SUPERIOR

INTERNET ONLY We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Lots in the sale will be available for viewing prior to sale day at www.superiorlive.com. To pre-register and for further information visit www.superiorlive.com or call 1-800-422-2117.

SALE ORDER

Cattle will sell in consecutive catalog order -

Bull Calvespage 10
Coming Twospage 52
Sale Bull Sire Indexpage 100
Registered Femalespage 78
Commercial Females.page 96

TERMS AND CONDITIONS

The cattle sell under the suggested terms and conditions of the American Angus Association.

SIGHT UNSEEN PURCHASE GUARANTEE

Sale Day Phone - (406) 374-2250. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson's Diamond Dot. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

TRANSPORTATION

Billings and Great Falls are both served by several major airlines. Private planes may land at the Lewistown Airport.

ACCOMMODATIONS

The following motels are located in nearby Lewistown. For reservations, contact either the Stevensons or the motel of your choice. Remember to ask reservation departments for Stevenson's Diamond Dot Sale rates.

Yogo Inn 1-800-860-9646
Calvert Hotel 406-535-5411
Super 8 Motel 406-538-2581
B&B Motel. 406-538-5496
The Stumble Inn (Hobson) 406-600-8079

ANNOUNCEMENTS

Announcements from the auction block take precedence over any printed material.

HERD HEALTH

All cattle will sell with proper health papers for interstate shipment. Health permits for export of commercial cattle outside of the US will be at cost.

PAYMENT

Payment is due in full sale day. If your banker or accountant would prefer that you pay for the bulls in 2022 or at delivery time we can work with you to make arrangements, just talk to us ahead of time.

DELIVERY

See our bull and commercial female delivery policy on page 7. For all cattle purchased over the phone or through Superior, Stevenson's Diamond Dot will be in contact following the sale to arrange delivery and payment.

WINTERING

Wintering arrangements are available on bull calves. The cost is \$400 per head from sale day until mid-March.

INSPECTION OF CATTLE

Our cattle are available for inspection at the ranch any time. We encourage you to come before the sale to visit, see the sale cattle and view our cow herd.

FOOD

Food will be provided Sunday afternoon and all day sale day.

Abby, Rachael, Clint, Adana, Faith, Carson

Marian

STEVENSON'S DIAMOND DOT CATTLE COMPANY

What an unprecedented year it has been, not only here on the Diamond Dot, but around the country. When we met last November for the fall production sale, we were at the height of the Covid Pandemic. Throughout 2021 we have seen many friends, family and neighbors effected by the virus. As 2022 approaches we look forward to better health and less restrictions for our country.

Mother Nature has also been unpredictable with record drought and little grass and basically no dry land hay production. The drought here in the Judith Basin has given our cattle the chance to show their hardiness and ability to thrive in dry conditions.

Our yearling bull selection was weaned about week earlier than normal this year but came in off their mothers fit and healthy. We attribute this the moderate frame and feed efficiency traits bred into our cattle. In this sale you will find January, February and early March yearling bulls that are deep bodied, stylish made calves with the genetics to produce top dollar calves. While the drought was unwelcome, we appreciate the opportunity to see how well our cattle will perform for our customers in any weather conditions.

Our Two-Year-Old Bull offering is an outstanding group. Many times, we are asked how our twos are selected. We specifically breed our cows to have a group of younger bull calves that are held over for Two-Year-Old Bulls. This gives you our customers the assurance that these are not "leftovers," but high-end bulls retained until their two-year-old year for the specific purpose of providing top of the line genetics for our two year old bull customers. Many of the Two-year-old bulls we in the sale were used on our own herd in natural service and 50 lots in this year's sale are embryo bulls.

As in the past we are offering some exceptional females in our fall sale. We have a quality selection of cows and bred heifers plus embryo mating of top dams and outstanding sires.

You will notice our commercial female offering is smaller this year. We had the opportunity throughout the year to sell some groups of females privately. Rest assured that the offerings in our sale are still the highest quality commercial females with most of the cows coming straight off the Diamond Dot and powerful sets of bred heifers you have come to expect.

While this year came with more than its share of challenges, it has proven to us that our bulls stand with the best Angus breed has to offer.

Thank you for the opportunity to share our Angus genetics with you. Feel free to contact us any time with questions. We look forward to seeing you at the sale!

MEET ADDITIONAL PEOPLE BEHIND STEVENSON'S DIAMOND DOT

Tom Hardesty has represented our cattle for over two decades. He became acquainted with our program when he lived and worked in Hobson. Today, Tom and his wife Paula live in Sonoita, AZ. He specializes in representing our customers in the southwest but is available to help all our customers. Tom has a long list of repeat buyers and knows the type of cattle that work well in his country.
Home 520-455-5005
Cell 520-909-0233

Ryan Hughes grew up on a neighboring commercial cow calf operation. He worked for several years for the Stevenson family in marketing and customer service. Today Ryan has moved on to other endeavors but he has agreed to continue helping our customers in the selection of their genetics. He runs a few cows of his own and markets bulls with Diamond Dot. Ryan is very knowledgeable about our cattle and can provide an honest opinion.
Cell 406-581-1873

Lance Hughes, DVM and family came to Montana in 1998 and began working for the Stevenson family as an on staff veterinarian. Lance has an excellent eye for cattle and his advice and input into our breeding program and ranch operation has been extremely valuable. The Hughes also run a few cows with the Diamond Dot program.
Office 406-423-5527
Cell 406-350-8381

Don & Morgan Bellamy Morgan initially came to the Diamond Dot as an intern in the Fall of 2012. She and her husband Don moved to Kentucky for a couple years returning to the ranch in 2018. Don's main role is building improvement, fencing, assisting with cattle feeding and delivery of bulls. Morgan is in charge of herd health. Morgan walks through the pens and sees the bulls every day.
Morgan's cell 406-899-5009

Matt Eike has been with Diamond Dot since January of 1998. His main responsibility is day to day care of the cow herd. From AI, calving and weaning Matt's attention to detail is truly valuable. Matt is extremely knowledgeable and knows our program inside and out. Matt's son, Matthew, also works on the ranch helping with all aspects from the shop to night calving.
Cell 406-366-9026

Jed Stevenson, Clint's cousin, runs an operation just a few miles north of the Diamond Dot. This year Jed will be offering a few bulls in our fall sale.
Cell 406-350-5500

Justin Huberty helps with bull development and has moved into the role of doing more farming.
Cell 406-546-3231

Gary Wall of GW genetics is a long time sales consultant and friend of our program and family. Gary is the marketing specialist with ORIgen where several of our bulls are collected and enrolled in their marketing program Gary is very knowledgeable about our program and will be available sale day to assist customers.

family in 1968

Neil Bumgarner spent the summer of 2004 at the Diamond Dot. He operates a registered Angus fall calving herd in Letart, WV. This herd is made up of some of the top Diamond Dot genetics and these bulls make up a portion of our fall born bull offering in spring 2022. Neil helps with sales and delivery of cattle to this area of the country. Cell phone 304-615-9239

Let Us Know and Let Us Help You . . .

In the interest of better serving our customers, we make every effort to provide your cattle better exposure. We are constantly networking with many order buyers and feedlots who are looking for top genetics.

Let us know when you are getting ready to market your calves, yearlings or bred females. Whether you sell them in the country, through a sale born or on video, we can assist you with your marketing needs. We want you to receive the added value that the superior genetics you have purchased deserve!

Locally we work closely with Heart S Livestock, LLC, Fred Saunders to help receive top dollar for our customer's cattle. The cattle we represent have been seeing an increase in demand and repeat buyers for the calves sold over video. We have worked hard to build a reputation of representing top quality calves and would like to work with you to make sure you are receiving the best price for your cattle.

For more information and marketing needs, please contact us:

FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$4,000 or more will be covered 50% by Stevenson's Diamond Dot if they are injured during their first breeding season and not able to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Stevenson's Diamond Dot and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2021.

Example 1: A \$6,000 bull is injured, credit of \$3,000 minus one-half any salvage value will be given to the buyer.

Example 2: A \$4,000 bull is injured, credit of \$2,000 minus one-half of any salvage value will be given to buyer.

Example 3: A \$3,750 bull is injured, no credit is given. Buyer retains all salvage value.

HOW TO READ THE INFORMATION PRINTED WITH EACH SALE LOT

Complete performance information is provided for each animal. The ratios are calculated in separate contemporary groups and conditions they were raised under, so that a ratio of 100 will not necessarily correlate to the same weight between the different groups. We have calculated interim EPDs for cattle that do not yet have official EPDs. Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +40 weaning EPD should average 10 pounds more than those sired by a bull with a +30 weaning EPD.

EPDs in this catalog are current as of press time.

CED (Calving Ease Direct) predicts average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BW (Birth Weight) is a predictor of progeny birth weight attributed to the parent.

WW (Weaning) and **YW (Yearling)** are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Milk is a predictor of an animal's genetic merit for milk and mothering ability.

(HP) Heifer Pregnancy
A tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season.

(SC) Scrotal
Expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

PAP (Pulmonary Arterial Pressure)
Expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score.

EPDs for Carcass Merit based on the Ultrasound Evaluation System

Marb EPD Expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

RE EPD Expressed in square inches, a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Birth Weight (actual)

Weaning Weight (actual)

Dam Production is the number of calves and average nursing ratio for all calves raised by the dam of the animal.

Targeting The Brand
see page 6

\$W (Weaned Calf Value)

An index, expressed in dollars per head, to predict profitability differences in progeny due to genetics from birth to weaning.

\$B (Beef Value)

An index value expressed in dollars per head, the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

\$C (Combined Value)

An index, expressed in dollars per head, which includes all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B).

CE (Calving Ease Rating)

Calving Ease rating is an objective view of what to expect. Several factors go into the rating: birth weight, BW ratio, bull and cow history and accuracy.

- ★★★★ Excellent calving ease, use with confidence on any type of heifers.
- ★★★ Superior calving ease, should work with most heifers and most situations.
- ★★ Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
- ★ We recommend these bulls just for use on cows.

DIAMOND DOT PERFORMANCE HORSES

Faith Stevenson trains horses for a variety of disciplines as well as raises a select number of high end performance horse prospects. Ranch horses are a huge part of Faith's program, training and selling seasoned ranch horses including the high selling two-year-old at the 2020 NILE Horse Sale. Faith has worked professionally as an assistant trainer and clinician with some of the biggest names in the industry in Texas, Florida and Georgia.

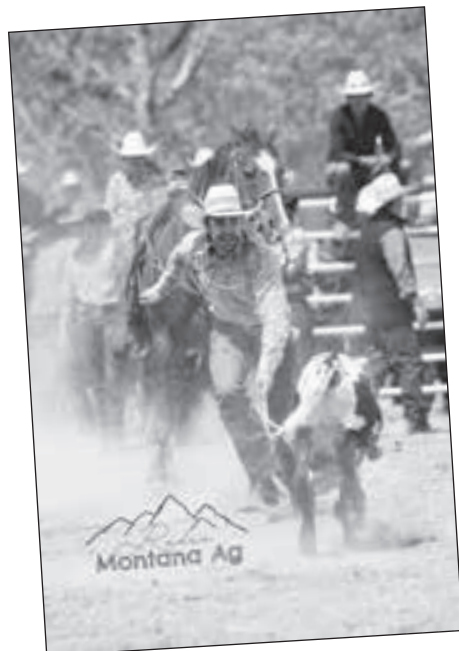

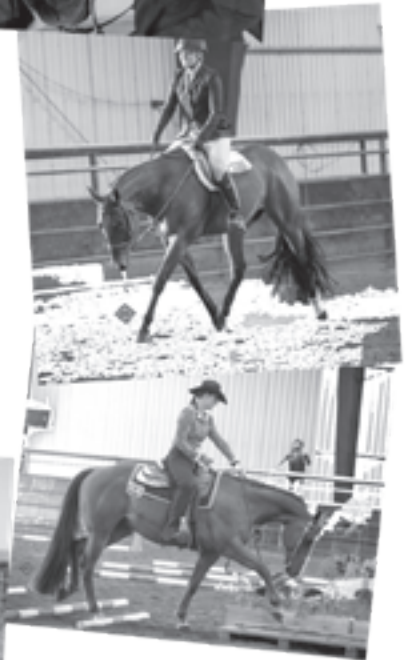

Most recently Faith spent time working as an assistant trainer to Dean Bogart AQHA Judge and Trainer learning the ins and outs of the performance horse industry. Faith maintains a close relationship with Dean Bogart performance horses and flies out to many major shows to assist Dean and his clients. Faith is now working on the ranch and is stepping into new roles including advertising and record keeping.

With an eye for great horses and knowledge of training, Faith is available in our area for training, lessons and assisting customers in finding the perfect horse to fit their needs!

Faith Stevenson

diamonddotangus@gmail.com

(406)899-7781

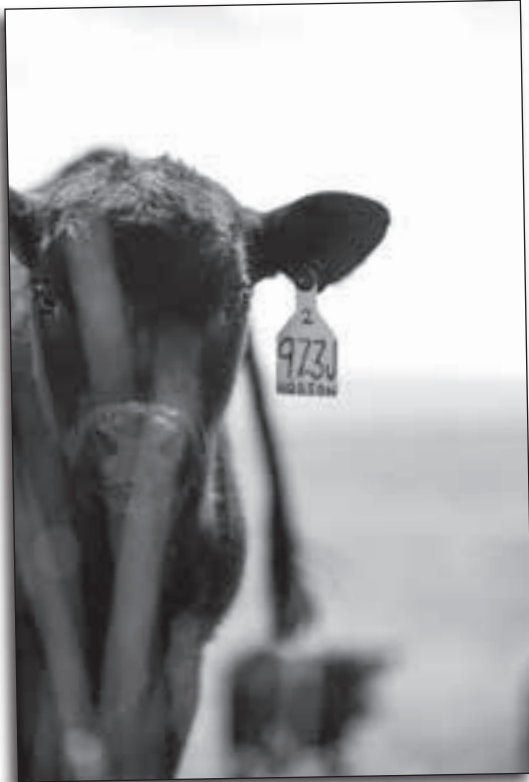

In the Spring of 2021 our youngest son Carson graduated High School and began working on the ranch full time. Carson has recently attended the Western College of Auctioneering and is working towards becoming a livestock auctioneer.

Carson's love of the Diamond Dot and the ranching lifestyle is evident, and he is enthusiastic about bringing new ideas and energy to the operation.

In his spare time, Carson calf ropes in the Northern Rodeo Association with an eye toward the PRCA. Carson's friendly, honest, and hard-working personality will be great assets to the Diamond Dot.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef®* brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

CATTLE DELIVERY

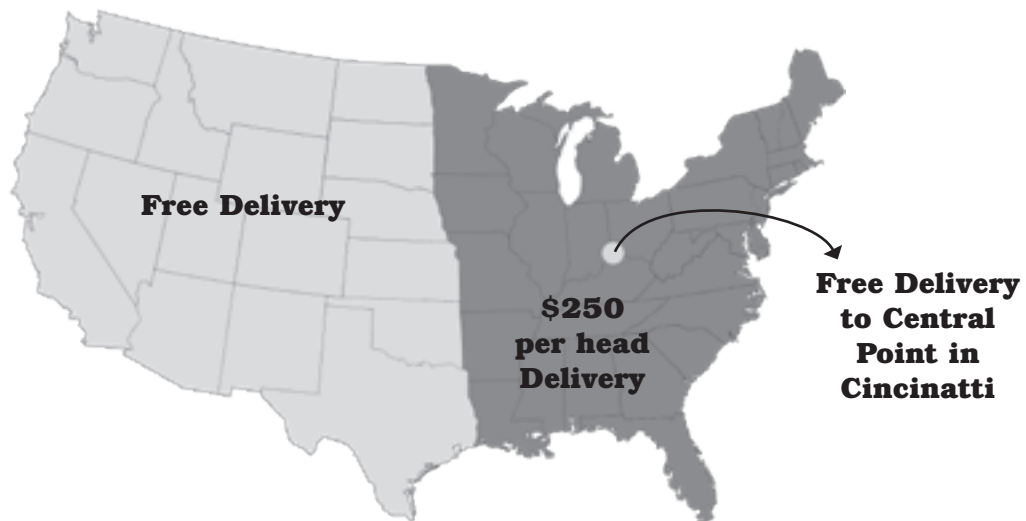

Clint Stevenson and crew would like to deliver all the cattle personally, however due to the cost of travel and volume of cattle we must employ reputable trucking firms to assist us in the delivery process. Stevenson's Diamond Dot will coordinate delivery of all cattle as soon as possible after the sale. Our main goal is to get the cattle delivered in a timely and economic manner to allow the cattle to arrive at their new home in the best possible condition and to satisfy our customers.

Free Bull Delivery

In Montana and adjoining states, the bulls will be delivered right to your door step (corrals). The remaining states west of the Mississippi we will deliver to a Central Point at **no cost** to you. Central points will not be designated until we can see where all the cattle are going, and the stops must accommodate all the cattle on the load. We choose stockyards, vet clinics, and select ranches that can accommodate the semi truck and multiple head of cattle. In many cases, your ranch can be the central point. If you have suggestions to a central point, please let us know. Please note, all charges incurred at the said central point will be the responsibility of the purchaser.

East of the Mississippi a nominal drop fee of \$250 per bull will be charged. We would still like to coordinate a central point to reduce the number of stops your cattle have to make before arriving to you. Your cooperation would be appreciated in this matter.

Registered and Commercial Females will be delivered at cost, yet many times partial loads can be combined with bulls to help keep costs down

RETAINED INTEREST

We are selling FULL POSSESSION on all the bulls and retaining a ½ REVENUE-SHARING INTEREST in all the bulls. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining ½ revenue-sharing semen interest simply allows Stevenson's Diamond Dot the right to share in collection of semen, use of semen and the right to share in semen sale revenue if semen becomes a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact any Stevenson's Diamond Dot representative.

GENETIC DEFECTS IN ANGUS CATTLE

Here at Stevenson's Diamond Dot we have worked hard at eliminating all Cattle with Genetic Defects and Conditions through testing and pedigree. All animals sold are either pedigree **free** meaning there is no carrier ancestry in their pedigree or genetic tested **free** from Arthrogryposis Mutiplex (AM) Neruopathis Hydrocephoulus (NH), Contractual Arachmodctyly (CA) and Developmental Duplication (DD). Stevenson's Diamond Dot Registered Cattle are guaranteed free from all known Angus defects at this time.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

WHY BUY DIAMOND DOT

- Affordable prices
- Vigorous culling process on cows for feet, legs, udders, fertility and disposition
- All cattle DNA tested for increased predictability
- Not every calf makes a bull, large number of bulls are cut at weaning and marketed as feeder steers
- Large sire groups
- Free Delivery
- Service after sale, including help marketing both feeder and bred cattle
- Top industry EPD's but also have the a look you will like when you receive them as well as after they are used
- Sight unseen purchase guarantee

BULL CALVES

This offering of bull calves are the top end of our January and February calves along with a contemporary group of first calf heifers and a group of earlier March calves.

All these bulls were born in Hobson and raised from birth to weaning under similar conditions with no creep. **The bull calves were weaned September 10th.** This is a very consistent set of calves that have come on exceptionally well since weaning and are sure to impress. There are a number of potential herd sires in this group of bull calves.

- A legend at the Diamond Dot, receives more and more national attention with each calf crop.
- His calves are known for explosive growth, thickness, depth, and exceptional docility
- In the Rough ranks in the perfect spot for calving ease and birth weight, where he will work on heifers yet still produce an outstanding calf at weaning
- His daughter are exceptional, with good udders, excellent fleshing ability and have raised outstanding calves
- Volume discounts available on semen

BULL CALVES

- Efficient and easy keeping
- Fast Forward is an ideal bull to get operations through dry years
- Performance combined with outstanding EPD's and he comes out of cows after a hard breeding season in the same exceptional condition as he went in

TWO YEAR OLD BULLS

The coming two year old bulls in this sale are the top end of our March and April born calves mainly from cows bred for mid-March calves. This includes 50 of embryo bulls implanted specifically for this sale. These cows are kept in this time frame for a short 50 day calving window. Weather permitting; these cows calve out along the creek in the open. These two year olds were raised from birth to weaning without creep. From weaning, they were fed a high roughage growing ration. Mid-August until sale, the bulls were put back on a growing ration. **Many of these bulls were used in natural service during the 2021 Spring breeding season.**

301 - 305 ET Brothers

- The dam of Lots 301-305 is our historic Trojan Erica Donor cow that has 123 calves recorded and will likely double that number with her excellent embryo production
- Dam has recorded an average nursing ratio of 110 on 5 natural calves
- Dam's list of sale toppers starts with \$35,000 DDOT Black Diamond that sold to Spear U Angus and Joseph Angus
- Dam's first calf was the second high selling two year old in the 2013 sale at \$17,000 to Lost River Cattle Company of Orleans, IN.
- Eight years later, Dam's 2021 bull calf topped the sale, Diamond Logo H660 sold to Steed Angus and B & R Livestock for \$19,000.
- Other notable maternal siblings of Lot 301 to 305 include Diamond Cowboy Up E388 that sold to Split Diamond Angus, Diamond Trojan Erica 3207 that topped the bred heifer division to Carr Angus, and Diamond Trojan Erica 3F10 the \$10,000 pick of Diamond Dot heifer calves at the 2018 Nile Sale to Ravellette Cattle Co.
- 20 Maternal sisters of Lot 301 to 305 have been retained as replacements and numerous maternal brothers have sold to our best commercial customers
- Maternal brother in this sale include sons of Sitz Logo 6197, Connealy Spur and Diamond Cavalry 239C along with sister and embryos in the registered female division

TWO YEAR OLD BULLS

306 - 310 ET Brothers

- Full brothers to the featured \$12,500, Lot 1 bull in the 2020 sale that sold to Jennaway Angus of Melstone Montana.
- Dam is our favorite daughter of the historic female producing Hoover Dam sire. She is a massive, easy keeping cow
- Dam has a production record of 7 NR 105, maternal grandam 11 NR 105 and her dam 6 NR 108.
- Dam is also the dam of one of the top Payweight bulls we have ever sold, Diamond Payweight 119C that sold for \$15,000 to Andy Dougherty of Sandley Ranch, AZ

TWO YEAR OLD BULLS

REGISTERED FEMALES

As always, we have put our best foot forward with the outstanding set of registered cows and heifers being offered. The registered heifers match right with our replacements and are bred to some of the top bulls in the breed today. Embryos offered are matings of our current donor cows. Dam productions listed do not include the 2021 calves whose weaning was processed after press time.

COMMERCIAL FEMALES

At catalog press time, the commercial females are being gathered from summer pasture and sorted into even groups. HEAD COUNTS MAY VARY SALE DAY. UPDATED head counts and more detailed group information will be posted on Facebook and can be emailed on request. All commercial cattle are located at the sale barn or within short driving distance.

The groups of females sell after the bulls and the individual registered lots. Female groups will sell in catalog order. The buyer has the option of five head up to the entire grouped lot. High bidder gets the lowest consecutive tag numbers or gate cut if listed. Commercial females include lots from some of our most progressive customers.

All bred females have been poured with Dectomax after November 1. All Diamond Dot females have been set up with Preg Guard Gold 10 vaccine guidelines. Heifers received first shot prior to breeding and second shot after November 1 and cows received an annual shot each fall. Most of the cows are also under the ScourBos program. All females have legible BANGS tattoo and will sell with interstate health papers. All females are preg checked safe with calf by a licensed veterinarian.

Delivery cost is at the buyer's expense. Cattle will be shipped within a week of the sale.

Payment is due on sale day or prior to delivery.

EARLY BRED HEIFERS

1 STEVENSON'S DIAMOND DOT

35 Head Bred Heifers

Heifers were Aled over 4-day period. Majority these heifers were bred to Diamond Capitalist 316—9434, Big EPD spread bull that is sure fire calving ease and in the top 1% of the breed in WW growth. Other heifers were Aled to 2XL Bronc, Baldrige Versatile, CAR Hobson and Deer Valley Growth Fund.

EARLY BRED HEIFERS

COMMERCIAL FEMALES

4 MARK AND ARLENE WICHMAN 55 Bred Heifers

These heifers have gained big reputation in this sale over the years. They are some of the stoutest best heifers anywhere in the land and will make excellent cows. Wichman AI heifers usually in this sale were sold earlier in the year because of the drought and the 10 AI heifers were ones that wouldn't fit on the truck. The natural bred heifers are bred to as good of bulls as money will buy.

Bulls and Beers Private Treaty and Internet Auction

Meet us at Tallboys Tavern for our 2nd Annual Spring Private Treaty and Internet Auction! 60 bulls selling online and in person at Tallboys Tavern in Hobson. 140 bulls will be priced and sold private treaty on a first come first serve basis. This offering will feature our entire crop of Fall born Bulls as well as several embryo bulls. These bulls are the top of their respective contemporary groups and are sons of popular sires including Logo 6197 and 2XL Bronc. Bulls will be available for viewing starting during an Open House at Diamond Dot North starting at NOON Sale Day. We hope you will come and enjoy a drink with us and check out an outstanding set of angus bulls!

Lead off calf in the 2021 Spring Sale

If you are arriving from Billings or Bozeman

From Harlowton drive North on 191 through Judith Gap, Garneil and Buffalo, continue on 191 to "Straw" turnoff. Head west on Straw Road 6 miles to Montana Highway 400 (MT Highway 400 is gravel). Turn right (north) on Montana Highway 400. Road will turn west again, Stevenson's Diamond Dot is directly on the left of Montana Highway 400.

If you are arriving from Great Falls or Lewistown

Turn into the town of Hobson off of Highway 87. Continue through Hobson to top of hill next to school. Turn right (west) and travel .5 miles to Ackley Lake turnoff. Turn left onto Montana Highway 400 and travel 5.3 miles on pavement. Pavement turns to gravel, continue heading south 3.8 miles. Road turns left (east). Sale barn is on the right hand side of the road.

Physical Address of the Diamond Dot Sale Barn
is 9388 Montana Highway 400

*Both Routes will be marked
for your convenience.
Watch for Signs!*
