

WILKS

6th Annual Bull & Female Sale

10.21.21

THURSDAY | 1 PM | WILKS RANCH FACILITY

Welcome to Wilks Ranch

Dear Friends,

We are excited to invite you to our 6th annual production sale Thursday October 21st, 2021, at the Wilks Ranch Sale Facility. We appreciate your interest in the upcoming sale and look forward to seeing old friends and making new ones.

Our goal at Wilks Ranch is to continue to produce cattle that offer both exceptional EPDs and phenotype that perform well in any environment. Form, Function, and Balance is what we strive for here at Wilks Ranch, and we believe the sale offering represents that vision.

We have been very blessed here in Texas this last spring and summer with weather and adequate rainfall. Most of Texas saw higher rainfall than others and had milder temperatures throughout the summer. In turn, we have seen a positive impact on the beef industry. This gives us a positive outlook on the future.

I would like to invite everyone Wednesday evening, October 20th, 2021, to view our sale cattle offering and enjoy refreshments and hors d'oeuvres and some Texas hospitality. If you have any questions, feel free to contact any of our staff members or sale management team here at the Ranch.

Sincerely,

Aaron Kiser
Wilks Ranch Seedstock Manager

VIEW/BID LIVE ON THE INTERNET:

TERMS & CONDITIONS:

Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

ANNOUNCEMENTS:

A supplemental update sheet will be available sale day with up-to-date breeding and calving information. All announcements made from the auction block take precedence over printed matter in this sale book.

SALE ORDER:

The sale order in this year's sale will be the same as the lot number sequence. In other words, Lot 1 sells first, Lot 2 sells second, Lot 3 sells third, and so on.

CATTLE LOAD OUT:

Load out will commence immediately at the completion of the sale and after proper settlement has been made.

Top 10%

EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusSource®, CAB®, Pathfinder®.

HOW TO PARTICIPATE ON THE PHONE OR ONLINE

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number." Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding program for cattle buying. **PLEASE NOTE THAT HIGH SPEED INTERNET IS REQUIRED. THIS IS NOT FOR DIAL-UP OR SATELLITE INTERNET.** Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy, just go to the homepage of www.superiorclicktobid.com and follow the outlined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. The sale will be broadcast via satellite on Dish Network channel 997. Please note that there is a delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on. The sale will also be broadcast live on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com. The video feed on the homepage of www.superiorlivestock.com looks the same as the video feed on TV and can be watched over a smartphone or tablet. Remember you can call in to bid whether watching on the TV or on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid."

Buyers will be contacted by the ranch after the sale for payment and delivery details. IF YOU NEED ANY ASSISTANCE CALL SUPERIOR AT (800) 422-2117.

FEMALES LOTS 1-106 – BULLS LOTS 107-289

Wilks Ranch Bull Guarantee - Wilks retains 1/3 semen revenue sharing in all bulls sold, unless otherwise stated.

All bulls selling in the Wilks Ranch Annual Bull Sale have undergone a Breeding Soundness Exam and been found to be sound breeders by Dr. Dennis Reed, DVM. All bulls sell under the Wilks Ranch Bull Sale Terms and the rules of the American Angus Association. .

Care and Handling of Yearling Bulls

Pre-breeding Care: Remember, yearling bulls are still growing and developing. They should continue to gain about 2 lbs. per day. You should feed 6 to 10 lbs. of grain and 1 to 2 lbs. of protein supplement along with high quality hay and free choice mineral daily. Exercise is also important to allow your bull to get in shape for breeding season. **Breeding Season Care:** Your yearling bulls' ability to breed cows will be in part determined by your management. Observe your bulls at work and watch to see that each bull used is settling cows. After 45 days of breeding, rest your bulls for 2 weeks and feed them 10 to 12 lbs. of grain daily per bull. Management also has an impact on the bull-to-female ratio. A yearling bull can breed the number of females equal to his age in months, i.e., 15-month bulls can breed around 15 females. **Post Breeding Management:** Evaluate your bulls after the breeding season. Feed and manage them so that they have a body condition score of 6 by the beginning of the next breeding season. Prevent injury by using caution and common sense when running bulls together. Do not mix mature bulls with yearling bulls (spraying bleach on herd bulls before mixing them will help in them fighting amongst each other at first). Treat your bulls twice yearly with an acceptable pour-on dewormer to control lice, grubs and other parasites. Vaccinate your bulls yearly for IBR, P13, BVD, Lepto and Vibrio.

Care and Handling of 18-Month-Old Bulls

Pre-breeding Care: Remember, 18-month-old bulls are beginning to lose their baby teeth and will replace them with their adult teeth at 2 years of age. You should feed 3 to 5 lbs. of cubes along with high quality hay or pasture and free choice mineral daily. Exercise is also important to allow your bull to get in shape for breeding season. **Breeding Season Care:** Your 18-month-old bull's ability to breed cows will be in part determined by your management. Observe your bulls at work and watch to see that each bull used is settling cows, After 45 days of breeding, rest your bulls for 2 weeks and feed them 10 to 12 lbs. of grain daily per bull. An 18-month-old can breed and handle his condition with 20 to 25 females. **Post Breeding Management:** Evaluate your bulls after the breeding season. Feed and manage them so that they have a body condition score of 6 at the beginning of the next breeding season. Prevent injury by using caution and common sense when running bulls together. Do not mix mature bulls with yearling bulls. (Spraying bleach on herd bulls before mixing them will help in them fighting amongst each other at first). Treat your bulls twice yearly with an acceptable pour-on dewormer to control lice, grubs and other parasites. Vaccinate your bulls yearly for IBR, P13, BVD, Lepto and Vibrio.

A powerhouse Black Magic daughter that stems back on the maternal side from the \$150,000 Cox Ranch donor Blackcap 6E2, better known for being the dam of the Pathfinder Sire Rampage. This super balanced female will deliver on both the phenotype and genotype spectrums of the business.

FUNCTION /'FƏNG(K)SH(ə)N/ *NOUN*:
the action for which a person or thing is specially fitted or
used or for which a thing exists.

When looking at the cattle in our program, this means they must perform. Females must have and raise a calf every year in their real-world environment, while bulls must be able to travel over diverse terrains to breed your cattle and be continually successful year after year.

PARKER'S *Picks*

I would like to welcome you to come and join us at one of the most elite Angus programs in America. Wilks Ranches, who control over half a million acres of America's ranch lands and run almost 10,000 commercial cattle, has assembled one of the best nucleuses of Registered Angus females in existence today. This program that was started to produce bulls for their current commercial operations has put great emphasis on muscle, body depth, extreme structural soundness, balanced curve bending EPD spreads and elite carcass genetics. Their motto is "Form, Function and Balance." This year's offering is loaded with some of the most complete Angus females that Wilks Ranch has produced yet, and the bulls are flat the best set of bulls I have ever seen sell in one day in one event in Texas.

The Lot 1 is an elite Calvary daughter that just weaned a big calf as a two-year-old and is ready to go into an aggressive E.T. partnership. This one is elite numbered, has an attractive phenotype and stems from one of America's greatest cow families. The Lot 2 is a beautifully designed Calvary daughter that I liked a lot this spring after calving. She is super balanced numbered and traces back to the great S762 donor. Lot 3 is a pure power cow that gets it done as you will see with her elite heifer calves 3A through 3C. Lot 4 is a sister to the dam of the of the \$250,000 top P&G heifer 0736 of Double Barrel and Linz and her heifers 4A & 4B are smoke shows. The Lot 5 donor is the dam of Gaucho and wait till you see his full sister Lot 5B. The Lot 6's will be maternal sisters to the popular Wilks Regiment. This is an elite set of Spring E.T.s, especially Lots 8, 9A, 11A, 11B, 13 & 17. The Yearlings are deep as well like 19, 20, 21 & 23. The Spring bred heifers are led off by one of my favorites, Lot 25. I also am very fond of 16, 28B & 37. This is far and away the deepest and best set of show heifers yet, and I can't wait to see how the crowd evaluates them. The donor section will hit you hard; I just love Lot 45. The Spring pairs are very deep and I just love Lot 50A. The Spring bred cows are smoking good. I just love the two Stud daughters in Lots 64 & 65. The fall pairs are always favorites at Wilks, and I believe everyone will find Lots 83 & 84. They are just flat good cows. As always, the bulls look tremendous and this set has tons of choices. I believe 107, 108, 109, 110, 111 all have herd sire and A.I. sire potential. Lot 118 is just flat one of my absolute favorite bulls.

If you have any questions, please feel free to contact Aaron Kiser, Matt White or myself and we will be glad to assist you in any way we can. Please join us the evening before the sale for some good Texas hospitality at the Wilks Ranch sale barn, which is worth the drive itself, and sale day for a great set of cattle, people, and food.

Parker Friedrich

BALLANCE /'BALƏNS/ NOUN:
a condition in which different elements are equal or in the
correct proportions.

We strive to breed cattle that have balanced traits and stay away from extremes that can only cause problems and difficulties in the end.

FALL BRED

FORM. FUNCTION. BALANCE.
