BULLS SELL IN THEIR WORKING CLOTHES!!!

Lucky 7 Angus is the Nation's leader in selling real world bulls in their real world clothes. This allows us to offer the Nation's only 4-year guarantee. These bulls will not be near as fat as our competitors' and thus will have better feet, legs, and fertility to breed more cows for you. The 2-year-old bulls were fed a high roughage ration not exceeding 41-42 NEG, and the yearlings' ration never exceeded 46 NEG. These rations are far better below our competitors. It is widely known overfed bulls have feet problems and break down, but what you may not realize is that it also causes fertility issues.

Tenderness Testing

For the past 4 years we have been tenderness testing bulls using cutting edge technology that is more sophisticated than human medical equipment. It measures the muscle bundles, which is directly associated with tenderness. Just one more tool we believe could make our customers more money in the future. Very few seedstock producers can offer this. 80% of the bulls in the sale were evaluated. Tenderness scores are put into ratios by Dr. Openshaw.
