Sight Unseen Purchase Guarantee

Sale Day Phone - (406) 423-7500. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson Angus. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

Announcements

Announcements from the auction block take precedence over any printed material.

Herd Health

All cattle sell with proper interstate shipment health papers.

Delivery

See our bull delivery policy on page 6. For all cattle purchased over the phone, through Superior or Frontier, Stevenson Angus will be in contact following the sale to arrange delivery. Full payment required before delivery of cattle.

Accommodations

The following motels are located in nearby Lewistown. For reservations, contact either the Stevensons or the motel of choice.

Yogo Inn	406-535-8721
Calvert Motel	406-535-5411
Super 8 Motel.....	406-538-2581
B & B Motel.....	406-535-5496
The Stumble Inn, Hobson.....	406-600-8079

Food

Complimentary lunch will be served sale day featuring "Stevenson Beef Brisket."

Inspection of Cattle

Our cattle are available for inspection at the Ranch any time.

Terms & Conditions

The cattle sell under the suggested terms and conditions of the American Angus Association.

Payment

Payment is due at time of sale and no livestock shall be delivered until payment is received in full or other arrangements are made in writing. In the event Seller incurs attorney fees and costs for collection of payment, Purchaser shall pay the purchase price, interest at the statutory rate and all costs and attorney fees for collection. Past due accounts will be subject to 2% interest per month.

Superior Livestock Auction Broadcast

Online and Pre-Videos at www.StevensonAngus.com
Sale is broadcast via internet ONLY.

Register with www.superiorclicktobid.com in order to bid during the sale. You can call in or bid from your own computer. In order to bid, you need to be registered, otherwise the sale can be viewed live at both www.superiorlivestock.com or www.superiorclicktobid.com. Please note that high speed internet is required. If you have any questions, please call the Superior Productions

800-431-4452

Frontier Live Sale

This sale will be broadcast live on www.FrontierLiveSale.com

1. Register and create an account at www.FrontierLiveSale.com by clicking on **Registration** in the upper right corner. You will receive an email to activate your account.
2. Select the Stevenson auction and click **Get Approved to Bid** for absentee and live bidding. Follow instructions.
2. Login on sale day with credentials provided at registration. Call **866-313-0123** for tech help.

Home of America's Longest Established Annual Bull Sale

Fellow Cattlemen,

Wow! What a year. Unprecedented times have touched everyone's life. Through these challenges, more now than ever, we are wonderfully grateful for this way of life. Cattlemen are resilient, adaptable and persistent. Among the chaos of uncertainty, we've boldly proven to be essential.

In a year of setbacks, the value of Angus persevered. For the sixth consecutive year, more than a billion pounds of Certified Angus Beef has been marketed. That's roughly 3.2 million pounds a day! For the first time, acceptance rate for CAB climbed to 36.8% of eligible cattle. That's 20 points higher than a decade ago and an ever-growing segment of the population.

This doesn't happen by accident. Years of careful, selective mating decisions have tremendously improved carcass potential. Our program aims to improve every generation. We have customers reporting 70% CAB acceptance, considerably more than the industry average. That's impressive AND profitable! Among the sea of black cattle, tie yourself to a program that creates value.

Years ago, our foundation cow herd was built to not only survive but thrive in the harsh winter conditions of Montana. They do, and you'll see that harvest come sale day. From experience, we can testify for cattle that live and perform or simply fallout. This sale offering is unlike any other presented before. You will notice several new and original sire groups. This transformation is the culmination of a disciplined breeding plan. Today's offering greatly emphasizes our goal for optimum balance, the mainstay criteria for our commercial customers. There is obvious attention to the measurable traits of calving ease, performance and carcass, however we are quietly most proud of the unmeasurable traits. The functional characteristics that you can't accurately stamp a number on. True performing cattle have got to be sound and athletic with good feet. They need to be easy fleshing with robust capacity and internal dimension. Longevity and fertility are ultimately critical and too often overlooked. Breeding cattle is both an art and a science and we strive to find that balance.

Our herd sire lineup has never been stronger. We've got a tremendous offering from several of our younger sires. Our up and coming junior sires are gaining national recognition with promise to have a big impact in the future. The program is well positioned moving forward.

We're extremely confident with this offering and certain you will be as well! We truly welcome your visit and appreciate your continued support and interest. Consider this your personal invitation to join us for our 61st Annual Production sale on Tuesday, November 30.

The family and crew of Stevenson Angus Ranch,

Keith

Darrell

Bob

Jake

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

How to Read the Sale Lot Information

Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +60 weaning EPD should average 10 pounds more than those sired by a bull with a +50 weaning EPD. EPDs are current as of catalog printing. Updated EPDs can be viewed at www.Angus.org

Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet specifications of the Certified Angus Beef® brand.

Calving Ease Direct (CED) EPD is expressed in percentage of unassisted births, predicting the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth (BW) EPD is a predictor of progeny birth weight attributed to the parent.

Weaning (WW) and Yearling (YW) EPDs are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Scrotal Circumference (SC) EPD, expressed in cm., is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Milk EPD is a predictor of an animal's genetic merit for milk and mothering ability.

 SM +22 SW +77 SF +128 SG +64 SB +193 SC +272

Index values are expressed in dollars per head

Maternal Weaned Calf Value (\$M) predicts profitability differences from conception to weaning. Traits included: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

Weaned Calf Value (\$W) is the expected average difference in future progeny performance for preweaning merit and includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

Feedlot Value (\$F) is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires.

Grid Value (\$G) is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Beef Value (\$B) is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Combined Value (\$C) is an index which includes all traits that make up both \$M and \$B. EPDs directly influencing a combined index: CED, CEM, WW, YW, Milk, HP (Heifer Pregnancy), DOC, MW, Angle (Foot Angle), Claw (Claw Set), DMI (dry matter intake), Marb, CW, RE, Fat.

Claw Set (Claw) EPD is expressed in units of claw-set score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal claw set. The ideal claw set is toes that are symmetrical, even and appropriately spaced.

Foot Angle (Angle) EPD is expressed in units of foot-angle score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal foot angle. The ideal is a 45-degree angle at the pastern joint with appropriate toe length and heel depth.

Pulmonary Arterial Pressure (PAP) EPD, is expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score. PAP score is an indicator of susceptibility to high altitude disease commonly experienced at elevations greater than 5,500 feet.

Carcass Weight (CW) EPD is expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling (Marb) EPD is expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE) EPD, expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Calving Ease Rating (CE)

- ★★★★ Excellent calving ease, use with confidence on any type of heifers.
- ★★★ Superior calving ease, should work with most heifers and most situations.
- ★★ Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
- ★ We recommend these bulls just for use on cows.

Cattle Delivery

We encourage all of you to stop by and coordinate delivery plans before leaving the Sale. If you are buying off-site, please let us know of any special instructions as soon as you can. Otherwise, we will contact you regarding date of delivery. Your cooperation in taking delivery is greatly appreciated.

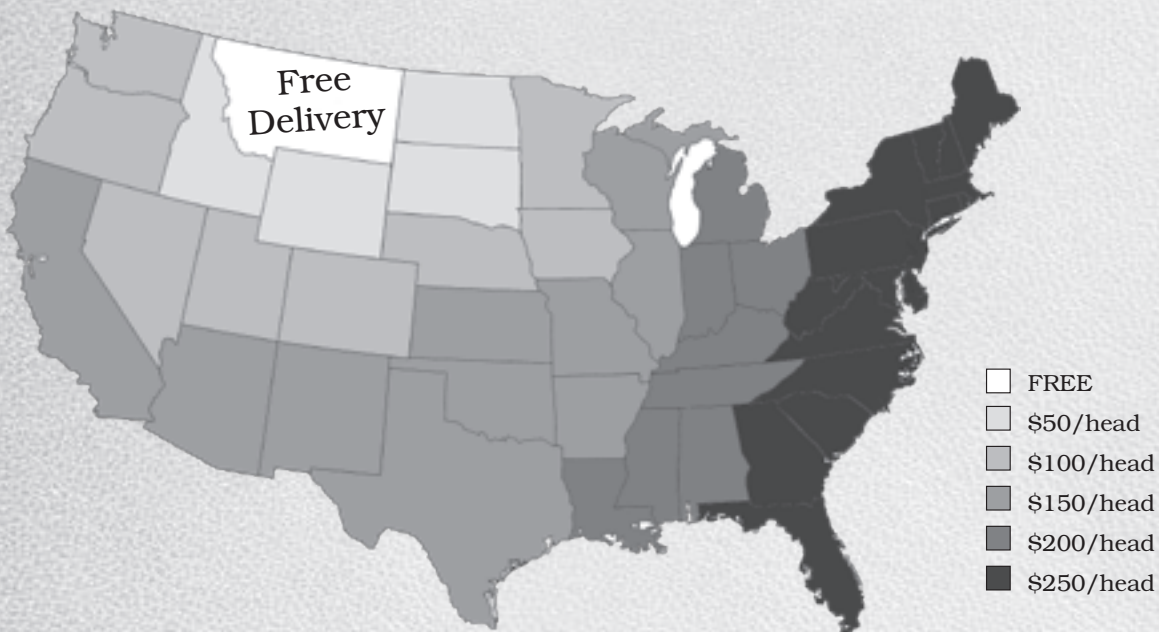

Bull Delivery

We are happy to announce that after 60 years of selling bulls, we are still delivering in Montana for free. We charge a nominal delivery charge for the surrounding tiers of states. Please use the map below to determine this charge. We would like to emphasize that we do our best to keep delivery costs to a minimum and we are offering a volume discount if you can assist in creating full loads with minimal drops.

The delivery cost will be added to invoice at check out.

We will continue to offer a pickup credit of \$100 per head for all bulls picked up within 7 days of the sale.

To our neighbors to the north, we are happy to bring you your bulls, however due to increasing scrutiny at the border, having the Canadian resident present, eases the process. If meeting at the border is not possible, we ask to share in a portion of crossing fees. For that reason, we are charging \$100 to our Canadian friends. Thank you for understanding.

FIRST YEAR BREEDING GUARANTEE

In lieu of a commercial "loss of use" policy, we would like to offer our own First Breeding-year Guarantee. For bulls selling for \$5000 or more, and does not complete a full breeding season, we will share in the replacement cost up to 50% of the value of the injured bull. Breeding season is defined as 90 days after turning out the bulls.

50% of the value of the injured bull, minus salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2022.

Example 1: An \$8,000 bull is injured, a credit of \$4,000 minus any salvage value will be given to the buyer.

Example 2: A \$6,000 bull is injured, a credit of \$3,000 minus any salvage value will be given to the buyer.

Example 3: A \$4,000 bull is injured, no credit is given. Buyer retains all salvage value.

Applicable credits honored from our Breeding Guarantee are to be used within one year of submission.

STEVENSON ANGUS RANCH

REWARDS

We would like to offer two forms of discounts, one to our faithful year-in and year-out customers and the other to our volume purchasers.

LOYALTY REWARD

We honor our customer's loyalty with a 5% discount on every bull purchased by any single customer that has purchased bulls in TWO consecutive sales prior to this offering. In order to qualify, purchases need to have been made from both of our sales in Hobson from the Spring 2021 and Fall 2020 offerings.

VOLUME REWARD

In respect to our volume purchasers, we would like to offer a 50% discount on delivery cost to buyers of 10 to 19 bulls. For anyone purchasing 20 or more bulls, complete delivery is for free.

Any and all discounts will only be honored with full remittance of purchase payment on sale day. Discounts are only applicable to bull sales.

Female purchases are not subject to the Stevenson Angus Rewards offer.

Applicable credits honored from our Breeding Guarantee are to be used within one year or two sales after submission.

Offering Mortality Insurance for your Investment.

Turning Point

Improve Calving Ease

- Stop you in your tracks look with sons and daughters creating high value interest
- Proudly sired the grand champion Angus bull at the 2020 National Western Stock Show in Denver and 2019 Agribition in Canada.
- Superior calving ease with proven data for trait leading CED and BW EPDs
- His first 97 daughters in production recorded an average NR of 100
- Outstanding option for calving ease, phenotype and maternal strength

YOU'VE DONE THE WORK.

Get paid for it.

You've invested in good genetics.
You've kept all the records.

AngusLink™ combines USDA Process Verified Programs with a Genetic Merit Scorecard that gives buyers confidence in your calves.

From age and source verification to cattle care and handling, you choose which programs make the most sense for you.

Group Age & Source: Verifies the group age and source of the cattle

Angus-Sired Genetics: Verifies calves are sired by 100% registered Angus bulls

Non-Hormone Treated Cattle: Verifies cattle have never received hormones

NeverEver[®]: No antibiotics, no hormones, no animal by-products ever

Cattle Care & Handling: Documents proper management, demonstrates quality commitment

Calf Management: Documents preventative health program

Genetic Merit Scorecard™: Measures the genetic merit of calves for feedlot performance and carcass merit.

*Optional, not part of the PVP claims

Easy and affordable, our customer service representatives walk you through the process.

Commercial Bred Heifers

All bred heifers sell after the conclusion of the bull sale

We sincerely appreciate your interest in these bred heifers and certainly believe this offering emphasizes our foremost efforts in genetic progression. This is an outstanding set of home raised heifers, right out of the registered herd. They've been sorted and offered according to due date. The buyer has the option of five head up to the entire group.

They have been set up with Preg Guard vaccine guidelines, they will need their booster. They have been poured with Clean Up and dewormed with Valbazin. Fall booster is needed for Guardian Scour Vaccine if so desired. All heifers have legible BANGS tag numbers, silver identification tag or EIDs. They were ultrasound pregnancy tested and confirmed to their due dates.

Delivery cost is at the buyer's expense. We are happy to help with arrangements if needed.

A 52 Early Calving Bred Heifers

- *Due to calve: January 29 for three weeks*
- An excellent set of heifers that are due early. These calves will come easy and wean heavy. Expect calves to come a little early.
- Selected right out of the registered herd. Registration papers available for the majority of these heifers for an additional \$250 per head.
- Tagged: 60001 - 60052
- AI bred to STEVENSON EASY MONEY 70688 and HW NETHERTON CLAYMORE 3H backed up with Stevenson Angus herd sires.

Two Year Old Bulls

These coming two year old bulls were selected last spring. These bulls were raised from birth to weaning without creep. From weaning these animals were fed a high roughage growing ration.

Bulls are put into contemporary groups at weaning based upon their ranch origin and the conditions they were raised under, maintaining these groups through yearling and ultrasound makes the data and ratios provided more meaningful to our customers. Pertinent individual performance birth weights and ratios will be included within the footnotes. Understand, because the bulls are in different contemporary groups, a ratio of 100 will not necessarily correlate to the same weight between the different groups.

These bulls are guaranteed breeders. They have all passed a breeding soundness evaluation including a semen test.

RETAINED INTEREST - we are selling FULL POSSESSION and 2/3 REVENUE-SHARING INTEREST in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining 1/3 revenue-sharing semen interest simply allows Stevenson Angus the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact Stevenson Angus.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

Two Year Old Bulls

Bull Calves

The bull calves offered in this Fall Sale are the top end of the natural and embryo calves out of mature cows born at Stevenson Angus in January and February. Calves out of first calf heifers are held over for our spring sale and calves born in March and April will be sold as long yearlings in next year's Fall Production Sale.

These calves were all born and raised in Central Montana near Hobson. The calves in this offering were raised from birth to weaning with no creep. After weaning, the calves are fed a high roughage growing ration. These bull calves were weaned and weighed from September 8th - 11th.

These bulls are members of large contemporary groups within the Stevenson Angus herd. Because they are grouped by growing conditions, a ratio of 100 will not necessarily correlate to the same weight between the different groups.

While these bulls are guaranteed breeders, we recommend that bulls not wintered at Stevenson Angus be fertility tested by a certified veterinarian prior to use next summer.

RETAINED INTEREST - we are selling FULL POSSESSION and 2/3 REVENUE-SHARING INTEREST in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining 1/3 revenue-sharing semen interest simply allows Stevenson Angus the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact Stevenson Angus.

Wintering Arrangements

Wintering arrangements are available on bull calves purchased in the sale. For \$300 per head, they will be wintered and delivered after our March bull sale. Wintered bulls will have yearling data collected and recorded to AHIR. They will also pass a complete breeding soundness evaluation, including semen test, prior to delivery in the spring.
