Sandy Ridge Address: 89868 472nd Avenue, Atkinson, Nebraska 68713

It is my pleasure to welcome you to the 33rd Annual Wulf Cattle Opportunity Sale. We made the decision several months ago to once again conduct the sale as an **online only** event. This year, visitors are welcome anytime prior to the sale to view the offering. We have scheduled an **Open House on March 30th & 31st**; during these two days we will have the offering on full display. The Wulf Cattle Team is appreciative to have the additional time this format allows to visit with you about your program's needs and to review the performance of your previous calf crops.

The bull offering continues to get deeper in quality and more consistent each year. This year's offering is stacked with growth and carcass traits, all in animals that have exceptional dispositions and longevity. We are offering spring and fall yearling herdsires that are semen tested and ready to go to work. There is a great selection of both red and black bulls that are Purebred Limousin, Lim-Flex® and Angus. The heifers represented are direct from our replacement pen and will add to the programs of the most conscientious seedstock producer or the most progressive commercial operation.

We continue to do a vast amount of performance and carcass trait testing to prove that our genetics are designed to be the best suited for today's beef industry. Our program has always contributed large amounts of performance data. This past year, we submitted an unprecedented amount of carcass data to the IGS EPD evaluation. All of this data contributes to the accuracy of the EPDs which we use to design future generations of seedstock. These numbers are also provided to use when selecting your next herdsires. An abundance of data gives us the knowledge that our Limousin genetics are as efficient as possible in producing the most profitable and predictable cattle in the business.

If your schedule works to attend our Open House, we would love to show you the cattle and some hospitality. If you can't be in attendance, we will do our best to help you fill your seedstock needs on sale day. Videos will be available two to three weeks prior to the Open House on our website (www.wulfcattle.com), Superior Livestock, or DV Auction. Bidding for the **Opportunity Sale on April 8th** will be available online or contact any of the sale staff for order buying. Satisfaction with your purchase is always guaranteed.

As always, if you need any additional information or want to visit about our offering, please don't hesitate to call, text or email.

Regards,
Casey Fanta

Sweetgrass Veterinary Services

418 S. Main St. • Dimock, S.D. 57331 • (605) 299-4255

The crew at Sweetgrass Veterinary Services is eager to assist everyone at the 2021 Wulf Cattle Opportunity Sale! We are honored to continue to perform the herd health preparation for the sale. If the past year has shown us anything, it is that cattle producers are some of the strongest people around. We have to put our heads down and keep moving forward towards the goal; producing healthy cattle and a quality beef product.

Several days were spent performing breeding soundness exams which included evaluation of semen motility and morphology, scrotal measurements, hip heights, and visual examination of hoof and leg conformation. To reduce stress and times through the chute, yearling bulls were also carcass ultrasounded by CUP Lab certified tech Jeff Schoenfelder at the time of the breeding exam.

All sale animals have received vaccinations for IBR, BVD, PI3, BRSV, Lepto, Vibrio, Clostridial diseases, and poured to control external and internal parasites. The heifers have also received their Brucellosis vaccination. Administration of magnets were given to both bulls and heifers for the prevention of hardware disease. Wulf Cattle tests all breeding stock for John's disease and has a zero tolerance for positive tests. These animals and their offspring are removed from their breeding herd to ensure the future health of your herd.

We will be readily available on sale day and can be reached at 605-928-8387 or vet@sweetgrassvets.com anytime. We will be issuing electronic official health papers for lots sold outside of Nebraska the day of the sale. To assist us in this process, please provide your email and the physical address of where the cattle will be delivered when you sign up for a bidder number. Please refrain from using P.O. Box numbers. You may also find it convenient to download the MyVetLINK app to see your health documents as they are created. In good practice, we encourage a three-week quarantine period before contact with your herd to allow the bulls to get through the high-risk time following the stress of transportation. We also suggest working with your local veterinarian in preparing your bull for breeding by repeating a fertility test prior to pasture turn out.

Lots of Health and Happiness to all,
Erik Holum DVM

Dear Friends & Fellow Cattlemen,

Having lived through 2020, it will go down in history for each of us as quite an experience! I strongly believe that we find out what we're made of and build true character during the tests and trials of life. We all prefer comfort, safety, and prosperity; yet it is through challenges and struggles that growth and our betterment more commonly occur.

The beef industry of 2020 was not spared from the many repercussions of COVID-19. Processing disruptions, food service shutdowns, and empty meat cases were the beginning of woes that none of us expected or were prepared for.

There were some very interesting things we learned through it all that excite us, and have the potential to create opportunities for beef producers that want to participate. It became clear that beef demand is still robust even without food service. Observing the retail demand as Americans treated themselves to beef at home was incredible. At Wulf Cattle, we have seen a spike in our demand for third-party Verified Natural cattle. Having a steady supply of Verified Natural fed cattle with known genetics was a real positive for us in the midst of the COVID-19 disruptions.

To those utilizing our genetics and supplying Wulf Cattle with value-added feeder cattle we say, "Keep up the good work!" Keep your calves Age & Source Verified, and Verified Natural. Also, if you have not gotten yourself and all ranch employees BQA (Beef Quality Assurance) certified, please do so. You can get certified online at www.bqa.com.

I would like to close by extending a hearty welcome to attend our Open House at Sandy Ridge Ranch March 30th & 31st. We invite you to come see the bulls and we'll have coffee together. We can discuss your calf data and value-added program opportunities, or anything you'd like to chat about. Lastly, our 33rd Annual Opportunity Bull Sale will be held online only April 8th.

Safe travels, and we'll see you soon.

Kind Regards,
Jerry Wulf

Mainstream Markets—Terminal Sire

This index scores bulls for terminal sire use to produce calves for the mainstream market. Their calves may be sold at weaning or retained in the feedlot and sold for cash or on the grid. Growth traits are given the most emphasis in this index, followed by carcass traits that emphasize a balance between muscle and marbling.

* Indexes on all yearling bulls are based on EPDs only. They will be recalculated in March to include actual yearling data and visual scores. The updated indexes will be published on the Supplement Sheet and available one week prior to the sale at www.WulfCattle.com

- Wulfs Hyannis 4785H is the heaviest muscled member of our National Champion Limousin Pen of Three
- Super deep sided for a wide topped, thick hipped bull with exceptional muscle expression
- Charted a 38.5cm scrotal at 10.5 months of age in OKC
- Lower birth weight, more REA and lower YG than his sire, Wulfs Eisenhower 3616E, who is siring high performing cattle across North America
- Disposition is impeccable

GE-EPDs
North American Limousin Foundation

**The Value of Genomic-
Enhanced EPDs**

Limousin breeders and their commercial customers benefit greatly from new breeding and selection tools. The North American Limousin Foundation (NALF) has been publishing genomic-enhanced EPDs (GE-EPDs) since the fall 2015 international cattle evaluation. This provides GE-EPDs for all Limousin and Lim-Flex® animals that have completed DNA testing for genomic profiles.

GE-EPDs provide more precise EPDs based on a combination of pedigree, phenotype, and DNA. One major benefit is risk reduction through increased accuracy value on many traits - equivalent to having 8-20 progeny. This saves time when assessing young breeding stock and delivers commercial customer confidence when buying seedstock.

GE-EPDs also give the chance to collect data on economically important traits, which are expensive or difficult to measure.

The information from the genomic data can be as informative as a bull's first calf crop or a cow's lifetime production record. Since the genomic data is incorporated directly into the EPDs, cattle producers will not have to learn how to interpret the new data.

Animals that are genomic-enhanced will have the NALF GE-EPDs displayed on their animal detail screen and performance reports in the NALF-DigitalBeef platform. Traits that are genomic-enhanced are highlighted in yellow on these reports. Also, look for the GE-EPDs logo on animals, and in ads and sale catalogs.

Call Superior Productions at 800-431-4452 and pre-register for your buyer's number.

We hope you can join us sale day. However, we know there will be some scheduling conflicts and distance limitations. In these cases, we have arranged for you to be able to participate in the sale on an absentee basis.

If possible, you can come by and evaluate the animals prior to sale day. If distance is a problem, we can also provide you with a DVD of all the cattle for home viewing. All of the lots in the sale will be available for viewing online prior to sale day at Superior Livestock as well.

Customers tell us that the video does a good job of showing conformation, structural correctness, and how the cattle travel, etc. Our sale book, with complete data on each animal, is very helpful. Please feel free to call us with questions.

HERE'S HOW IT WORKS

Please call Superior Productions at 800-431-4452 and pre-register for your buyer's number. A registration form needs to be filled out and returned to Superior Productions with a signature. This registration form is also available on the website at www.SuperiorLivestock.com under the Regis-

ter for a Buyer Number/Superior Productions tab where it can be printed, completed and either faxed or mailed in. Upon receipt of this information Superior will call you with a buyer's number and the bid line number that you will use on sale day to place bids over the phone.

The sale will be broadcast on the internet at www.SuperiorLivestock.com. Simply go to the website and in the brown Production Auctions box on the Home page, click on the Wulf Cattle Sale Link. From there, users can view the Wulf Cattle video catalog and also bid online, provided they have registered. Regardless of internet connection, you will be able to view and listen to the same video feed as seen on the satellite. The bidding process is the same—follow the auction on the internet and call the bid line number to place your bids. Your computer must have Flash Media Player installed to view the auction.

Bidders making purchases via internet at www.SuperiorClickToBid.com will be contacted by Wulf Cattle after the sale to settle payment and shipping arrangements.

DVAuction

Broadcasting Real-Time Auctions

Watch & bid online for FREE at DV Auction

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction—a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases! After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding. Be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

PROXY BIDDING: If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Open House **at Sandy Ridge Ranch**

Tuesday, March 30 & Wednesday, March 31

8:00 AM to 5:00 PM

Serving breakfast and lunch both days

We invite you to join us at Sandy Ridge Ranch and spend the day leisurely walking through the sale offering. Since the 33rd Annual Opportunity Sale is VIDEO ONLY, this is your chance to be onsite and appraise the sale offering.
