THE 2022 SPRING SALE
CAMERON, TEXAS

A NOTE *from* BOB

“And the Word became flesh, and dwelt among us, and we beheld His glory, glory of the only begotten of the Father, full of grace and truth.”

JOHN 1:4

Christmas 2021! Let me be one of the first to wish you and your family a joyous and blessed Christmas. It truly is the most wonderful time of the year as we reflect on God’s blessings and look forward to what He has in store for the brand new year.

We appreciate our great customers and friends so much. We want to have the opportunity to express our appreciation and wish you a Merry Christmas in person. The people of West Texas, New Mexico and Oklahoma are central to our business. As we give thanks for the more than 1,000 producers that are now involved in our growing Prime Pursuits™ program with Walmart, we recognize that so many call this region home.

So, we are excited to bring 157 big, stout Angus bulls to Abilene – our home away from home. These bulls come right out of the core of the Angus Strong® genetics program at 44 Farms. You can be sure that they were designed and developed to deliver functionality and profitability for producers.

Prime Pursuits is mining more individual data than any beef program in the industry through our state-of-the-art Prime Intelligence™ platform and other support services. The mission is clear – to empower and help everyone in the supply chain to succeed. When we execute this calling, the results are extraordinary and the consumer enjoys the most delicious and nutritious Angus beef ever offered at retail at the lowest possible price. Now that is a vision worthy of following!

At 44 Farms, we truly believe that “together, greater things are yet to come.” The key to that declaration is the word “together.” If you are interested in being a part of something greater than anything any of us can do alone, we invite you to consider joining the Prime Pursuits community of producers. It is a transformational beef program built upon the vision and enthusiasm of Walmart, the world’s largest retailer.

The reason this vision has so much promise is because of the foundation upon which it is built. That is: Serving delicious Angus beef to family and friends is a priceless experience of joy for every consumer because it is something great that they can do for others. We all know that serving others is a key ingredient to a fulfilling life. As producers, we get to play a critical role in delivering this amazing experience each and every day.

As you may know, June 1, 2021, was a historic day for 44 Farms and Prime Pursuits. As grilling season officially kicked off, Walmart celebrated with the launch of McClaren Farms® Angus beef in nearly 500 stores across five southeastern states, including Alabama, Florida, Georgia, Mississippi and South Carolina. We are honored to be a part of bringing truly high-quality, all-natural, no-hormones-added Black Angus beef at extraordinarily low pricing to Walmart customers. Friends, this amazing new launch fully connects responsible, hardworking Angus producers with consumers in volume like no other program in the world.

We hope that you appreciate and are encouraged by our approach to the future. In all we do, we want to serve others for the glory of Christ Jesus. We look forward to seeing you on Saturday, December 4, at the Abilene Livestock Auction. On behalf of everyone at 44 Farms, have a joyful and blessed Christmas and a happy New Year!

44 BALANCED-TRAIT GENETICS

HOW THE BULLS ARE DEVELOPED...

The bulls at 44 Farms are managed and developed to reach a level of their genetic potential that will allow for an accurate comparison of individuals within their respective contemporary groups.

The bulls are developed in large pastures that allow for plenty of exercise and hand fed a high roughage feed. Excessive individual weights are not our goal but rather a practical average weight within contemporary groups that will allow for a fair comparison among contemporaries.

We are confident that these bulls will perform under any environmental conditions.
