...is proud to be working with Superior Productions to offer you high quality video's of this year's auction along with Absentee Buyer Options. When you can't be here in person, here is the 2nd best option to join us at this year's Cody Horse Sale! **Registration deadline May 7th. Financial Ability Required**

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding platform. Please note that high speed internet is required – **this is not for dial-up or satellite internet**. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

*If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.

Welcome to the Best of the Rockies - Cody Horse Sale

Auction Terms & Conditions

Accuracy of all information expressed in the catalogue pages (s) is the sole responsibility of the consignor. Consignor shall have full responsibility to examine the catalogue page (s) on any & all horses consigned by him/her & prior to the sale of said horse (s) shall report any inaccuracies of said horse (s) in the sale ring for announcements to be made prior to the sale of the horse (s).

Private Sales: Absolutely no private sales allowed before the auction. Consignors have entered into a binding contract with each horse consigned and horses must be sold at auction with Clark Management Company. By selling horses prior to the sale it is unfair to the buyers who have traveled to the sale to purchase horses consigned.

Sales: Each horse will be sold to the highest bidder without reservation. The auctioneer will decide any disputes that may arise & his announcement will be final.

Buyer Numbers: Driver's License Required to obtain Buyer Number.

Payment Day of Sale: Cash, Cashier's Check or Personal Check with Bank Letter of Guarantee appreciated. By making payment using a Credit Card, the transaction will waive any and all refunds.

Ownership: When a horse is sold, the buyer shall sign the Acknowledgement of Purchase immediately following the purchase at auction. Title passes when the hammer falls & the buyer will acknowledge his purchase by signing the Sales Receipt. When title passes, the buyer will be responsible for proper feed & care of the animal. The buyer will be responsible to pick up the horse by **May 11, 2020**, at 4 p.m. or a daily stall fee & feed fee will be due.

Guarantees: Each consignor will be totally responsible for guarantees they make on their animal(s). Absolutely no guarantee or warranty will be expressed or implied by the auctioneer(s), ring men or Clark Management Company. The guarantees of each animal will be made only from the auction block & sale ring while the animal is being sold. These guarantees are recorded and will be used as reference for any disagreements.

SOUNDNESS does **NOT** guarantee a **VET CHECK**. If the buyer wishes to have a prepurchase vet check, it must be done prior to the Auction. Please contact the consignor and make arrangements with a vet near the consignor OR with a vet in Cody or Powell **at the buyers expense**. The Prepurchase vet check does not imply or present any guarantee for the soundness of any horse sold in this auction. It is the full responsibility of the buyer to have his hired vet clarify the horses soundness to the buyers satisfaction and shall not make or imply that Clark Management Company, their heirs

or owners, are liable or responsible for any vet check completed on any horse in this auction.

Each Horse sold at the Best of the Rockies Horse Sale is required to be guaranteed sound by the consignor as follows:

- 1) **sight out of both eyes**
- 2) **will not crib**
- 3) **will be correct in the air**
- 4) **will beat on all 4 feet soundly.**

If a horse is not considered sound by the above standards as set by this auction company, the buyer has until noon on **May 10, 2021**, to have Jake Clark inspect the horse. Jake Clark will make the final determination as to soundness of the horse by the 4 standards as described above. If the horse is considered unsound, the buyer will be returned his purchase price, less fees. The seller of any unsound horse will not be paid for the horse & will be responsible for any fees in conjunction with the sale fees.

Buyers must do their homework to make sure the horse they buy is the one they consider sound and the one they want to buy! When the Bid is accepted by the auctioneer the bid for that horse is considered accepted whether the bidding is in person, by phone or by the internet. Incorrect bids is the sole responsibility of the buyer.

Releases: No horses are to be removed from the premises until paid in full & sales receipt received. Trucker or transporter must have possession of sales receipt to remove animals from the area.

A Brand Inspector will be on sight on sale day.

A Veterinarian will be on sight on sale day to provide the required Health Papers for horses going out of state.

Registered Papers: Clark Management Company will provide registration papers and transfer to buyer at time of payment. If for some reason the registration papers were guaranteed but not available, consignors payment will be withheld until the papers are produced and guarantee of delivery to the buyer.

Liability: Buyers, sellers & spectators are cautioned to exercise care while attending the events and/or sale & enter the premises at their own risk. The Best of the Rockies Cody Horse Sale, Clark Management Company, its agents & associates, shall not be liable for injuries sustained by anyone or any animal, attending or involved during any riding at Cody, Wyoming Best of the Rockies Cody Horse Sale previews or sale.

The Sale will be conducted by Clark Management Company, bonded & licensed with the Wyoming State Livestock Board.

• A classy 14.3 hand sorrel roan gelding with a lot of chrome! Luke is a really nice gelding who is there for you all day inside or out of the arena. In the arena, Luke has a great reined cow horse foundation, but we have ventured off to the ranch with him as he has all the qualities one wants in a perfect ranch horse. He has also been hauled to major NCHA events as a turn back horse at the cuttings. You cannot out gather or sort Luke- he is loaded with cow!!! Ridden in the Prescott National Forest on the trails, he has a great ground covering walk, one you can sit all day. Luke rides in your hand, has a rocking chair lope, spins, stops, and knows some tricks!! Watch for Luke in the Ranch Horse Competition. Sound, UTD on worming, dental and farrier. Give us a ring to chat with you about Luke 406-381-2347.

• Rio is as nice of a crossbred as we've ever offered. He rides correct, quiet and always gentle. He's got a willing personality, wants to please and will stay broke whether he's ridden once a day, once a week or once a month. He's got the gentle soul that draft crosses are known for but has a lot of feel and ride to him. He moves around extremely easy and free. He's one that most anyone will get along with. NO SPOOK and no surprises with this nice gelding. He's been ridden by kids, ridden English and western and will work great in the arena, out on the mountain and trail or on the ranch working. He stands roughly 16 hands, lots of shape and great feet. He's solid and one we will guarantee to please. Will pack a flag, shoot off him or ride him bareback. We really really like this good gelding. Contact for additional info: 801-361-6772.

• Cashin In On Corona (aka Tyson) is a 2016 AQHA red roan gelding we home raised. Tyson is by Midnight Corona and out of a Chicks Beduino X Easily Smashed mare. He is a full brother to Buzz who is currently our good ranch rodeo horse and head horse. This colt shows the same personalities and athletic ability. He is super sweet, gentle, broke and kind hearted. Tyson has done everything you can do on the ranch from doctoring cattle, brandings, working corrals, and just gathering, to pulling kids on the sled in winter. He is a super nice branding pen horse and ranch horse! We have been taking him to a few youth rodeos to pick up on and he is starting to come around with that plus see the sights and sounds of town and nothing bothers him. Tyson has also been to Las Vegas for the NFR in 2019 working the stock taking it to and from the Thomas and Mac. He also did it again this year in Arlington Texas for the NFR 2020 and was down in the building during performances with the fireworks and light shows. So, Tyson has been and seen the big city lights. We also started heading on Tyson this past summer, we take them slow so he has maybe had like 20 to 30 live steers roped off of him, but he coming along really well and we feel will make a top notch head horse, plus has roped the heel-o-matic a lot. Tyson is very quiet and smooth riding and is one heck of a ranch horse. He is a horse that you don't have to ride everyday, can leave for weeks and hop on and go. Tyson is super smart, you show him once and he has it, which makes it so fun to train and ride him. He is a pretty go with the flow type of horse even our 6 year old daughter rides him around. If your looking for a nice ranch horse that is solid minded and everyone can enjoy plus teach and grow with, Tyson is your guy! Can call Luke at 605-484-8568 for a more information on him.

• Smalls is a flashy dun Percheron Quarter Horse cross gelding. He is a stand out: people stare and say "wow" when you ride by. He has good bone and feet. With a smooth, easy gait, he has been a pleasure to ride in the Rockies and on municipal trails, work both ranch and feedlot, and participate in arena events. Smalls has a good handle, rides on a loose rein, and responds to leg cues. He has a desirable slow trot and lope and will also sustain a ground covering long trot. Smalls sidepasses and has overall good body control. He is schooling shoulders in, haunches in, and leg yields. He has a balanced counter canter and has started flying lead changes. He is a steady, multi-talented mount with a lot of experience. He has been ridden by many riders of different skill levels and skill sets. He has a strong background in ranch work and trail riding but has also been started in working equitation and western dressage. He has roped and treated many yearling steers and gathered big country. He will work a cow. He walks quietly through cattle... quiet enough that most roping is just walk up and catch. He will drag almost anything. Smalls has worked in all kinds of weather, day or night. He rides out alone. He crosses water, opens gates, and works flags, whips, and ropes. He is traffic safe and has been around many bicycles, strollers, joggers, semis, dogs, wildlife, and a few llamas. Smalls stands quietly tied or to be mounted. He is easy to catch, shoe, and load. Smalls likes his blanket, he likes being brushed, and he likes you. He is ready for whatever task you have in store for him. Contact for additional info: 970-556-4820.

He has been ridden extensively on trails and easily crosses water, mud or logs. He spent many days in the Bighorn Mountains gathering cattle and isn't bothered by long days or rough country. Big Handsome will lope circles, picks up his leads, stops nicely, backs up and has good turn arounds, all while carrying himself nicely. He will go whatever speed you ask of him, be it fast or slow and is good climbing mountains (he started at the bottom of the one in the video) or is at home on the flats. Little Joe has been started on the hot heels, roping donkeys, ranch roping and started breakaway roping. Use him as a trail horse, take him to the arena or keep him chasing wild cows. Like all of our horses, he's currently being used as a ranch horse in the Owl Creek Mountains which can be anything from having a kid hop on him to ride drag or running down a lead cow or roping and pulling a bull into a trailer. He takes his job, whatever it might be that day, very seriously. No Vices, easy keeper, and a dream to shoe. • Lucy is a sweet half draft mare that is a favorite on the ranch and on the trail. She's one you can count on no matter the situation and easy to catch in the pasture. Jump on her halter and bareback or use her for riding lessons for a beginner. Lives in the mountains but has been to town for the parade and carried flags. Down timber, shale, water, ice and grizzlies this horse has been there and done that. Hobbles, electric fence, or picket by a front foot, she's been a bell mare guiding and taking care of hunters the pasted two years. She's led lots of strings and will fit in the front, middle, or drag. Packed meat, lions, wolves, horns, hounds, and it wouldn't take much to make a dressage horse. Can lope correct circles, flying lead changes, and has a nice side pass. Shoes, loads and good with ropes she'll even jump in the back of the truck. Contact for additional info: 1-307-587-6711.

• Meet, TDL Pete's Roan aka (Lucky). This horse is a 2015 AQHA Red Roan Gelding that stands 15.2 Hands and is roughly 1,100 lbs. He stands sound on all 4 and is correct in the wind. Shoes, loads and easy to catch. Ride him every day or leave him for a month. Lucky is the poster boy of a good all around horse. With his Roan color he looks like a horse straight out of an old western story. If you are not around the ranch don't worry, hop Lucky in the trailer and take him to the mountains. Lucky has seen some of the toughest trails in Northwestern Wyoming and has the heart and forward motion to get you to the high basins or meadows. Ride out alone or lead the string on him. He has had a pack and you can put him anywhere in the string. Hobble broke and won't leave you, this is the kind of horse we all want in the hunting camp or for a summer pack trip. Whoa now, Lucky can offer more. I have driven colts in the round pen off of this horse or simply caught him up for a beginner rider or kid and went for an evening stroll down a county road. I trust this horse for anyone to ride or be around. Use him in a feed lot, branding pen, open range or arena, he is exactly the size and mentality to Cowboy on all day. Lucky has the potential to be a Calf horse or Heeling horse. Jump on normal, bareback or double he doesn't care. Lucky moves easy off the leg and is very responsive. Look no further for the staple horse horse for your pen or pasture. Contact for additional info: 307-899-2086.

He is a team player and a best friend no matter what youre doing horseback. He is gritty and tough like a Montana ranch horse should be. We have had him in steep country where horses shouldn't go. Muri is sure-footed and brave. He is very level headed and takes things new to him in a professional manner. We have used this fancy gelding on the ranch and trailed cattle down the highway and thru town as well as out in the hills. Muri has been on a few coyote hunting trips as well as overnight camp trips. This gelding adjusts to wherever you take him and remains calm. He is great to catch each and every day and go for a leisurely ride or go to work. He crosses water.. we have taken him swimming in the river for fun and he gets along well with other horses. 100% sound and a pleasure to own and ride. He travels out nice and rides smooth as a rocking chair. The kids are constantly fighting over who gets to ride him. Scooby is so smart and strives to please whether sorting or roping or gathering rough terrain. He doesn't have a balky or sour bone in his body. • Benjum is a cool strawberry roan draft cross. His sire was a Belgian, and his dam was a quarter horse. He is one of a kind, with one of the best minds you can have on a horse. He is a people horse, likes to meet you at the gate, and loves attention. We have used him ranching pushing cows and roping. He is very cowy! He has a nice walk to him and he can keep his pace all day long. We have used him hunting. He has led the pack string and also been packed, but where he really shined is taking inexperienced riders into the rough country, they don't make a better dude horse. He is also broke to drive. I bought him from an Amish gentleman that told me you can't hook up wrong, and I believe him. There hasn't been anything that we wouldn't do for me. He is good with time off and always going to be the same horse. He is great to trailer, shoe and tie. The whole family loves him. Benjum will come with a completed pre-purchase exam. • Versace is a beautiful, 8 year old Gypsy Vanner cross gelding. He has been all over the Wyoming mountains trail riding and been used to guide off in hunting camp and been packed. He is very quiet to ride and handle. He shoes easily, clips, loads and trailers well. He crosses water, bridges and logs. We have used him to rope some yearlings and doctored calves off him. We've ridden him at the indoor arena quite a bit this winter. He stands 15.3 hands and has lots of bone and muscle. He is a real eye catcher with that signature black and white Gypsy coloring, long mane and tail. You will look right up town going down the trail on this fancy gelding. He is a bunch of fun to ride - he keeps his head level and has a steady way of going. He loves attention, another popular Gypsy trait and he loves to be groomed. He is looking for his forever home. • Gooders is friendly, intelligent, athletic, and willing. He takes to whatever task is before him. We have owned Gooders since he was a yearling. He has had 45 days of professional reining training. He is cowy and has worked and handled cattle in many different settings from ranch to feedlot to competition. Gooders excels at trail riding and trail courses. Logs, tires, trail noodles, noise makers, shooting, and numerous other extreme trail course obstacles were all covered during training. Bridges, traffic, semis, air brakes, tunnels, mountains, rivers, joggers, cyclists, kids, barking dogs, and other "real world" situations are a non-event for this outstanding, young gelding. He quietly moves out on the trails, alone or in a group. He is a natural leader but is happy to follow too. Gooders knows both leads and rides between the reins and off leg cues. You can pull him off green grass, and he'll ride off straight from the hitching rail. Gooders has had genuine time. He is not a trader horse, nor is he a 30 day wonder. He is built like a classic quarter horse should be: big hip, short back, long underline, short cannon bones, low hocks, wide chest, and a deep heart girth with a good spring of rib and withers enough to keep your saddle in place. He is wide and flat between the eyes with proportionate distance between eye and nostril. This fancy, buckskin gelding is the complete package. Riding through the mountains or desert, "Sabre" is our go to mare. She is built to last with big round feet, but at 14.1h she is easy to get on and off of. You will find this mare tracking cattle bareback, in a halter with a beginner on her without a worry in the world. She has the grit to keep going all day but is willing no matter who is on her back. MISS N CASH
LIZ MAC

• Here's a very, very sweet little dun mare; bombproof and gentle. She stands 14.2 and weighs approximately 1050. She is AQHA Ranching Heritage Bred; meaning that she is eligible for the Ranching Heritage AQHA classes at stock horse shows throughout the country. This mare is a great family horse, if you know how to ride, you will LOVE her. She is a very smooth loper. She's a big stopper and very, very cowy. She gets along with other horses, and is never 'marey'; basically acts like a gelding. We have had Aria since she was a weanling and we really want her to find her forever home. She is one of the most willing horses we have ever trained, and she adjusts to any level of rider. Our interns call her our 'go to' horse if you want to get a job done. She has bone and foot, is very well balanced, and has a set of withers that will keep your saddle centered. She is very easy to worm, vaccinate, and shoe. This mare meets you at the gate every day to go to work and rides off the same every time. We can't say enough about Aria, please don't miss out on her! And don't write her off as small, she has more heart than any big horse we have. We have hauled, and used her has a turn-back horse at the cuttings. She is absolutely great in new surroundings. Nothing bothers this mare! We guarantee this mare completely sound with no vices or issues. Please call for more information (307) 272-0782.
