*Yearlings and Coming Two-Year Olds, plus Large Groups of Commercial Females*

350+  
Bulls Sell!

## Fellow Cattlemen -

For many of us 2020 has been a major eye opener. The hardest part for me was worrying about families and children that have been put through major stress and government. However there has been some benefits as well. It really made us appreciate what we have and value the time with our family's. The rewarding factor is that beef demand stayed strong and several indicators tell us we are in an essential business that the world NEEDS. We feed them the best protein possible.

Here at Hoffman Ranch, we are relentless in trying to make our operation stronger and provide the absolute best genetics and product. We feel that this set of bulls is stronger than ever in each division. We have always bred for "balance". These bulls number up good and have the phenotype that always surfaces to the top of the industry along with udder quality and longevity.

For a long time, our operation was a leader in the Hereford breed for putting some real muscle in these cattle and we proudly offer several generations of POWER! For the past few years, we have been just as diligent to make sound structured, great footed Angus bulls that never need replaced.

In our mind, there is no cow that compares to the Black Baldy! She offers longevity, structural advantages, fleshing ability and efficiency. People can say what they want about straight Hereford or Angus cattle, but they cannot ever discriminate the Black Baldies in any sector of the industry.

I thank God often that I can raise our family in this industry and am proud of this set of bulls! Please also take note that we are selling 30 registered Hereford heifers and several large groups of replacement heifers offered by some of our best customers.

**My Best,  
Jason Hoffman**

# Annual Bull Sale

## February 19, 2021

12:00 PM – At the Ranch – Thedford, NE

### Sale Schedule

## Terms and Conditions

- If any bulls are carriers of genetic defects it will be noted in the footnotes.
- Each bull will be sold to the highest bidder without reservation.
- The auctioneer will settle any disputes as to bidding and his decision will be final.
- Terms of all sales will be cash unless arrangements are made between purchaser and seller prior to sale.
- Individual health papers will be furnished with each animal permitting shipment to any state.
- In case an adjustment is required, it will be made with a replacement animal of equal value to the animal in question or credit on the purchase of another animal.
- The animal becomes the property of the purchaser as soon as sold, but it shall be the responsibility of the seller to see that animals are properly cared for until delivered to the purchaser.
- Any death or injury after the animal is sold is at the buyer's risk.
- Anyone attending this sale attends at their own risk and without liability on the part of the owners or their employees.
- Corrections or additions of any information contained in the sale catalog will be announced from the auction stand and will take precedence over any printed material.

# thank you.

Our family would like to thank our employees who work hard day in and day out and make it fun!

# customer service is our brand...

# 1/5

### **We go the extra mile.**

Free delivery to any state in the continental United States is something we proudly offer. Occasionally, a buyer may need to meet a trailer at a central spot, but we will do our best to get them directly to you.

### **We appreciate your business.**

We value our volume buyers and gladly offer discounts on multiple bulls purchased. Call Hoffman's for details.

### **We guarantee satisfaction on remote purchases.**

Bids can be called in to Jason (530-604-5096), Denny (406-425-0859) or the Office (308-645-2279) before the sale. We guarantee satisfaction on all bids and orders.

### **We believe in our program.**

Bulls are guaranteed to be 100% sound and healthy breeders with an unconditional first breeding season guarantee.

### **We assist you in marketing your calves.**

We want to assist you with the marketing of your calves! Every year, we place large groups of replacement heifers throughout the U.S. We also stay in direct contact with feed yards that are interested in and familiar with our genetics. Furthermore, we started HerefordInfluence.com to advertise your cattle and list when and where they are selling. This marketing avenue is free and we plan on making it a "go to" place for buyers across the country.

# ...and trust is important to us.

The way I feel about Hoffman, and I'm 100% sincere about this. I hope I never have to go anywhere else to look for a bull. The Angus deal is covered. The Hereford deal is covered. The genetics are there. Structural soundness is there. Integrity is there. We're 6,000 head deep in the cow business and if I've got to buy a bull, Jason's going to get the call. I just have that much confidence in the Hoffman genetics. I'm five years into it and probably a hundred fifty or a hundred seventy bulls into it. I haven't had a problem.

We run a commercial cow operation, primarily in Craig County, Oklahoma. It's a family operation, my kids are involved. We run about 6,000 mother cows primarily Angus based cows and predominantly Hereford bulls on those Angus cows. We have an order buying operation too. The past few years we were buying eighty or ninety thousand yearlings a year. I've basically been in the cattle business all my life. When I got out of college I managed feed yards for awhile and then got into the sale barn business. Did that for a few years and then started my own order buying business, pre-conditioning business, built some grow yards, and then got the opportunity in 2013 to move to Vinita, Oklahoma. Primarily doing my order buying business and had the opportunity to start some ranch consulting businesses.

We're managing about four other ranches besides our operation.

When I came over here the bull deal was my big problem. I knew what kind of cows I wanted, and I can fix that, but I was drowning in information about bulls. They had EPDs, they had DNA, they had all this stuff that I was supposed to know about. I studied that and tried to do a good job with it, but phenotypically I was sick of what I was doing. So I thought, as many bulls as I'm going to have to have, I've got to find somebody that I can trust that's forgot more about this bull deal than I'll ever know. That's how I got tied to Jason so tight, because he's the complete package as far as knowing the industry, knowing the bulls, knowing the genetics, and being honest on top of all of that. And that's a vital part of this operation.

If I'm going to buy going to buy Hereford or Angus bulls, I'll just call Jason and tell him what I want. I've never been up [to their ranch] and I don't really feel like I need to go. Everything, every time, is 100% just like we talked about. You'll see in these videos and pictures, what he's done for our cow herd.

One deal that really worked good is I had a set of replacement heifers and we're not doing any AI work anymore and I needed some heifer bulls. I called Jason and he sent me a set of black heifer bulls. We got like a 92% conception rate and we pulled one calf. So I'm sold on the Herefords, I'm sold on the Angus, and I'm sold on the Hoffman program.

The old saying is "The proof is in the pudding." Our calves, the ones on that video are less than sixty days weaned. They're all still together. The videos you'll see is 100% of that calf crop. I mean just the length, thickness, uniformity, and bone. It's all a complete package. It's all there. And it's all been done through the bull side.

- Mark Yazel, Yazel Land & Cattle Company, Vinita, OK

# our biggest win ever!

**HAROLDSON'S UNITED 33D 36G  
#44096841**

**2021 Supreme Champion Bull  
Cattlemen's Congress - Oklahoma City**

For years, we have downplayed and hid our success in the showing to our commercial bull buyers. The showing often portrays cattle that don't relate to the real world. This simply is not accurate. Several of our herd bulls that have won Denver or have been members of our Champion carloads have been breed leaders or gone on to produce hundreds of range bulls. We use the show ring to compete against the nation's best. Believe me...when you take cattle out there, they are picked apart from their head to their tail and from their top line to their feet.

Haroldson's United 33D 36G was named Supreme Champion Bull over all breeds at the Inaugural Cattlemen's Congress in Oklahoma City with over 9,000 entries. This portrays our biggest win ever. He is a very easy fleshing, sound structured bull who is ideal on his feet and legs. He comes from one of the best cow family's in the Hereford breed. If he breeds true to his phenotype, he will be used extensively in our program for years to come. He should be a great impact on the commercial cow/calf industry. He is as practical as you could make one.

# hereford

*This set of Hereford bulls we are extremely excited to put in front of our valued customers. My dad has put a lifetime into the Hereford breed and feels that our cattle are the best and most useful they have ever been. We have worked hard to make this a balanced set of bulls, and what I mean by balance is that these bulls can work in any environment, in any region of the United States. At the same time, their sisters bring the fleshing ability and maternal traits to survive in the future of our program. We have put true muscle into this breed and have always made phenotype, structure, and doing ability into these cattle. Many commercial ranches have used full brothers to our nationally competitive bulls that have had large success in places like Denver. The longevity of these bulls makes it extremely hard to have repeat customers needing Hereford bulls every year. Not just here at Hoffman Ranch, but the Hereford breed will outlast any other in true range environments. Longevity and disposition are two things that will never be bred out of Herefords. Hoffman Ranch does show on a limited basis, but has never tried to breed show cattle. We show the cattle we breed and are proud of the fact that they hold their own against the nation's best.*

**Homozygous polled.** This pair of flush mates is extremely good. This is a bull we would like to use a lot of semen on back in our herd. He's got all of the bells and whistles. He's got a clean head with great pigment and carries it well. He has an abundance of rib and is exceptionally easy fleshing. The 135U cow is also the dam of Hometown 27A and 63A. We were fortunate enough to own this cow at the end of her career and are extremely excited with what she's done, but this lot 1 Perfecto son is as good of a Perfecto bull that we've had to date. I think he's very unique and he is a beef bull who should make outstanding females. Perfecto has been our go-to heifer bull for four years now. The cattle are moderate at birth and have good vigor. This bull really makes a first calf heifer look good as the calves get big on their side. There is a lot of growth from birth to weaning. I like these cattle in terms of practicality a whole lot. They have true length, rib shape, and muscle to them. They are sound structured and have a lot of quality. It seems like each set of Perfecto sons that we sell, just get better and better.

I thought the 7131 sons really highlighted last year's sale. They are high performing cattle that just get better and better with time. He adds a lot of pigment and true performance. These cattle are excellent in their structure, and the bulls are big testicled. I think the best part of this bull will be his females in production as both of his parents transmit a lot of udder quality. This bull will see a lot of use here at Hoffman Ranch and Cooper Herefords.

A very solid, middle of the road kind of bull. He's practical and rugged. He's got a lot of shape, with a long-body that is great on his feet and legs. He's done a really good job. I am really tickled with this set of sons that we are selling out of him. His mother is an elite Hometown daughter that we have flushed extensively. This is a bull that I believe that you can send his sons to any environment and they will work.

# we believe in our genetics.

**List your  
Hoffman Ranch Sired Calves  
on Hereford Influence.**

We are excited to offer you an avenue to market your commercial cattle that are Hoffman bred.

Whether you are selling them at the sale barn, by video or private treaty, we will list them free of charge to help you gain as much exposure as possible. We value Hereford influenced cattle and are striving to provide cattlemen from coast-to-coast access to quality genetics. Call today and list your calves with us!

HerefordInfluence.com will become a household name and trusted resource. LIST YOUR CALVES FOR FREE!

# angus

*It didn't take us long to be in this breed to make us realize what our priorities were going to be. We absolutely will not chase fads or use single trait selection. We feel as a whole there are plenty of cattle in this breed that have exceptional EPD profiles, so it is time to make them good, especially the feet and legs of these cattle. We have been able to identify leading herd sires that are as sound as our Herefords. While most of the breed will marble, we are making a goal to add real muscle to our Angus. We are now two to three generations deep in this breed with our breeding and are proud to offer this outstanding set of true power bulls with balanced numbers. We must all remember that we get paid by the pound, and we have to keep some true performance in these bulls, but first, they have to travel the range. In moving forward, we all need to focus on the basics and fault free, eye appealing cattle that offer longevity.*

# yearling angus

*Reference Sire*

1.14	0.61	0.86	71	162	273

Probably about as prominent of an Angus herdsire as we've owned to date. He really stamps his offspring. If you've seen one, you've seen them all. They are very uniform and high performing cattle that are long bodied, level out through their hip, and excellent on their feet and legs. He's a deep sided bull, whose numbers keep getting better as more progeny is getting entered. In my opinion, I would say that his mother is the best female that we own on the ranch, of any breed. She has several sons in the sale, lots 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 260, 261, 262, 263, 264, 265. If his daughters are half as good as his mother and his sire, there will be no holes in this bull whatsoever. He just fills so many areas. The constant comment about this bull is how awesome his feet and structure are. This bull will be used heavily for a long time to come, and I hope throughout the entire breed.

Just a cowboy's dream. Tons of mass and volume and fleshing ability. He's got some base width to him, is rugged, and exceptionally sound on his feet and legs. Just a really unique bull. We will have close to 100 calves born out of him in the spring of 2021, and he should have our largest sire group in next year's bull sale. There are only five this year, but he will continue to get used extremely hard. We AI to him, flush to him, and we turn him out for natural service. A bull that will be a huge part of our future.

**HEIFER BULL.** A big time herd bull prospect. As good of a bull that we have ever raised in any breed. Usually when you have one that numbers up like this, you're disappointed with their phenotype and that is far from the case here. This bull is one of the two or three standouts in the whole pen. Him and his full brother always catch your eye. This bull here is long, massive, and bold sprung. He weighs a load, is clean sheathed, huge testicled, and athletic on the move. He carries his head up high. This bull reminds me a lot of the Cowboy Up bull, but this bull will be able to work on heifers. He's correct on his feet and legs. He is just loaded with power and substance. His mother is as good of a cow that we have ever owned and someday I hope our entire Angus herd goes back to that cow, as we are going to use this bull through AI and we will also use his full brother and three maternal brothers we have already used. He is a maternal brother to Value Added who has done us a tremendous amount of good. There are a ton of Value Added sons in this sale, and they start off the yearling Angus division in the catalog. Big time potential here in this bull. Top 1% \$C, Top 1% \$F, Top 1% \$W, Top 1% CWT, Top 1% RADG, Top 1% YW, Top 2% \$AxJ, Top 2% \$B, Top 2% \$M, Top 2% WW, Top 3% MH, Top 4% Angle, Top 4% YH, Top 5% HPreg, Top 5% REA, Top 10% \$AxH, Top 10% CED, Top 10% Milk, Top 10% SC, Top 15% Doc, Top 20% BW, Top 20% MCW

A full brother to lot 228. Phenotypically, you could not draw a better bull. He's good looking, carries his head up high, very correct when he's on the move, laid in neat through his shoulder. He's a bold sprung bull who packs a tremendous amount of power back through his hip, yet is extremely sound on his feet and legs. This bull has been a favorite of many people that have already been through this winter. I love this bull, and I think that as a mature bull he's the type that will last forever. He's the type of bull that we want to use back here via AI. I just see a tremendous amount of good in him. Like his brother, he's huge testicled. Again he is out of a cow that I wouldn't trade any other cow I know of for. Top 3% WW, Top 4% YW, Top 5% \$W, Top 15% \$AxH, Top 15% \$AxJ, Top 15% CWT, Top 15% MCW, Top 15% REA, Top 20% \$B, Top 20% \$C, Top 20% \$G, Top 20% MH, Top 20% RADG, Top 20% SC

Really impressed with this set of Growth Fund sons. They're very practical cattle, that have a lot of mass, substance, and rib shape to them. For moderate framed cattle, they weigh a lot. True performance in a moderate package with a ton of fleshing ability, extra shape, and are good testicled bulls that are sound on their feet and legs. We like our replacement females as much as we like the bulls.

**HEIFER BULL.** A good shaped, big topped bull who has an expressive stifle and is square at the ground. Top 1% DMI, Top 5% BW, Top 10% CED, Top 20% Angle, Top 20% Claw

**LOT 266**

**HEIFER BULL.** The biggest framed of the three brothers. He's a very level designed bull that's deep in his forerib and carries that all the way back to his flank. He's a good looking bull who carries his head proud that is great on his feet and legs and is easy fleshing. He also froze high quality semen at twelve months of age that we've used in our fall herd. He's laid in so neat, and has a herd bull head to him. He is very unique, it's just tough to raise cattle this good and let alone for a heifer bull to look like this is pretty exceptional. Top 1% \$W, Top 1% Doc, Top 1% YW, Top 2% WW, Top 3% RADG, Top 4% \$F, Top 4% CED, Top 4% CWT, Top 10% \$C, Top 10% \$M, Top 10% BW, Top 15% \$B, Top 15% CEM, Top 15% MCW, Top 20% \$AxH, Top 20% Angle, Top 20% Claw, Top 20% MH, Top 20% PAP

**LOT 267**

**HEIFER BULL.** Sale feature. Here is a bull that is incredible on his feet and legs with a tremendously stylish look. He is extremely stout and powerful with a massive rib. A very well made bull that blends together extremely well from his shoulder all the way back to his hip. He's a long bodied bull that just has an unequal pattern. This is a bull that we have really high hopes for. We love the number spread on this bull and he matches it second to none with phenotype. We collected semen on this bull at twelve months of age and we used him in our fall calving herd. The 3839 cow is the mother of this flush, and lots 228, 229, 230, 247, 248, 249, 253, 266, 267, 268 is as good of a cow that I know of in any breed and she is one that it would take a fortune to trade us out of because I think she is so unique and pretty much irreplaceable. A well made, very well designed bull. Top 1% CEM, Top 2% CED, Top 2% YW, Top 3% \$W, Top 3% WW, Top 4% \$F, Top 4% CWT, Top 10% \$C, Top 10% Doc, Top 10% MH, Top 15% \$AxH, Top 15% \$AxJ, Top 15% \$M, Top 15% MCW, Top 15% RADG, Top 20% \$B, Top 20% Angle, Top 20% BW, Top 20% Claw

This bull has been a phenomenal turn out bull for us to use. He doesn't just excel in any one area, but there's nothing wrong with the cattle. They're practical and have something to them. They're well made, eye appealing cattle. This set of two-year olds that we calved out of him this last fall was as nice of a set of Angus females as we have ever calved. We will continue to use Top Shelf and his influence in our herd for a long time to come.

# simangus

*We started producing SimAngus bulls for a couple of reasons. The first reason is that we had customers asking for them. The second reason is this is a second breed to Herefords that PAP well at elevation. With that being said, if we're going to own them, we are going to try and make them as good as possible. Our goal is to improve the breed in places that we feel needed help, which is mostly structure and longevity. We have been extremely impressed with the true red meat yield that these cattle possess, as well as the milk flow on the maternal side.*

*Moving forward, we will continue to improve these cattle from a balanced trait selection.*

# yearling simangus

## 1/5 HOFFMAN RANCH

modern, stout, functional

# Customer Appreciation Custom Saddle Giveaway!

At the end of the bull sale and before we sell the females, we will be drawing for a custom built Hoffman Ranch saddle made by Britt Ellerman.

For every bull you buy, your name gets entered into the drawing.

10 bulls = 10 entries! Must be present to win. Other prizes will also be drawn after the saddle!
