Mountain View Farms program and was a featured lot in their 2010 Dispersal. 27X was successfully campaigned to the backdrop at the 2010 Canadian Western Agribition where she was selected as the Reserve Grand Champion Angus Female as a heifer calf. 27X has produced several herd sire prospects in B/C Thunderstuck 7450 and B/C Honcho 7290, both working in the Sutphin Angus program at Lamar, Colorado. Be sure to study the genuine shape, body mass, and power that the Duff Napoleon 232, Duff Carry On 252, Soo Line Motive 9016, and J&J Weigh Up 294 daughters bring to the table. A cow family that blends the power of the most consistent Angus genetics in North America. 27X charts top 20% WW, top 15% YW, top 25% MW, top 30% MH, and top 25% CW.

Lady of Peak Dot 818T is one of the foundation Angus females that we selected in the Boss Premier Cattle transaction. 818T and her most notable daughter, Bos Miss Prowler 2300 served as foundation breeding pieces in the quest to generate an elite line of Angus and SimAngus females that personify functionality. 2300 is now employed by Cheyenne Arthur of Missouri. Lady of Peak Dot 818T in her day, possesses unmatched stoutness, natural base width, volume, and shape. Her true breed leading phenotype gives her the capability to produce stout, rugged herd sire prospects for seedstock and commercial cattlemen alike! She is the type of female that entire herd can be assembled from.

The Peg Cow family

SB Peg 234 is a phenotypically superior Angus female that is sired by the Pathfinder sire, SAV Brilliance 8077. Peg 234 was purchased the same day as Sitz Blackcap X12 in 2016 at the Hoffman Ranch female sale. Peg 234 was the Supreme Champion Female at the 2013 Nebraska Cattleman’s Classic prior to being campaigned to countless victories by Shayne Myers. Most notably SB Peg 234 was selected as a Division Champion at the 2013 NJAS in Kansas City, Missouri.

The first heifer calf from 234 commanded $16,000 and sold to Malson Angus of Idaho. Hoffman Peg 7605, a direct daughter of SB Peg 234 was a featured bred heifer that commanded $12,000 and is now employed in the Knox Brothers Land & Cattle program in San Angelo, Texas. Sons from 234 averaged over $9,000 in bull sales at Hoffman Ranch. There is no denying the look, balance, and symmetry that 234 offers. 234 ranks top 10% DMI, top 25% $EN, top 35% Marb, top 25% RE, top 30% Fat, and top 25% $G. A truly unique Angus female that has the look to generate elite Angus show heifers and production Angus females alike!

SB Peg 234 is a phenotypically superior Angus female that is sired by the Pathfinder sire, SAV Brilliance 8077. Peg 234 was purchased the same day as Sitz Blackcap X12 in 2016 at the Hoffman Ranch female sale. Peg 234 was the Supreme Champion Female at the 2013 Nebraska Cattleman’s Classic prior to being campaigned to countless victories by Shayne Myers. Most notably SB Peg 234 was selected as a Division Champion at the 2013 NJAS in Kansas City, Missouri.

The first heifer calf from 234 commanded $16,000 and sold to Malson Angus of Idaho. Hoffman Peg 7605, a direct daughter of SB Peg 234 was a featured bred heifer that commanded $12,000 and is now employed in the Knox Brothers Land & Cattle program in San Angelo, Texas. Sons from 234 averaged over $9,000 in bull sales at Hoffman Ranch. There is no denying the look, balance, and symmetry that 234 offers. 234 ranks top 10% DMI, top 25% $EN, top 35% Marb, top 25% RE, top 30% Fat, and top 25% $G. A truly unique Angus female that has the look to generate elite Angus show heifers and production Angus females alike!
Eby Bonnie 2162 was the featured lot 1 female in the 2019 Female Sale at Badger Creek Cattle Company. A truly breath-taking female that unanimously surfaced as the logical choice to wear the lot 1 tag in the 2019 Female Sale. Eby Bonnie 2162 was the $22,000 high selling female that is now employed in the Hicks Cattle Company program of Indiana. 2162 is unmatched in substance, eye-appeal, internal dimension, and presence. 2162 was a reliable producer and has left behind a string of daughters that appear to offer the same functional characteristics and dollar generating capabilities that she embraced. Several fall pregnancies sired by the 2017 American Royal Grand and 2017 NAILE Reserve Grand Champion Angus Bull, KR Casino 6243, will also sell. There is no denying that this mating is one that we have highly anticipated and believe will carry on the same tradition and elegance that EBY Bonnie 2162 personified!

LaGrand Lucy 0065 was a featured female in the 2019 Female Sale that was selected by Ken Hartzell of Iowa. Lucy 0065 was a true power cow that we built both our Angus and SimAngus program around during her tenure in Emporia, Kansas. The SAV Bismarck 5682 daughters, 6043 and 6136 are true sale features from this elite cow family. If your program is searching for female that offer genuine body shape, depth, volume, and capacity with superior udder quality, then this pair of sisters should be in consideration. Lucy 0065 also offers a set of fall yearling females by the legendary EXT and J&J Weigh Up 294. From a composite standpoint, the impact Lucy 0065 made on the Badger Creek Cattle Company program is more substantial. We love the progeny from 0065 that are sired by the late BPS Structure 308A due to their structural soundness, foot quality, and fleshing ability. Sons have been highlighted in past bull sales and are working for Sutphin Cattle Company of Colorado, Mike Peterson of Kansas, and Jacob Tipp of Texas. The legacy of LaGrand Lucy 0065 will be highlighted Labor Day weekend in Emporia, Kansas!

  PE 12/26/20 TO B/C IRON MAN 7260E
The HF Echo 206Y cow line has been built around the influence of HF Echo 187N. 187N is one of the most decorated and accomplished females to carry the HF prefix from Hamilton Farms in Cochrane, Alberta. The legacy of the Echo cow family keeps rising to the top generation after generation. The dam of 187N is the great Echo 32E, a true icon in the Canadian Angus industry.

A flush sister to ECHO 187N sold through the 2003 Masterpiece sale to Marlene Douglas Inc. of Langley, BC for $17,000. A flush brother also sold in the Masterpiece sale 2004 to Ryan and Michelle Hutchison for $7,750, and yet another flush brother, HF Free Wheeler sold in the Hamilton Farms sale for $9,000 for 1/2 interest to LLB Angus. HF Echo 187N, the dam of 206Y, was the 2013 Junior Heifer Calf Champion at the 2013 Canadian Western Agribition, the Junior Champion at the 2014 Calgary Stampede, Farmfair International, and Canadian Western Agribition. In 2005 she returned to Calgary to be named the Supreme Champion and Grand Champion Angus as the Calgary Stampede. 187N was also the Grand Champion Angus at the 2005 Farmfair International. The most popular son of HF Echo 206Y is Boss Lake Bonafide 722E, the $90,000 valuation herd sire that is owned by Miller Wilson Angus and Lewis Farms. Boss Lake Bonafide 722E was the Reserve Champion Angus Bull at Olds Fall Classic, Supreme Bull Stars of Tomorrow - Olds Fall Classic, Supreme Bull King of the Ring - Lloyd Stockade, Supreme Bull Legends of the Fall - Farmfair International. Another popular son of 206Y is Boss Lake Glory 615, sired by SAV Brilliance 8077, the 2017 Reserve Grand Champion Angus Bull at the Farmfair International. A cow family to hang your hat on!

**Duff Mercy Me 459**
Famous son of Duff 927K Instinct 1541
Rose of Peak Dot 643T was a large part of the Boss Cattle & Cottage Lake Livestock program as a foundation breeding piece that has left behind a sensational set of daughters. Rose was a featured female at many elite events throughout North America, with embryos commanding in excess of $2,500 per embryo on numerous occasions. Boss Prowler 250 is a full brother to many of the females that is from the great Rose of Peak Dot 43U matron that commanded $12,500 in a past Boss Cattle marketing event. Boss Prowler 257 is another Prowler son that commanded $10,000 to Scott Bourland of Anna, Texas. 643T daughters are massive in their kind, soft made, sound footed cattle that have the fleshing ability and calf raising capabilities that we admire. HF Prowler 43U is a truly unique breeding bull that has left his mark on the Angus breed and beef cattle business as a true breeding bull that sires cattle with added mass, volume, and capacity. Several Prowler sired daughters from 643T highlight this cow family and we are confident that their influence will continue to make a difference. Other daughters by Soo Line Motive 9016, Boss Hoss 8132, DCC Baseline 511, Rush Lake, and Duff Napoleon 232 are tremendous representatives of the 643T cow family and personify the maternal characteristics that we have built the Badger Creek cow herd around. Study the consistency and production here; these females are money makers!
The 643T Cow Family

E/T Ester 020 was our selection from the Tingle Farms program in Kentucky where she was the anchor of their Angus program and heavily utilized for SimAngus production. Ester was bred in the Elrod and Tolbert program of Georgia and secured her legacy as one of the top producing Angus females for generating elite SimAngus progeny during her tenure in Kentucky. Ester 020 is the dam of TNGL Ester C833, the popular Bullseye daughter that was campaigned by the Stehr family of Oklahoma to countless victories, including a Reserve Division victory at the 2016 Nation Western Stock Show. Ester 020 is a true power cow in the flesh that is unbelievable from a mass, dimension, and power perspective. She combines the influence of Connealy Power One and the great SAV 8180 Traveler 004. Ester 020 is a prolific producer in the donor pen and stamps her progeny with the same three-dimensional body type and build that she exemplifies. A truly unique Angus female that is the model brood cow to build a program around!

B-C Lookin Sharp 7002E is the unanimous choice of visitors to the ranch and we certainly won’t argue. There is no question that 7002E is breath taking in the flesh and is a truly elite three-quarter blood SimAngus female. The dam of 7002E is the great PRS Look of H25 W264, a maternal sister to the most dominant Simmental sire of his generation, MR HOC Broker. Broker is responsible for more National Champions, high sellers, and individuals of influence than any other SimGenetic bull in recent history. 7002E was the popular Division II Champion at the 2017 NAILE Open SimAngus show. She continued her career as the 2018 AJSA North Central Regional Grand Champion SimAngus Heifer. 7002E has evolved into one of the great young females in the breed, with exceptional udder quality, foot shape, and fleshing ability. An exciting set of pregnancies will also sell behind 7002E, sired by a true sale feature and exciting young Simmental AI sire prospect, STF Pay Up FZ87. Pay attention here, females like 7002E are exactly why we have utilized Angus and Simmental genetics to create composite cattle of this caliber... don’t forget, this female is just a generation away from producing Purebred progeny! A truly elite investment opportunity here to lead off the Simmental and SimAngus™ division.

## Other...
The W264 Cow family

PRS Look of H25 W264 is the dam of B-C Lookin Sharp 7002E, along with countless individuals that have made an impact on the Badger Creek program. A son of W264 is B-C Oracle 7016E, a member of the powerful herd sire battery in Emporia. W264 is a maternal sister to the Triple Crown winning, MR HOC Broker that is sired by DCC New Look 101. Her mating to senior herd sire, HILB Oracle C033R, is without a doubt a home run and has been one of the most successful matings ever created on the ranch. W264 was selected from Diamond A Farms through the Land of Lincoln sale as the $21,000 sale feature. The influence of H25 can be identified throughout pedigrees of some of the highest selling, most dominant cattle that the industry has ever seen. Here is your opportunity to make an investment and acquire a maternal sister to the legendary MR HOC Broker! Elite Simmental genetics that work from coast to coast and border to border!

CAJS Elegant Force W24 is a granddaughter of the great JM BF H25, more widely known as the dam of MR HOC Broker. A Maternal sister to 6034D, Boss Lake Miss Elle 613D sired by Profit commanded $100,000 to Steinbronn Farms of Iowa. An exciting Simmental female from a royal lineage!

THE KNOCKOUT COW FAMILY

HPF Miss Knockout X071 is from a long line of powerful females that have made a substantial impact on the Simmental breed and the beef business. X071 is a direct daughter of the iconic Miss Knockout 74T, one of the most prolific females in the American Simmental Association registry with over 185 progeny recorded to her name. One of the most notable sisters to X071 is the $80,000 ½ interest donor, HF Serena. Serena was the 2012 USA Summer Classic Grand Champion Simmental Female and the 2012 NAILE Grand Champion Simmental Female. Serena’s resume boasts over $2 Million in progeny sales. The most popular sons of Serena include the major winners valued up to $184,000 STCC Jacked Up and Jack Around. Daughters of Serena include the $100,000 Serena D74. X071 was selected from Trennepohl Farms and has become one of the leading Simmental females in the Badger Creek program. Some of X071’s most notable progeny would be, STCC Ms Out Believing, the 2019 Dixie National Grand Champion Purebred Simmental Female for Russell Land & Cattle of Illinois. Packin’ Knockout A71D is the Packin Heat son that brought $20,000 in 2015 at “The One” Sale held during the National Western Stock Show. Packin’ Knockout A71D was purchased by Klopfenstein Simmentals in Iowa. Sons and daughters of X071 are employed at countless programs across North America. X071 is a prolific embryo producer. There will be several pregnancies to sell sired by the late Duff Napoleon 232. We anticipate for this mating to serve as the foundation to build future generations of elite SimGenetic cattle.

MTTR Miss Bella 42Y is arguably the most consistent producing high percentage SimAngus female on the ranch and it comes to no surprise based on the quality of sons and daughters that have carried the Badger Creek prefix. 42Y is sired by THSF Black Pearl and backed by the 2009 NWSS Reserve Grand Champions SimAngus Female, Bovine Bella T92. 42Y has several daughters that will sell alongside her the first weekend in September that are sired by BPS Structure 308A, B-C ADK Rubicon 6025D, ACW Ironhide 395Y, and HILB Oracle C033R. The most notable son of MTTR Miss Bella 42Y is the late EBY Lock N Load 463B, also known as “Bullet”. The influence of daughters and granddaughters of EBY Lock N Load 463B can be seen throughout the entire Simmental division. “Bullet” daughters exemplify udder quality, foot design, longevity, and fleshing ability. 42Y is a true production cow!

SELLS OPEN

THE BELLA COW FAMILY

SEPTEMBER 6 - 7, 2020  65
Bramlets Beautiful B433 is a member of the famed HPF Ms Beautiful S054 cow family that has produced countless high sellers, champions, and individuals of influence within the business. One of the most accomplished maternal sisters of B433 is A317, the mother to E742, a Primo daughter and many time champion for Clint Main. E742 is sired by Colburn Primo 5153 and was the 2019 NWSS Grand Champion Percentage Simmental, 2019 Indiana State Fair Supreme Grand Champion Heifer, and the 2019 Purdue AGR Supreme Champion Overall Heifer to name a few of her most accomplished victories. There is no question that the influence of HPF Ms Beautiful S054 can be identified throughout countless programs across North America. Here is the opportunity to acquire a direct daughter of the great S054.
HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions’ “Call or Click-To-Bid” service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE’S HOW IT WORKS

**Turn in Bids Over the Phone.** This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled “Register for a Buyer Number”. Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer’s number and the bid line phone number that you will use on sale day to place bids over the phone.

**Click-To-Bid.** This is Superior’s online bidding platform for cattle buying. Please note that high speed internet is required - *this is not for dial-up or satellite internet*. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the outlined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

**Viewing the Auction.** There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to “click-to-bid”. Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

*If you plan to bid by phone through Superior Livestock or ‘Click-to-Bid’, you must register at www.superiorlivestock.com prior to bidding.*
**JF Reba 5302R** will have her place in the history books as one of the most prolific Simmental females in the business. Reba 5302R was capable of producing cattle that excelled in all facets of the industry. 5302R was the dam of the 2012 Grand Champion Female at the Simmental Breeders Sweepstakes for Diamond A Farms. Notable daughters of 5302R would include DAF Rachel X48, DAF Reba U16, and DAF Reba Z30. Z30 was the $35,000 high selling female in the 2013 NAILE Select sale, selling to JF, Turkey Creek, and Harroun. The Silveiras Style x U16 mating has clicked as one of the most consistent and profitable SimAngus matings within the last decade. This flush is responsible for the 2016 NWSS Grand Champion Percentage Simmental Female that was campaigned by Sara Sullivan of Iowa. That female sold through the Land of Lincoln sale, much like her flush mate sister that was slapped Grand Champion Percentage Heifer a year later at the 2017 NWSS as a bred heifer. Those two Style x U16 females have become valuable assets to the Sullivan family in production, producing the 2019 AJSA Summer Classic Grand Champion Bred and Owned SimAngus female that was sired by the great FHEN Halftime. An exciting set of young, productive females that are direct daughters and maternal granddaughters of 5302R will be offered for your appraisal. This is your opportunity to invest in one of the truly genuine and consistent cow families in the Simmental breed!

- **FOOTNOTE:**
  - 2013 American Royal Reserve Grand Champion Simmental Heifer
  - 2014 San Antonio Stock Show Reserve Grand Champion Simmental Heifer
  - 2014 FWSS Reserve Grand Champion Heifer
The Spring Angus Pairs from Badger Creek Cattle Company are saturated with elite cow families that have left a lasting impression on the business. Direct daughters of maternal icons such as; OCC Juanada 927K, OCC Juanada 734P, OCC Dixie Erica 657T, MVF Tibbie 151X, Limestone Rita W198, SAV Emblynette 7685, Barbara of Peak Dot 869X, and countless others that have made a mark on the Angus breed and beef cattle industry across North America. These females represent the functionality, and foundation that has built the brand in Emporia, Kansas. They have served as the backbone producing bulls for past Bull Sales at Badger Creek and countless daughters can be identified throughout the entire offering. These females have nursed big stout calves and maintained optimum flesh and will sell safe in calf and exposed to dynamic individuals that have made up the Badger Creek Cattle Company herd sire battery. Study the cow lines and predictability that makes this sale a one of a kind opportunity on September 6 and 7.

Over the past few years a strong focus to create the next generation of maternally focused production-based Angus cows has become a reality and the opportunity presents itself on Labor Day weekend. Spring bred heifers sired by KR Casino 6243, J&J Weigh Up 294, Duff Napoleon 232, and several other Badger Creek herd sires is what makes this breeding program unique. The cow lines that can be identified throughout the Spring Bred heifers include the Ever Entense, Miss Prowler, Blackbird, and Blackcap lines. This set of bred heifers have been AI bred to J&J Weigh Up 294 and exposed to B/C Effective 8477. 8477 is the CCLC Effective 3169 son that is backed by the SAV Brilliance 8077 sired daughter of HF Echo 206Y. A tremendous opportunity to invest in the future of your program with a sensational set of Angus bred heifers from the heart of the program.
**SPRING BRED ANGUS HEIFERS**

PE 5/6/20 TO 8/22/20 TO B/C IRON MAN 7260E
What makes the Badger Creek Cattle Company program so unique is the saturation of elite cow families and proven sires that line the pedigrees of the Angus cow herd. With every year that passes you will realize that these females become stouter, and more impressive. These are cows from cow lines that are built to last and survive on forage. With a strong influence of females that originated in the Boss Cattle Company program, Duff Cattle Company, and Fink Beef Genetics. Simply put, these are cows that are required to wean a big calf, breed back, and maintain flesh year after year. A young set of Rush Lake daughters will highlight the 2018 model cows that are backed by Boss cows from the HF Prowler 43U influence. A maternal daughter of Juanada 927K sired by Duff Basic Instinct 6501 is one of the standout pedigrees among the offering that offers exceptional breeding flexibility. Two daughters of Six Mile Real Beauty 803U that are sired by HF Prowler 43U will also sell. Other influential cow lines identified in this powerful division would include OCC Blackbird 741G, PAR’s Eureka’s Girl 144, CFC Ellnora 741, HF Echo 182T, and MVF Tibbie 151X. These cows will sell safe to J&J Weigh Up 294, B/C Blair Badger 5023, KR Casino 6243, HILB Oracle C033R, and STF Pay Up FZ87.

RESPIVax™

Having choices is always better.

Like having four new formulations of BRD vaccine to choose from, for instance. Or choosing to do business with someone who gives you an experience as smooth as their vaccines. Choose both, when you choose Huvepharma and RESPIVax.

huvepharma.us 877-994-4883

Visit our website for more product information at www.HUVEPHARMA.us

Monovet® 90
(Monensin Type A Medicated Article)

There are only so many ways to manage rations that won’t compromise quality. Monovet® is the newest Monensin on the market that can improve feed efficiency, increase rate of weight gain, and prevent and control coccidiosis caused by Eimeria bovis and Eimeria zuernii.

Caution: Do not feed undiluted. Do not allow horses access to feeds, it can be fatal. Use in unapproved species may result in toxic reactions.
SPRING CALVING

Simmental Pairs

The Simmental and SimAngus™ cowherd at Badger Creek Cattle Company was built around key cow families and the philosophy that breeding up from a strong foundation of maternal Angus cow lines is what sets this set of females apart. Fundamentally, reproductively, and phenotypically these females are built to last. Sires utilized in the program with great success would include ACW Ironhide 395Y, BPS Structure 308A, EBY Lock N Load 463B, and HILB Oracle C033R have left a true mark on the program. Through acquiring the Whitestar Cattle Company cowherd, a strong selection of genomically superior females that are backed by breed leaders in the beef industry have aided in the genetic advancement of the Simmental and SimAngus cowherd. Countless daughters of Pelton Force 84T, Pelton Force 67T, CCR Cowboy Cut 5048Z, and MR NLC Upgrade U8676 have blended with excellent results when incorporating the influence of Remington Lock N Load 54U have yielded exceptional results. The bulls produced from this set of SimGenetic cows have highly sought after from our commercial bull buyers due to their ability to sire feeder cattle with added heterosis, resulting in added pay weight. This set of SimGenetic cows has been built and bred with the same mentality as the Angus cowherd; functionality first, udder quality, and foot design all major selection priorities. These cows are built to last and have proven themselves as true producers that work for a living year in and year out.

PE 5/14/20 TO 8/22/20 TO HILB ORACLE C033R (ASA: 2993610)
The culmination of Clint Woodrow’s breeding philosophy and dedication to improving the genetic base of the Simmental breed can be most easily identified in the bred heifer division. There is no question that the larger sire groups have improved the overall herd uniformity and quality of cattle that carry the B/C freeze brand. Herd sires such as HILB Oracle C033R, EBY Lock N Load 463B, EBY/ADKS SB Deacon 308A, BPS Structure 308A, and ACW Ironhide 395Y have made a substantial impact on the program and it can easily be identified. A stunning set of SimGenetic females with foot and structural integrity, body mass, fleshing ability, udder quality, and longevity. Many of these females are bred up from foundation Angus genetics that have stood the test of time. A SimAngus™ female is hard to beat and we are confident that you will agree, this is a set of bred heifers that are hard to deny!

---

*A welcoming pair of sisters from the 2017 Fort Worth Stock Show Grand Champion, JSSC Carolina 004C. Carolina was the featured Simmental female in the 2019 Badger Creek Cattle Company Female Sale in 2019 that sold to the Sheffield family. Carolina 004C is a direct daughter of Kriegers Carolina 35Z, one of the leading donors for Joe Seale in Texas. 35Z has produced countless Texas Major champions, 5-figure high sellers, and individuals of influence within the Simmental breed. Here is your opportunity to select two direct 35Z daughters that are sired by the late EBY Lock N Load 463B and HILB Oracle C033R. Power in the blood!*

Simmental Cows

A large number of females that will make up the Simmental Spring Calving section of the Badger Creek Dispersion originated in the Whitestar program. Many females in this set of cattle offer curve bending figured that further enhance their phenotype and real-world performance. The younger females in this division are sired by senior herd sire, HILB Oracle C033R, as well as the late Deacon, Structure, and Ironhide. As you continue through this offering you will notice many females sired by the breed’s most popular sire that continues to top the charts in number of registrations annually, CCR Cowboy Cut 5048Z. Many of these females rank among the most elite in the breed regarding performance, calving ease, and boast chart topping indices. You will notice that this division of females was AI bred to popular bulls in the Badger Creek herd sire battery and were cleaned up with HILB Oracle C033R and STF Pay Up F287. These are highly anticipated sire groups that will be productive and profitable for their new owners after Labor Day weekend. A no-nonsense set of cows that works for a living and has been required to earn their keep year after year.

This set of Fall Angus cows may be as impressive of a set of females to sell this fall anywhere in North America. These cows were managed on a lease place all summer in Parsons, Kansas with no supplemental assistance other than mineral and they came home in exceptional shape ready to start calving. Females in the offering are supported by matriarchs such as OCC Blackbird 741G, and GCC Dixie Erica 712S, the dam of Werner War Party 1472. Other daughters and granddaughters represented would include; DCC Dixie Erica 001, PAR Blackbird Lady 555, Limestone Royal Lass 5553, HF Tibbie 312W, MVF Tibbie 813P, and OCC Dixie Erica 762K, PAR's Eureka Girl 144, OCC Juanada 700J, OCC Juanada 624G, and DCC Emb 135 Merle 319. Countless females that carry the Boss prefix highlight this exciting set of production age cows that have built the basis of the Badger Creek program. Study the lineage, phenotype, and return on investment potential that back such a unique and exciting set of Fall calving females straight from the heart of some of the most respected nucleus seedstock programs in North America.

FALL CALVING

Simmental Cows

As previously mentioned in the Simmental Spring Bred Heifers, it can be reiterated that this set of Fall Calving SimGenetic females are the height of Clint Woodrow’s vision to “breed up” a Simmental cow base from a strong and reliable Angus foundation. This impressive division is lead off by 5 maternal sisters from three sires that need no introduction to the business. EBY Lock N Load 463B and BPS Structure 308A were both influential senior herd sires before their untimely deaths. B-C ADK Rubicon 6025D is the sire of two more of the Barbara of Peak Dot 869X daughters selling. Rubicon is the maternal brother to the Triple Crown winning MR HOC Broker that is sired by the deceased Pilgrim. The Barbara of Peak Dot 869X influence is certainly substantial and we believe these SimAngus daughters are destined to make an impact.

The larger sire groups that can be identified throughout this division are exceptional representatives of countless sire groups representing herd sires that walk the pastures in Emporia. HILB Oracle C033R, BPS Structure 308A, ACW Ironhide 395Y, EBY Lock N Load 463B, B-C ADK Rubicon 6025D, and EBY/ADKS 5B Deacon 308A. A full sister to ACW Ironhide 395Y also is a featured female among this stout offering. Many of these females will sell safe in calf to Oracle, Carry On, Pay Up, Badger, and Iron Man, the full brother to Ironhide.

The future... plain and simple, this set of females has as much earning potential as any group on the ranch! Large sire groups represented by J&J Weigh Up 294, B/C Blair Badger 5023, and Duff Carry On 252 make up the largest number of females within this division. These females have bright futures and are backed by foundation females that have built this program. Largely influenced by Duff, Boss, Fink, and SAV genetics, these females combine the most well respected and proven pedigrees in the Angus business. This is a set of females that are low input, high capacity, functional, and have been managed with a real-world mindset. There is large opportunity for return on investment here... don't miss out!

**Sells Open**
Large sire groups, uniformity of phenotype, and functionality is what you will find as you flip through the pages that make up the Simmental and SimAngus Fall Yearling Heifer division. It is no secret that the herd sire battery at Badger Creek Cattle Company was assembled with the goal in mind of building an elaborate cow herd anchored around key herd bulls. Rubicon is a sire line that will surface countless times throughout and it comes to no surprise that the Rubicon cattle have met expectations time after time. Rubicon is a maternal brother to the Triple Crown winning MR HOC Broker and sired by the late Pilgrim. Other sires represented would include HILB Oracle, EBY Lock N Load 463B, B/C Blair Badger 5023, and Duff Carry On 252. Emphasis on maternal stability, functionality, udder quality, foot design, and fleshing ability have always remained at the forefront of the priority list and this set of cattle reassures the prolific ability of this cow herd and the impact that the herd sire battery has made at Badger Creek.

This set of yearling bulls would have been the featured division of the 2021 Bull Sale at Badger Creek. The Angus division is stacked with pedigree, performance, and functionality. Developed in a large pasture setting, these bulls are designed to last and maintain flesh. Sire groups include the influence of BAR EXT Traveler 205, J&J Weigh Up 294, KR Casino 6243, Duff Carry On 252, Duff Napoleon 232, Wiwa Creek Rush Lake 71’12, and Greene Pokerface 1304. These bulls are influenced by key donors in the program that include; 4WA Mayflower 532, MVF Hi Lite 27X, Shady Brook Everalda 1504, and Duff NL 6296 Blackcap 198. A set of bulls that will mature into true beef bulls that will positively impact your bottom line.

The Fall Yearling Simmental Bulls are sired by HILB Oracle C033R, EBY Lock N Load 463B, B-C Ironhide 6212D, B-C ADK Rubicon 6025D, BPS Structure 308A, J&J Weigh Up 294, and B/C Blair Badger 5023. A stout, powerful, and rugged set of Simmental and SimAngus bulls that will add heterosis, performance, and pay weight to any calf crop!
9544G is backed by the famed J stress cow family at Dwight Cooper's in Georgia. The dam of 9544G is the stunning Miss CCF J stress B79, a dominant female in the showing that was a many times champion during her show career. A full sister to 9544G was selected as the 2019 AJSA National Junior Heifer Show Reserve Grand Champion Percentage Heifer in Louisville, KY. A unique herd sire prospect from a proven cow family.

This pair of flushmate brothers are from the MTTR Miss Bella 42Y donor, also known as the dam of the late EBY Lock N Load 463B. 9559G and 9667G are sired by WBF Significant B132, the sire of Ruby's Turnpike 771E, the $72,000 1/2 Interest herd sire that topped the Ruby Cattle Company Bull Sale, selling to Werning Cattle Company and Double Bar D Farms. Significant is also the sire of Currency, the $435,000 1/3 Interest herd sire prospect that topped the Hartman Cattle Company sale. An exciting pair of Purebred flush mate bulls!
### 9620G

9620G is an exciting half-blood SimAngus herd sire prospect from the featured Soo Line Vale Bar 2037 and sired by arguably one of the most influential Simmental sire's of his time, Remington Lock N Load 54U. A powerful, shapely, and three-dimensional herd sire prospect that is backed by a true matriarch in the program.

**J & J WEIGH UP 294 — SIRE OF LOT 1095**

**B/C BLAIR BADGER 5023 — SIRE OF LOTS 1096 & 1097**
The Age-Advantage Bulls are ready for heavy service and have been developed in a large pasture setting to ensure longevity, fleshing ease, and durability of skeleton. The Angus bulls are a representation of our strong maternal cowherd, with direct sons of EBY Ever Entense 0517 3019, Boss Mis Gold Standard 337, and Duff STM 778 Merle 0538. An array of sire representation would include KR Casino 6243, B/C Blair Badger 5023, Duff Carry On 232, and several others.

In regard to the Simmental and SimAngus™ section of service age bulls there are several half-brothers sired by BPS Structure 308A, EBY Lock N Load 463B, HILB Oracle C033R, and EBY/ADKS 5B Deacon 308A. The maternal foundation is largely influenced by Whitestar bred females, as well as the influence of HPF Miss Knockout X071. These bulls will sell with a passing breeding soundness exam and are ready for immediate heavy service!

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions’ “Call or Click-To-Bid” service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE’S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled “Register for a Buyer Number”. Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer’s number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior’s online bidding platform for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to “click-to-bid”. Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

*If you plan to bid by phone through Superior Livestock or ‘Click-to-Bid’, you must register at www.superiorlivestock.com prior to bidding.
