

JC Heiken Angus & Sons

14th Annual Production Sale

Tuesday, February 23, 2021

1:00 pm

Miles City Livestock Commission

Miles City, Montana

SITZ LOGO 12964

AAA # 17746620

Welcome to our 14th sale offering of **JC Heiken Angus and Sons** bulls! We are pleased to once again offer you the top 136 of 350 yearling bulls.

Our family has ranched at Broadview, Montana for 4 generations. Though we run our cows together as one herd, each family owns their own cattle and are registered under their own prefix.

This year's offering includes bulls off some of the nation's top herd sires, as well as some of our own tremendous sires we have hand picked over the past several years. The EPDs on these bulls have been enhanced using AGI's AngusGS testing, with parentage verification.

We AI a large portion of our cows in the spring. The calves are raised on hard, dry land pasture. They were weaned in early October and were fed a ration of alfalfa hay and wheat hay (harvested before heads filled with wheat) along with wheat midds, corn and beet pulp. The bulls are developed in large pens where they get lots of exercise, ensuring good, sound feet and are ready to work for you.

We try to produce bulls weighing 1250 - 1400 pounds by the time we deliver in early April. **We will winter them until then at no charge, with free delivery. Any bulls taken home from today's sale will receive a \$100 discount.** In order to obtain more accurate readings, we wait to fertility test until later March when the bulls are older and the weather is warmer; at that time, all bulls will be fertility tested by our vet, Dr. Dael Householder, DMV, and guaranteed fertile before delivery.

Feel free to stop by the ranch anytime to preview the bulls, see the cows, or simply say hello. We will once again host a free luncheon before the sale, so come early. The bulls will be penned at the stockyards on Monday, February 22 and videos of the bulls can be viewed on line at www.superiorlivestock.com.

Bull Viewing

Bulls can be viewed anytime at the ranch up until the Monday before sale day. Bulls will be shipped to the stockyards and can be viewed there on Monday, February 23 and on sale day. Videos of the bulls are also available at www.superiorlivestock.com. The sale will also be broadcast on Dish Network Channel 997.

Genetic Verification

All bulls have been DNA tested using AGI's Angus GS, powered by Neogen GeneSeek, genomic testing with parentage verification and enhanced EPDs. All bulls have been tested free of all known defects. EPDs are current as of 1/17/2021.

Terms of Sale

All bulls sell under the suggested Terms and Conditions of the American Angus Association. All bulls must be paid for in full on sale day. Any announcements from the sale block take precedence over any printed material.

Guarantee

All bulls are guaranteed to breed for the first breeding season. If the bull is unable to breed for any reason, you have the following options:

- Replacement with an equal or better bull;
- Credit in next year's sale; or
- Full purchase price back, less salvage value

Health and Breeding Soundness

All bulls are eligible for delivery anywhere in the United States. All bulls will be checked for breeding soundness and fertility after the sale, and will be guaranteed sound and fertile at time of delivery.

Nutrition and Feeding Analysis

Nutrition and feed rations have been evaluated and supplied by Tod Shenton, PhD, with Cache Consultants.

We will be retaining 1/3 semen revenue rights on all bulls sold in the sale.

JC HEIKEN ANGUS & SONS

14TH ANNUAL SALE

Welcome to the 14th Annual JC Heiken and Sons Bull Sale.

Ron Frye Marketing believes that bull buying is an essential part of any cattle operation. The genetics purchased each year are the building blocks for future generations of your cow herd. We are proud to be a part of this sale and the influence the Heikens have on their customers' programs through the years. We would hope that our knowledge of this sale offering would be beneficial to your quest of building a superior cow calf operation.

We are available to talk with you anytime and answer any questions you have about the cattle or the program. We look forward to assisting you and learning about your needs. Call us prior to the sale for any of your bull buying needs. If you are unable to attend the sale and need help purchasing bull(s) we would be happy to assist you in any way possible.

Thank you for your interest. Please come say hello to Randy or I on sale day.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing on line prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go on line to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid This is Superior's online bidding program for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a user name and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction The sale will be broadcast via satellite on SLA-TV (DISH Network channel 997). Please note that there is a delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on. The sale will also be broadcast live in Hi-Definition on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com. The video feed on the homepage of www.superiorlivestock.com looks the same as the video feed on TV and can be watched over a smart phone or tablet. Remember you can call in to bid whether watching on the TV or on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid".

Buyers will be contacted by the ranch after the sale for payment and delivery details.

IF YOU NEED ANY ASSISTANCE CALL SUPERIOR AT (800) 422-2117.

+26	-.3	+28	+.40	+.54	+.041	+97	+66	+57	+95

Logo remains a major player in our herd. His fertility, disposition and phenotype are examples of the qualities we strive to provide in our cattle. Logo is the 2nd highest bull in the breed for HP and in the top 1% of the breed for \$M. His daughters continue to be our favorite set of females; they are some of the thickest, wedge-shaped cows on the ranch with superior udders.

Achieve a better breed up with Heiken genetics. Highly fertile cattle have always been an important attribute in our herd. We won't trade high carcass EPDs for poor fertility. Many of our herd sires, past and present, rank in the top 1% of the breed for HP. **What does HP mean to you?** HP (Heifer Pregnancy) is a selection tool to increase the probability or chance of a sire's daughters becoming pregnant as first calf-heifers during a normal breeding season. Logo ranks #2 in the breed for HP, while Spur E119 sits in 5th place and Sitz Top Seed 539x at number 11. GDAR Justice 622, the sire to many of our top cows, was number one in the breed for HP for many years and still boasts a 23.1 HP. The average HP in this year's offering sits at 15.6, which is the threshold for the top 10% in the breed; more than 25% of the offering sits in the top 1% (18.1 HP or better). With our emphasis on fertility, as illustrated in our offerings EPDs, you can expect a better breed up in your herd.

+94	+.8	+59	+.51	+.79	+.024	+84	+75	+107	+154

E119's EPD spread, along with his steep hoof angle, make him an excellent fit in our herd. Spur is #5 in the breed for HP and in the top 2% for \$M. We are impressed with his SC of 2.15 while posting strong carcass EPDs. His daughters are clean and pretty fronted and showcase the Heiken look.

Get more dollars per head with Heiken genetics. According to the American Angus Association, \$M, an index expressed in dollars per head, is used to predict profitability differences in progeny due to genetics from conception to weaning. The underlying objective being producers will retain a portion of the female progeny as replacements and sell the rest of the cull females and their male counterparts as feeder calves. The model assumes commercial producers will replace 25% of their breeding females in the first generation and 20% of their breeding females in each subsequent generation. \$M evaluates traits such as calving ease direct and maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight and foot score EPDs (claw set and foot angle) - providing a good overview of the whole animal. Logo and Spur E119 sit atop the breed for \$M boasting +97 and +84 which puts them at 1% and 2%, respectively. In addition, the \$M average of this offering is +75, placing them in the top 10% of the breed. Thirty-five of the bulls sit at +88 or better putting them in the top 1%.

Our recommendation for heifer bulls is determined by reviewing the bull's birth weight and EPDs, as well as the dam's previous progeny to verify there is no high birth weights for at least two generations.

When creating our contemporary groups at weaning, we keep our groups large making them more meaningful. We use the same contemporary groups, then, for yearling groups.

American Angus Association \$Value Indexes

\$Values are multi-trait selection indexes expressed in dollars per head, to assist commercial beef producers by adding simplicity to genetic selection decisions. A \$Value has meaning only when used in comparison to the \$Value of another animal. For example, just as with EPDs, variation in \$Values between animals indicates average expected differences in relative value of progeny if random mating is assumed and the calves are exposed to the same environment.

Maternal Weaned Calf Value (\$M): an index expressed in dollars per head, predicts profitability differences in progeny from conception to weaning by decreasing mature cow size and improving docility, foot structure and fertility while maintaining weaning weights consistent with current production.

Weaned Calf Value (\$W): an index expressed in dollars per head, is the expected average difference in future progeny performance for preweaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

Feedlot Value(\$F): an index expressed in dollars per head, is the expected average difference in future progeny performance for postweaning performance compared to progeny of other sires.

Beef Value(\$B): an index expressed in dollars per head, is the expected average difference in future progeny performance for postweaning and carcass value compared to progeny of other sires. The \$B value combines the contributions of \$F and \$G.

Broadview was our high-selling bull in the 2020 sale to ABS Genetics. He brings to the table style, maternal, performance and end product. Broadview is tremendously long bodied; he sports a long level top that carries out through his front and anchored with a big, powerful, deep rib cage.

Stunner was our pick of Musgraves 2020 Spring Sale. His growth and maternal EPDs fit in with our program. His mother raised Skinner Ranch's pick of Musgraves 2019 sale. We are excited to see his progeny.
