VIC – Oh Boy, here’s a looker! He is black, has a stylish profile and is structurally correct! Old Bellwood, his Mama is 22 years old this year and is turned out in the retirement pasture. She has done a great job of raising colts by different stallions. The cross with “Nick” is a topper and I’m sure you will agree when you see him. Like all our two year olds, he was started under saddle in March and for 6 weeks prior to the sale, handled daily. Vic is an eye catcher and good minded as well.

HOWDY – This will be the last of this cross between ELS Scottish Nick and Wyo Siss. He is an attractive bay roan colt that has the breeding to become a nice saddle horse with size. Nick is now 21 years old this year so there might not be many of his offspring for sale in the future and definitely not of this cross. So take a good look. He has been halter broke, wormed several times, feet trimmed and handled daily for the past 6 weeks. He is a gentle minded fellow. Pictured on website.

TONTO is a classy little gelding that is quiet, gentle and rides like a ten year old. He has a lot of shape with an attractive head that will catch eyes. We have ridden him on the trails this spring and he is a popular mount among the girls. He's pretty and will only get prettier as he gets older and develops into an aged horse. This fellow is a good investment with his age, gentleness and has all his life ahead of him. He is registered in the AQHA but we are unable to trace his papers so he is selling "grade".

LAREDO – Take one look at this colt and you know you're looking at endless potential. With legs for days, Laredo is a supermodel in horse form. But not the supermodel that just looks pretty in pictures, no, the kind you see on the cover of Sports Illustrated, an absolute athlete who's easy on the eyes as an added bonus. But don't let his looks fool you, there's plenty of brain in there to match. He started with such ease and grace, you'd think he'd been ridden a thousands times before. It'll be hard to see Laredo go. Tattoo No. G92.

BUCK NASTY — Here is a flashy buckskin gelding by the beloved Wyo Sparky Shines. He is out of an own daughter of Nick who needs no introduction. He's a well-mannered guy who excels at all tasks. He is patient but always ready and willing to go for a ride. He can do all the ranch work that the bigger Flying B horses can but comes in a cute little package. I warn you not to take this horse out to show him off in public unless you're prepared to answer questions from folks who will want to buy him out from underneath you. Tattoo No. C91.

SAILOR is one SWEET horse! He will look you up in the corral and wants to be caught and petted. And he rides just as nice. He is smooth in all his gaits and well broke. His sire, Smooth As A Cat is a leading sire of cutting horses and his offspring have amassed more than 30 million dollars in earnings. We have had geldings by Smooth As A Cat in previous sales and we like them so well ,we are always on the lookout for them. Reason being is talent, but also gentleness and disposition. Sailor is all of those things plus he is a pretty little sorrel with a flaxy mane and tail. Reid has started him as a heel horse this winter.

His sorrel coat glistens in the sun as he is out working cattle or moving our 160 head broodmare band. Not much bothers him which was learned way back on one of his first big rides as a three-year-old. A friend's horse took to bucking right next to him but Newt just calmly looked on. When the rodeo was over, there was a cowboy laying on the ground and a riderless horse running towards him. GUNNER is about as useful a horse as I've owned. Big, very gentle, and really handy for a large horse. He's ready to go to the jackpot heading steers. He's roped and tied down about everything on the ranch. He's seen about everything a ranch can throw at you. Kids have roped off of Gunner and ridden him everywhere. Gunner was raised and bred on the famous Haythorn Ranch, so you know he's bred to be a ranch horse and handy. He's sure footed and knows what he's doing. Comes looking for you and very gentle to be around. Gunner covers all the bases for a guy who's done everything. SPOOK is a super attractive fellow but that isn't all!!! He is a people loving guy that will look you up for attention. Not only that if you like SMOOTH, that's Spook. He is bred in the purple being by Spooks Gotta Gun, Triple Crown Sire and out of a daughter of the Infamous Wimpys Little Step!! This gelding would be a great prospect for 4-H or youth events. He has been ridden many miles on the trails and Reid has tracked cattle on him. One of my favorites because of his disposition and smooth gaits.

Her bottom side is not to be forgotten either, as Smooth As A Cat is one of the cutting greats. We have three full siblings of Prosecco, all of which remain in the Bartlett Ranch remuda as aged geldings or broodmares. So take advantage of this rare opportunity and when you take her home, pop a bottle of Prosecco in celebration of adding her to your herd. Tattoo No. H135.

TITO – If there is a take away we all learned from 2020, it's to take joy in the little things and enjoy our time here. Haven't you always wanted a dependable mount that you can ride out and conquer the day?... Well stop making excuses. Tito is waiting for you to welcome him home and make the best of 2021 and beyond. My trusty steed has seen me through some harsh blizzards, helped me rope and doctor some ringy steers, and run some wild bunches of cranky mares. My loyal companion always made sure we got our work done and got home at the end of the day. These big, gentle, gray Flying B geldings rarely make the sale because Dr. Bartlett usually scoops them up for himself. PALOMA – Smooth, classic, simple, no need to over-complicate things. Just like her namesake, there's nothing not to like about this filly. She's as straight-forward and easy as they come. While rather new to the Bartlett stud collection, Very Platinum Cat has a great intelligence and athleticism about him that he always passes on to his offspring. Her dam never ceases to produce beautiful babies that have a huge presence about them. So call the bartender to pour you a Paloma and taste a bit of greatness when you bring her home. THEO is a big, beautiful sorrel that has been in the family since the beginning. He has been ridden with kindness and patience, and reciprocates that when you ride him. He is very gentle and curious about the next task at hand, whether it's working on the ranch, in the arena, or going into the mountains. He is very well broke and rides with a feather light rein. He is one that will give you his all, and at the end of the day is grateful to be a part of it. This is a gelding that will carry you through all things. SKIP has had good under-the-saddle training and riding this spring with Challis Whitlock. He is a big, stocky built gelding that carries a lot of muscle and bone, yet has good movement and conformation. He should be able to handle a calf in the branding pen or take you to the winner's circle in the arena. LESTER is an extremely talented young horse with his whole life in front of him. For 5 years old this horse has done more than most seasoned horses. Lester has been used in the feedlot and out in the open country to rope and doctor cattle on a big ranch in Washington. We have roped the hot heels on Lester and have started him on live cattle over the winter. Lester is an easy mover and can really walk out in the open country. This horse has the talent, demeanor, and head to be special. Don't miss this fancy young gelding! To learn more about this horse go to the following link. <https://greda16.wixsite.com/wipp horses>

RED REY — Here is a hand-made 14.3 hand, 1150 lb. gelding that is broke to do any job. He started his career off as a reiner earning \$2500 NRHA and since then has been started in the cow horse events. He shows a lot of expression on a cow and also has been roped on in the pasture. If you are looking for one to rope or rein, or simply just pleasure ride, here he is.

BRISBY – It’s hard to think of something that this colt wouldn’t be good at. Since he was a weanling, he’s been incredibly smart and has enjoyed showing off how agile he can be. Brisby is a looker and definitely thinks highly of himself. And it’s no wonder, looking at his pedigree – the racing greats on top and some sweet cutting lines on the bottom. He’s the cross of speed and cow that everybody likes and we’re proud to offer him in this sale. Tattoo No. G 137.

BELLINI is cute now, but she is going to be a stunner when she’s all grown up. Jed kept her full sister for our broodmare herd, which is a good indicator of the kind of quality filly she is. Bellini has shown herself to be very intelligent and excels most when she is learning new things. Her older brogher also sells in this sale as a two-year-old, and it’s clear athleticism runs in the family. Tattoo No. H92.

FEBRUARY was born in February and was an early surprise. We started calling him February and it stuck. He is a grandson of the infamous Metallic Cat who has sired multiple winners in many disciplines. Truly a versatile sire who needs no introduction. This fellow is gentle and likes attention. He is a pretty red roan color and well balanced. He will have 4 rides and lots of handling by sale time. Nice prospect here — cow sense top and bottom of his pedigree.

SMOKE — This cow eating speed demon will make an excellent ranch or rope horse, while he does have a few low gears as well. Don't let a horse with speed scare you, even when he's going 9-0 he will sit you deep in the saddle making it feel like you're sitting in a rocking chair. Smoke has always been easy to get along with and is very trainable, he will work his heart for you and is always willing to go the extra distance. Tattoo No. C8H2.

BUCK is by an own son of the great sire, High Brow Cat and goes back to Sun Frost on his dam's side. He is a well mannered, gentle broke gelding that has had a lot of steers roped on him on the heel side. He comes with that popular buckskin color with no white. This is a real good gelding that will work out for anyone. Gentle, pretty and trail ridden as well as roped on prior to the sale. He a looker!

BUCKLEY is a stunning buckskin gelding that is gentle and kind. He rides well and gets around in rough country. He's been ridden on trails in the hills a lot and will make a fine trail or saddle horse for someone wanting a pretty horse. You will be noticed wherever you ride him. Very people friendly and well mannered. Solid and quiet on the trails.
