

Commercial Bred Heifer Updates

All of the heifers offered, have have been on the full Forma Feed Mineral Program, have received all pre breeding shots, are Bangs Vaccinated, as well as Triangle 10, Ultrabac 8, and two rounds of Scour Boss 9 and Clean-Up 2. All heifers were AI'd using natural heat detection with Estro-Tec patches for one cycle and then exposed to low birthweight bulls. All bulls were pulled Sept. 9th.
