Welcome to the Best of the Rockies - Cody Horse Sale

Auction Terms & Conditions

Accuracy of all information expressed in the catalogue page(s) is the sole responsibility of the consignor. Consignor shall have full responsibility to examine the catalogue page(s) on any & all horses consigned by him/her & prior to the sale of said horse(s) shall report any inaccuracies of said horse (s) in the sale ring for announcements to be made prior to the sale of the horse(s).

Private Sales: Absolutely no private sales allowed before the auction. Consignors have entered into a binding contract with each horse consigned and horses must be sold at auction with Clark Management Company. By selling horses prior to the sale it is unfair to the buyers who have traveled to the sale to purchase horses consigned.

Sales: Each horse will be sold to the highest bidder without reservation. The auctioneer will decide any disputes that may arise & his announcement will be final.

Buyer Numbers: Driver's License Required to obtain Buyer Number.

Payment Day of Sale: Cash, Cashier's Check or Personal Check with Bank Letter of Guarantee appreciated. By making payment using a Credit Card, the transaction will waive any and all refunds.

Ownership: When a horse is sold, the buyer shall sign the Acknowledgement of Purchase immediately following the purchase at auction. Title passes when the hammer falls & the buyer will acknowledge his purchase by signing the Sales Receipt. When title passes, the buyer will be responsible for proper feed & care of the animal. The buyer will be responsible to pick up the horse by **May 9, 2022**, at 4 p.m. or a daily stall fee & feed fee \$15 per day will be due.

Guarantees: Each consignor will be totally responsible for guarantees they make on their animal(s). Absolutely no guarantee or warranty will be expressed or implied by the auctioneer(s), ring men or Clark Management Company, Inc staff. The guarantees of each animal will be made only from the auction block & sale ring while the animal is being sold. These guarantees are recorded and will be used as reference for any disagreements.

SOUNDNESS does **NOT** guarantee a **VET CHECK**. If the buyer wishes to have a prepurchase vet check, it must be done prior to the Auction **at the buyers expense**. Please contact the consignor and make arrangements with a vet near the consignor OR with a vet in Cody or Powell. The Prepurchase vet check does not imply or present any guarantee for the soundness of any horse sold in this auction. It is the full responsibility of the buyer to have his hired vet clarify the horses soundness to the buyers satisfaction and shall not make or imply that

Clark Management Company, Inc, their heirs or owners, are liable or responsible for any vet check completed on any horse in this auction.

Each Horse sold at the Best of the Rockies Horse Sale is required to be guaranteed sound by the consignor as follows:

- 1) **sight out of both eyes**
- 2) **will not crib**
- 3) **will be correct in the air**
- 4) **will beat on all 4 feet soundly.**

If a horse is not considered sound by the above standards as set by this auction company, the buyer has until **noon on May 9, 2022**, to have Jake Clark inspect the horse. Jake Clark will make the final determination as to soundness of the horse by the 4 standards as described above. If the horse is considered unsound, the buyer will be returned his purchase price, less fees. The seller of any unsound horse will not be paid for the horse & will be responsible for any fees in conjunction with the sale fees.

Buyers must do their homework to make sure the horse they buy is the one they consider sound and the one they want to buy! When the Bid is accepted by the auctioneer the bid for that horse is considered accepted whether the bidding is in person, by phone or by the internet. Incorrect bids is the sole responsibility of the buyer.

• This palomino is the definition of cute. If you have a small child wanting to have a positive experience around horses, here is your pony. He's 12.2 hands and is as cute of a pony as you'll find. He'll ride the trail, ride through obstacles, or ride in the arena. He'll pull a cart, lay down if asked, and look good doing it. He's even been roped on by Freeman, his 9 yr old trainer and has been used by all ages of kids. Trigger can be ridden by any child that can sit in a saddle. He's laid back, won't run or trot off on a kid, but will move when he's asked. Perfect pony for anyone new to horseback riding. Easy to catch, handle, with incredible ground manners and stands all day if needed. He's sound with no issues and he's gonna be around for years to come. FMI call at 801-361-6772.

BIG TIMBER ~ Jeff and Christina Tift

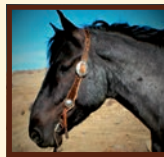

DOB/AGE: 7 • Grade, Not Registered • Blue Roan Gelding • 16.2H • 1375 lbs

Consignor has been with us:

- Year Started: 2000

• Big Timber is an extremely nice put together draft cross gelding. He has a pretty little head and as good of a hip on him as we have ever seen on any breed of horse. To top it off he has the oh so popular true blue roan color. But his good looks aren't all. He is just as pretty on the inside and is a true joy to have around and to work with. Big Timber tries really hard to please you and has always been easy to get along with. He has excellent ground manners, stands still to tack up, get on, groom and is never pushy or rude. He is a big sweetheart, a pretty mover, athletic and soft in the mouth and sides and is so much fun to ride. He stands 16.2 hands tall and is 7 years old. Big Timber has a nice, relaxed lope outside on a loose rein and will also canter pretty circles in the correct leads in the arena. He has a nice neck rein and goes anywhere you point him. He has lots of self-confidence and nothing seems to bother him. He has a nice ground covering walk and is surprisingly smooth in all 3 gates. He collects himself up nicely in the arena, side passes, does turn arounds, and stops willingly and correctly. He has been ridden in town and on the mountain trail and handles all situations well. Big Timber is taught to lay down on command, pick you up from a stool or the fence and has also had some liberty training. He has also been desensitized and is good with all the arena toys such as tarps, flags, bullwhips, bouncy balls and any other obstacle you can throw at him. We have used him to halter break weanlings and have roped other horses from him as well. This is just an all-around wonderful gelding with just the right amount of athletic ability to be fun but yet still gentle and easy to get along with. He has no bad habits, and we believe anybody should be able to take him home and enjoy ranch work, trail riding and arena time. There will be an up-to-date sale video posted of Big Timber in April. We will also be making small video clips and posting on Christina's Facebook pages regularly up until sale date so you can follow along as we get ready for sale day. Go to Facebook and look up Christina Bach Tift and use #timber. We look forward to visiting with you about Big Timber and showing him to you. If you have any questions you're welcome to give us a call anytime. 307-752-8197.

Leo really enjoys the attention and interaction with people. He is very friendly. We have done about everything possible with Leo, from ranch work and trail rides to arena drills. A 12 yr old girl rode Leo in the opening and closing ceremonies at the PRCA Rodeo in front of a full house crowd. She also used him in the drill team and running timed event cattle back. Leo was perfect. Leo is smooth and very enjoyable to ride. He goes where ever you want and never questions you. We will continually update our Facebook page with more videos of Leo until sale day. • 2018 Buckskin Gypsy/Qtr Cross, 14 hands. WOW! Take a look at this flashy gypsy/qtr cross! They don't come any better than this guy. He's got all the shape in the world, built right, and rides like a dream. Chip will ride around like a reiner - nice lope, easy jog, good turn around and a nice stop. Ride him any way you want and he's going to take care of his rider. Ride him bareback, western or English. It won't matter. He's friendly, likes to please and will ride quiet. He's seen a cow and will ride and travel out real good on the trail. He's willing to try it all and would work in any discipline for a youth rider or lady. He crosses water, bridges, tarps, logs, pretty much anything you ask of him and he'll do it. He'll ride good in traffic, safe up the road and by himself if needed. He's easy to handle, has great ground manners, knows how to stand tied, and is good for the farrier. He's been one of the kids' favorites and all the work training him has been done by them. He's been a joy to start and ride. One of the highlights for sure! For more information, call Alvin (660) 684-6974.

BERRIDOLL

• Boogie is a 4-year-old blue roan AQHA registered Quarter Horse gelding with an old soul. This is the closest we've found to the elusive "bomb proof horse"! Nothing bothers this sweetheart. He is accepting of the usual tools of desensitizing- whips, dogs, tarps, balls, etc. We've ridden him standing, sitting, bareback, in a halter and bridleless...you name it! He'll happily carry anyone on any trail you point him down. He'll drag a load forward or backwards. He's been introduced to some roping and cattle work as well. Boogie is the only horse we know who plays basketball! Don't worry if you miss a rebound; balls bouncing around or on him don't phase this brave boy whatsoever! Boogie is soft in the mouth, has a great stop, side passes, and is eager to please. He willingly moves on out but will also work nice and steady on a loose rein. He rides out alone or with a group and as the leader or a follower. He's eager to be caught and accomplish any task you have planned for the day. He's happy to step up and pony another horse or will tag along while being ponied if needed. He loads and unloads in any trailer, stands perfectly for the farrier, and is comfortable living in or out of the stall. He is easily the quietest colt we've had the pleasure of working with. Boogie is just plain old fun to handle and ride! For more information on this young athlete, please call Tiffany (803) 318-6154 or Meredith (803) 605-9691.

• Captain is a big, handsome, dapple grey gelding that has pretty much done it all. He is a finished trail horse with lots of experience on various trails and weather conditions. He is happy to trailer to a trail head and ride all day with no other horses. And does great in a group as well. He has been on many miles on the Colorado trail between Denver and Durango, and has seen lots of running hikers and speeding motor bikes. Wildlife and waterfowl doesn't bother him. He will lead a pack horse or you can pack on him. He takes good care of a beginner rider. He will cross a narrow bridge or go through water with ease. He loads and hauls great. Stands tied patiently. He loves a scary obstacle course challenge and always does great. He is a versatile ranch horse and rides straight up in the bridle. I have also used him to start and pony colts. He rides English with good collection and forward movement, comfortable to ride and has a good extended walk/trot. He does well in the stall or turned out with others. No vices ... safe and sound. Captain has been my personal horse for the past year and has been a real pleasure to have around. He always tacks up gentle and safe. For more information call 719-221-6857.

• Jackson is a big, beautiful, gentle, 6 year old palomino gelding that stands 15.2 hands and weighs 1250 pounds. For the last two and half years, this has been my personal go-to guy for any task on the ranch, as well as in the arena. We use him to start, flag, and pony all of our colts, gather cows, and turn back in the cutting pen; both at home, and at shows. He is an incredibly versatile horse. Jackson is very well balanced, which enables him to be a very smooth looper with a clean front end and a big stop! If you can ride, you will enjoy this horse immensely. He loves people, and meets you at the gate every day to go to work or play. Even with time off, this guy saddles up the same every time, is willing to ride off by himself easily, and is suitable for almost any level of rider. I have been training horses for over 25 years, and he is by far my favorite using horse that I have ever had the opportunity to ride and train. His conformation is very correct and balanced with a beautiful head, great hip, straight legs, and a perfect foot to support it all. He moves off your leg with ease to open and close gates, and has a soft, collected lope. He side passes naturally from any distance up to the mounting block to mount, and rides off quiet. If you are looking to compete in the AQHA Ranch Versatility or Ranch Riding, here is your horse. Jackson lopes great circles, has good speed transitions, smooth departures, great rollbacks, stops and spins, and works a cow. Jackson is ready to go have some fun and take you to the pay window. We have started roping on this horse out of the box, and he is taking to it like a duck to water! Speaking of water, he wades through all of it with ease. We use him as our lead horse when teaching colts to cross streams and rivers. Watch it all on his video. He has seen the lights of Vegas, and the full mountain moon of Wyoming. He has been ridden next to moving trains, through skateboard parks and in steep rocky country. See it all in his video! We have hauled and stalled Jackson from city to country; he has just about seen it all. We stand behind this horse all the way! He has no buck, no vices, and is 100% sound. Don't miss out on this amazing gelding. For more information, call Gary Cooper Performance Horses at (307) 272-0782. We would love to help you start your new relationship with Jackson.

• Lincoln is a one-in-a-million young gelding. Just like his name sake, this beautiful dapple grey is honest as the day is long. He is a Percheron X standing 15.3hh and weighing a solid 1350 lb. He is the perfect height to weight ratio to make him versatile to a variety of riding styles. He is trained to side-pass to a mounting block, rock, truck bed, ditch bank or whatever is handy to make it easier to get on, but for the convenience of everyone, he is voice trained to lay-down on command. He is an instant favorite for everyone that climbs aboard no matter if it is to sort calves, gather off the mountain or just meander down the trail. Lincoln takes everything in stride. He will ride out by himself gathering stray cattle in rough terrain in grizzly bear country or he will keep up with the herd. He doesn't get bothered or in a hurry if his rider doesn't want to ride as fast as everyone. Lincoln has the smoothest lope, it is effortless and a joy to ride! He has been shown in Intro level Dressage and Western Dressage at the local and online shows, scoring in the mid to high 60's with minimal schooling. Everywhere he goes, everyone that sees and meets him comments on how handsome he is and how well he handles new environments. He has also been shown, online, in the Western pleasure, English pleasure, Equitation, Horsemanship, Trail and Ground Driving. He has been reserve champion twice and champion in Ground Driving for the October 2021 show. Lincoln is broke to drive and does really well driving single! He has been started over fences and is very brave and takes care of his rider. We have taken Lincoln all over the mountains and helped the neighbors gather their cows in Paradise Valley. He excels in rough terrain and really knows how to place his feet but will go where pointed even when the cows take the path less traveled. We have started and used Lincoln in all aspects of ranch work, we have gathered cattle, sorted in the alleyway, roped and doctored and prepared him for branding season. Lincoln has a one-handed neck rein and really enjoys playing soccer with the giant ball. This young gelding is a pleasure to be around and work, he has his whole life ahead of him and has all the good qualities that make it easy to like him. Lincoln will catch you, even in a large pasture, is good for the farrier and for all vet work, and he is easy to saddle and bathe. We have done radiographs in preparation for the sale so that anyone interested in Lincoln can be confident in his soundness. If you or your veterinarian are interested in viewing them or if you would like more information, please call 307-578-7386 and check back for more videos!

• Holiday is a rare gem of a ranch horse that is big and hard working, but very gentle. We bought him from the breeder at 6 months and have owned him ever since. He has been sound every day of his life. He has four hard black feet and wears a size 2 shoe. He loads, ties, bathes, hobbles, stands for the farrier and has no buck. He is super easy to catch and mount, though you may need a step or block. He is a big boy. In addition to being an experienced horse on the range, with cattle and ropes, he is the horse we put friends, nervous riders and inexperienced family members on when we ride out. He packs them calmly and does not take off or spook. He has spent most of his life in the Bighorn Mountains and foothills moving, roping and holding calves. He has a good fast walk, a smooth big trot, and a gentle lope to carry you where you need to go. He has no issue riding out on his own and away from other horses. Absolutely not herd sour at all. He has the wind to go all day and climbs and descends like a mountain goat. Despite being big, he can sort at a gate and gets after a calf if you need him to move. Loud noises, dogs, snow, rocks, traffic, trail courses, cattle obstacles will not bother Holiday. Tom has ridden and played the bagpipes on his back. He takes everything in stride. Don't miss your chance to own this big, sound, gentle horse. Feel free to call with questions or preview before the sale. We are happy to show off this great gelding in the prime of his life. For more info call 307-202-1815.

• Dinaro is such a cool horse. Extremely kind, willing and nice minded is the best way to describe this cute gelding. Not only is he easy to look at, but he also handles very well and is super gentle. You would never guess that he's just 4 years old. His maturity and confidence far exceed his age. We bought Dinaro from the man who raised him, and he has always been healthy, loved, well taken care of, started right and ridden a lot. Dinaro rides really well down the trail and steps out nice on a loose rein. He handles all obstacles you encounter calmly, and you can relax and enjoy your trail ride. He has a nice neck rein and response to leg cues as well. He carries himself with class and stays levelheaded. He also rides nice in the arena. He picks both leads, has a nice canter and lopes pretty circles. He side-passes, spins, backs and stops correctly and is always soft and responsive. He is smooth to ride at all 3 gaits and feels good underneath you. He is the kind of horse that will adapt to his rider and try his hardest to please. He has just enough feel to be fun to ride, but still laid back enough that anybody should be able to ride him as well. He has wonderful ground manners and is polite in every way. There is absolutely no bad habits or surprises with this guy. He has been desensitized to all the arena toys such as tarps, bullwhips, bouncy balls and flags and is fine with anything you throw at him. We have also flagged and roped other horses off him. We have no doubts that whoever gets Dinaro will not only get along, but love him just as much as we have. If you would like to see little clips of him in action as we lead up to sale day, you can follow him on Christina's Facebook page. Find Christina Bach Tift and use #dinaro. We look forward to showing him to you. If you have any questions, please call anytime 307-752-8197.

• "Orphan" is a gentle, attractive gelding that got his start at an Amish Colony. At the colony he was ridden almost daily and used for various things including helping neighboring ranchers gather and work cattle. A lot of this riding was done on forest service leases in the Black Hills. I have ridden "Orphan" numerous miles in rough BLM country. I have started roping the burro and logging him in the arena and have carried flags off of him. Orphan has a good neck rein, stop and back up on him as well as side passing and working gates. Orphan tolerates unexpected wildlife without incident and will also handle sorting flags, whips, slickers and plastic tarps. Orphan is healthy, current on dental work, worming and will be shod and ready for immediate use and enjoyment. An excellent horse for ranch work, trail riding, or to finish as a rope or barrel horse in the arena. For more info call 307-680-5156.

• This little mare is definitely one of the coolest little horses around. She stands just right at 14 hands tall. She is great for any size rider. Everyone from Dad on down to the kids love riding her. We have ridden Fancy everywhere on the ranch, she doesn't get concerned with anything at all. Her daily duties require her to go over deadfall, through creeks, sometimes busting ice to do it, no problems for Fancy. She is sure footed when we take her up and down rough and steep, rugged terrain, always being mindful of ice and slick, muddy washouts. Fancy is very smooth and has nice relaxing gates. She is very enjoyable to ride. She is good with the farrier and has flawless feet. She has been taken care of extremely well and is up to date on all dental, worming and vaccinations. It doesn't matter how often you ride her, you will always be getting on the same horse. Make sure to follow Houck Horse Company on Facebook and we will be continually posting updated videos and pictures of Fancy. For more info call 612-810-5455.

• Pinwheel is a well bred Brown gelding that is extremely broke to ride, and made to last. He stands 15 hands tall and weighs 1200 lbs. Pinwheel has seen many miles on a real working ranch in Wyoming, where he has performed all the ranch tasks. He has doctored cattle outside, been used at branding, used to gather & sort, and has checked many many miles of pastures. This gelding knows what a full day's work is. Pinwheel has also been used on trail rides up the mountain and in the Arizona Desert, where he is confident down the trail. He is also on his way to making an awesome arena horse whether you want to head, heel, or breakaway. He is getting very solid in all three and is very versatile. Pinwheel lopes collected circles in the arena, rides off your seat, moves off leg pressure, and has a true one hand neck rein. Pinwheel's versatility was no accident with his maternal grandsire being TUF N BUSY (252 AQHA points) & paternal grandsire being PEPTOS STYLISH OAK (sire of earners in excess of 4 million). It is no mistake he has the ability, the mind, and the build that he has, and with his excellent foundation on the ranch he is prepared to perform any task you ask him. This is a prime aged gelding ready to take in any direction you choose. For more information call 507-951-7880.

• Salsa is a 7-year-old red roan gelding who stands 15.2 hands with some chrome and the cutest little head. This horse was well started when we got him and has continued to excel in everything he does. Salsa takes to everything new with ease; whether it's gathering cattle in big pastures or walking down the trail in the lead position or following, he handles it all like a champ. But don't let his laidback personality fool you as he's fast too, VERY fast. He will get after any cow as fast as you feel comfortable. He's been used on the ranch and has roped cattle out in the pasture. Salsa has been ridden by different levels of riders and he adapts to whoever is holding the reins. He will go through water, over bridge, and does great down the road. He's comfortable out by himself or in a crowd. He is a smooth ride too, which makes him all the more fun to ride. And did I mention broke? He's soft in the mouth and ribs, knows his leads, collects up, will sidepass for a mile and is a true gentleman. He also stands for the farrier. He will lope pretty, collected circles in the arena or he'll step right out to get you up and over the next hill. Salsa has been out in the pasture with other horses and he's quick to meet you at the gate. He can be turned out for extended periods of time, and you can saddle him up and off you go like you rode him yesterday. For more information about Salsa, please call or text us at 406-425-3500 or email cathieandpepper@yahoo.com.

• Piper is a coming 5 year old gypsy X shire X quarter horse mare. She is 15 hands and 1400 lbs and wears a size 3 shoe. She is a nice mover and she is easy to ride. She neck reins and is easy to catch. She was started when she was two and has been nothing but an easy horse to work with from the time she was brought home. She is curious and always comes up for a scratch and to check out what is going on. Piper was bred by the Triple F Ranch in Medina, ND and was foaled on April 26, 2017. She is out of the gypsy x shire stud, Laurel's Sir Ivanhoe, a registered drum horse and a shire X quarter horse mare called Roxy. She spent the first 6 months of her life following her dam up and down the fields of Medina as her dam was used to put up hay the old fashioned way with a horse pulled hay mower, rake and baler. The drive to Medina was long from Riverton where the Snaffle Bit Ranch is located, but, the flashy little filly was worth the trip even in the middle of winter. The wait to start Piper seemed unending, but finally the day came to saddle her and put the first ride on her. It was nothing to prepare her to be ridden. The time spent alongside her dam, her easy going nature, and the knowledge of starting horses that Justin has acquired over the years, combined into a quick first lesson. He was horseback in no time and ready to take her to work on the easy days. The first rides are always short and sweet, but Piper advanced quickly due to her willing nature.

• Hello handsome! Drifter is a very gentle, stout and well put together gelding. He stands 14.1 hands tall and shines like a new silver 50 cent piece. You are sure to be noticed riding this cute guy. He has been ridden extensively both in the arena, on the ranch and down the trail and always goes where you point him. He travels out nice with a good walk and on a loose rein and always gives you a nice relaxing ride. Drifter has also been desensitized to all the arena toys such as bouncy balls, tarps, whips and flags and you can drag anything you want behind him. We have also been roping and starting young colts off him and he handles the pressure like a champ. Drifter also rides great in the arena and is great with his leads, side passes easily and stops smoothly. He has 3 smooth gaits, and you are sure to always be enjoying your ride. This great gelding is drama free and has no bad habits. He is easy to catch, polite to be around and an all-around wonderful and easy horse to be around. There will be a new up-to-date sale video of Drifter available on our website in April. There will also be little clips posted on Christina's Facebook page as we ride him and get ready for the sale day. Go to Christina Bach Tift and use #drifter. We look forward to visiting about him and showing him to you. For more information or with any questions please call 307-752-8197 or 307-752-9319.

• 2016 Gypsy Cobb Quarter Horse gelding. Big John is 17hh of pure heart and kindness, he is a farm favorite. It has been an absolute joy having John around. He was born on a ranch in Montana, so he learned from a baby to cross water and rough country. John has been ridden by all levels of riders and is always honest and kind. He is the kind of horse that stays broke - it doesn't matter how often he is ridden. He takes his leads and transitions well. He will open and close gates, moves off of pressure. He is great for the farrier and to handle his feet. John will carry a flag. John had the honor of being chosen to carry the Grand Marshall Leo Teton in the EISF Parade 2021. He wore bells and feathers and took everything in with grace. He loves attention and people and is happy to do any job. He has been to the branding pen, we have roped and branded calves on him and pushed cattle down from the mountains. He is good to haul, he will gladly jump in and go. He has baby sat many of the little bitty kids this last summer and was a favorite for them all to ride. We would come out to a half dozen kids packed on him from head to tail, giggling, riding him around with a halter and bareback and we would always know they are safe with him. John is a very special horse and you know it once you meet him. For more info call 208-604-0376.

• Pop is a show stopping 4-year-old Gypsy Vanner x Quarter Horse (Hot Colours x Moonshotcolours (Sun Frost)) cross with loads of chrome and a mane and tail to die for. We affectionately call him Mr. Personality, and he lives up to every bit of that moniker. In your pocket type who wants to be right by your side and enjoys your company, but will work hard and give you his all for every task at hand. He was born here on the farm in SC, but has plenty of experience off the premises as well. Pop is quite the looker in the arena, on the ranch, or on the trail where he's happy to lead, follow, or ride solo. He's yet to tell us "No" to any challenge presented. He is a kind and forgiving soul who can take a joke. We sincerely believe, as Pop matures, he will excel in most any direction you take him.

He boldly carries a flag in all three gaits, easily drags logs, rides nice and round, ponys other colts, and crosses any obstacles in front of him. He has been exposed to and pushed cattle in a pen and pasture and happily accepts a cracking bull whip at all three gaits. He's been introduced to the rope, lateral movements, and even a little jumping! Don't let his model looks fool you, he is as tough as nails. Pop is always eager for his next adventure and has loaded in every type of trailer we've offered. He cross ties, bathes, and stands nicely for his size 2 shoes to be put on. Want to make folks take a second look on your ride to town? Pop is your guy! For more information, please call Tiffany (803)318-6154 or Meredith (803)605-9691.

He is a 6-year-old, 16 hand draft-cross gelding and he is a driving mate to Clyde, also in the sale. He has been an incredibly easy horse to put through our program and absolutely loves to learn new things. He has a wonderful, laid-back personality that just melts your heart when you come to the barn to meet him. Clark is very well trained to drive as he is to ride. He can be driven in all types of terrain and does not get bothered by traffic at all. Clark has been on lots of different types of trail rides and does not mind to be the leader or he does not mind to follow as well. He can be ridden off alone without a fuss. This guy has been a steady mount for anyone of any level of riding, and if you are someone that needs to gain some confidence back, he would love to help you to do that. With all the miles of trails and different places he has been, he will settle in with ease no matter where you take him. He is great on the trailer, stands quiet single tied or in the cross ties. He has been kept out in the field and also in the stall and does not have any bad habits. He will come right to you when you call and is not a bully in the pasture at all. He minds his own when with a herd of horses. Clark is wearing shoes all around because of where we ride him, and he does great for the farrier and for the vet as well. We have taken him through the obstacles on the trail and in the ring and he does not seem to blink an eye to anything new at all. He has three very smooth, easy-to-ride gaits. He will walk, jog and canter and knows his leads well. He even goes bareback and is very comfortable to ride. He has been one of the favorites in the barn and does not mind all the attention and he does not get upset if left to sit for a while. With his great size, he would work for all different ages and sizes of riders and with his kind, willing mind he is also wonderful for different levels of riders too. He has been trailered on lots of different trailers and will jump right up onto anything. He is a great horse for you to add to your program. When he is hitched with Clark, it makes for a beautiful rare team of greys. He can be driven in all types of terrain and does not get bothered by traffic at all. Clyde has been on lots of different types of trail rides and does not mind to be the leader or he does not mind to follow as well. He can be ridden off alone without a fuss. This guy has been a steady mount for anyone of any level of riding and if you are someone that needs to gain some confidence back, he would love to help you to do that. He is great on the trailer, stands quiet single tied or in the cross ties. He has been kept out in the field and also in the stall and does not have any bad habits. He will come right to you when you call, and is not a bully in the pasture at all. He minds his own when with a herd of horses. Clyde is wearing shoes all around because of where we ride him, and he does great for the farrier and for the vet as well. We have taken him through the obstacles on the trail and in the ring, and he does not seem to blink an eye to anything new at all. He has three very smooth, easy-to-ride gaits. He will walk, jog, and canter and knows his leads well. He even goes bareback and is very comfortable to ride. Clyde has been a favorite for the kids in the barn, and does not mind all the attention and he does not get upset if left to sit for a while. With his great size, he would work for all different ages and sizes of riders and with his kind, willing mind he is also wonderful for different levels of riders. If you have any interest in Clyde, please call Clayton 660-287-1786.

• Weston is gentle, quiet, and kind. His good disposition is no accident. We have raised Weston since weaning. He was lightly started as a 2 year old and put to work as a 3 year old. We are happy to offer him at the Cody Horse Sale in his fourth year. Weston is a beautiful, rich-colored dun with dorsal stripe and barring on his legs. He has a commanding presence that turns heads everywhere he goes. Weston has been in the high Rockies gathering and moving cattle and is an old pro on municipal trails. He navigates steep terrain, deadfall, bogs, water crossings, bridges, strollers, joggers, semi trucks, air brakes, cars, heavy equipment, and all manners of livestock. He has a solid foundation as a ranch roping horse - roping yearlings and calves, and dragging calves to the fire. He has also been in the ranch sorting pen and has been started in working equitation. We have used Weston as a family horse, and he rides double and triple as well. Over the years, he has developed a nice neck rein and stop. Weston also moves off leg pressure and responds to voice commands. He moves out willingly. He has been used barefoot and shod. He stands well to be shod and lets the kids brush his legs. Weston is first to be caught and loads and backs out of the trailer. He is current on vaccinations, deworming, and coggins. Call for more information: 970-556-4820. Weston's full sale video will be published closer to sale day.

• Docs West Flash, or as we affectionately call him, "Bramble", is about the prettiest, kindest, good minded gelding that you'll find across the country. With a beautiful dappled buckskin coat, big kind eye, and perfect white star on his forehead, he is a stand up, classy, young gelding that is sure to turn heads! Standing at exactly 15 hands with a stout, deep body, he is the perfect size from anyone 5 to 85 to ride and enjoy, and at just 6 years old, he has the easy going personality of a horse twice his age, but has many more years ahead of him. Above all, Bramble has been ridden by good horseman for his whole life, and that truly shows. He is totally honest, trustworthy, and has complete faith in his rider, the word "No" is not in this horse's vocabulary. I have had him in a multitude of different environments, and he has never let me down. Whether you want to ride him into town to get lunch, take him out on the ranch to move cows, ride him in the arena, or take him in the 4th of July Parade, he will do it all without blinking an eye. Bramble is the perfect balance between a horse that will go to work, but also loves people and enjoys being a pet! He will load up on a trailer full of steers to go down the road, or stand patiently by himself while loaded up and traveling for hours, it doesn't make a difference to him. He is also no stranger to the mountains. I have had Bramble out in the mountains all day, and he starts the ride the exact same way that he ends it. He is extremely surefooted, has seen all sorts of wildlife, good about dogs under his feet, will cross water, and will pony horses or mules. Bramble will come pick you up at the fence, stand like a gentleman to mount from either side, and has many buttons to make him a fun and easy ride no matter where you are. He is good to shoe, catch, tack up, and is friendly and easy to handle, all day, every day. All of these qualities will make him the perfect mount for any trail rider, rancher, or rodeo queen. Bramble is truly a privilege to own, and we are honored to be able to offer him at the Cody Horse Sale. For more information call 413-427-5231.

DRAFT CROSS MARE (BLACK & WHITE PAINT)

• “Buttermilk.” Born and bred on the historic Flitner Ranch in Shell, Wyoming. Buttermilk is a 2017 draft cross, buckskin mare. She is 16 hands, tall weighs 1200 lbs. and wears a size 2 shoe. She’s good to shoe, tie, load. She can go any direction you would like and is the kind we rarely turn loose of. She has been used in all aspects of ranch work. She’s good to rope big bulls, brand calves or doctor out in the hills by yourself. Buttermilk has the pulling power of a draft, but she has the athletic ability of a smaller quarter horse as she will watch a cow. She has been enjoyed by the whole cowboy crew and the guys will be sad to see her go. This is the type of mare you drive the wheels off your truck looking for! She is safe for the whole family! Buttermilk has been used to start a lot of colts around the ranch. She is a big, gentle mare and if you’re looking for a mare that later could be in your broodmare band, this is the horse you want! • Dos is an 8 year old GENTLE Quarter Draft Gelding. Dos has been used on the ranch his entire life. He has experience in all aspects of ranch work; branding, gathering, sorting pairs, pasture doctoring, etc. He can do any of these jobs for the most experienced rider or with your kid that is tagging along for the day. He is willing to do what is asked of him. He is a pleasure to ride with a long, smooth stride. He is athletic for a horse of his size. Dos loves attention. A soft brush and a kind hand are better than a sweet treat for him. Dos has a nice neck rein and is light in the poll. He will move off leg pressure to side pass or take his leads. Dos will ride in any bridle. Dos is easy to shoe. He will stand quiet to clip or bathe. He is easy to catch, saddle and load. Dos is not herd bound and will ride off by himself. I have complete confidence in Dos to send my boys off on their own as we have gathered. Dos is a rare, hard to find horse that has plenty of go for a long, hard day on the ranch, trail riding or hunting. We have used him as a pack horse. He has packed elk and deer numerous times. Dos is also rare because he is so gentle and doesn't need consistent riding to keep him honest. You can ride him today or next month and he saddles and rides the same every time. No hump or buck. I have owned him since he was 3 years old (bought him from my uncle who raised him until then). Dos has mainly been our kids' horse the past three years. He has been ridden by all levels of riders, from the experienced cowboy to our kids' friends that have never ridden a horse. Dos has been part of building confidence in my son's riding and roping abilities. We feel Dos will be safe and reliable and want someone else to enjoy him like we have. Call with any questions. • At just 12.2 hands tall, Dunkin is just the right size little horse that we all wish we had as kids, and a lot of us adults still want to ride too! He is dang sure not a pony, he is a small horse. He is stout enough for an adult to ride but he sure enjoys the kids when they ride him. We have ridden Dunkin on the ranch, in the arena, out on the trails and kids have a blast pulling sleds in the snow with him! He is pretty well used to anything and everything you will ever ask of him. You won't show him much he hasn't seen. Dunkin saddles up good, he loads in the trailer with no hesitation, he is good for the farrier and has very strong healthy feet. The kids ride him bareback, double, triple or as many as they can fit on him, and Dunkin takes it all in stride. This is a really nice little horse. Please follow Houck Horse Company on Facebook and we will continue to add videos and pictures of Dunkin doing daily things! For more info call 612-810-5455.

• Chance is a big, fancy draft cross that will turn heads with his flashy black and white pattern and two blue eyes. He is kind and eager to please. He has earned a living doing ranch work gathering and trailing cows, pasture roping and doctoring, and taking care of the kids in all types of terrain and weather. We have also used him to hunt lions and pack salt. He doesn't get bothered by new things and is calm and quiet whether riding alone or in a group. He stays between your reins and watches where he places his feet. He would work many disciplines whether ranching, hunting, chasing hounds, packing, trail, and just pleasure riding. He lopes nice circles and hits the ground soft for a smooth ride. His size doesn't limit his ability. He can turn around and stop like a smaller made horse. He has all the right attributes we love in the draft cross; gentle, willing, and rides the same after time off. It doesn't hurt that he's gorgeous too! For more info call 208-591-1419.

• Sancho is a big boned 10-year-old AQHA registered Quarter Horse gelding with a ton of presence. His 1,420 pound strong body is paired with the biggest, kindest eye you have ever seen. He's as eye catching as they come and a trail riding machine. He really shines while carrying his rider over, under, and through various terrains. Sancho has ridden extensive miles of east coast trails and Wyoming backcountry. He has packed gear and guides in and out of hunting camp. He is happy carrying experienced or inexperienced passengers and adores kids. Sancho is a sweetheart who will stand patiently tied or ground tied for all the grooming and primping his person desires. Alternately, he will happily step up to the most challenging of trails. Although his forte is out on rugged terrain, Sancho is also quite athletic and willing in the arena. He is quick off leg and rein pressure. Sancho has been used to rope off and has worked cattle in the return alley and has even been used to rope donkeys. If you have a hard day of ranch work, he's your guy. He is accepting of a bull whip, dogs, ropes, tarps, etc. With a back and hip as wide as a draft, this boy is always the first to meet you in a pasture ready to see what you have in store. He is the perfect mount to carry any size load and is versatile to tackle any job at hand. Sancho eagerly hops in any trailer, is kind in the pasture in the herd, and is genuinely a pleasure to be around. • Bam Bam is a seven-year-old ranch-raised gelding. He stands at 15.2 hands and weighs 1300 pounds. He is definitely one of our go-to horses that has never let us down on the job. He has had extensive mountain and trail experience crossing rivers, deadfall, and other obstacles in all kinds of weather. We have used him to lead pack horses and he is broke to hobble and has spent many days and nights in the backcountry. I have also used him to start and snub colts. He has a willing attitude and a good mind set that helps calm young horses. Bam Bam has had a lot of roping experience from branding calves, to pasture roping, to roping in the arena as well. He is one of my favorite horses to brand on and always puts you in a good position. I have used him extensively in the rodeo arena picking up broncs and roping bulls. Bam Bam spends all fall in the mountains on our forest permit gathering and trailing cattle to a corral where he then helps us sort cows and calves in order to be shipped back home. Bam Bam is easy to shoe and will stand tied quietly for as long as you need. He has the stamina to go all day but can also be turned out for long periods and be the same horse when you catch him again. This is a stout horse with a big heart that is sure to please. • Cortez is a gentle, stout and colorful horse who can get the job done. He has an eye catching color and build that will get noticed wherever you take him. Whether it is working cattle, trail riding or roping calves, Cortez can do it. He goes where you point him and crosses mud, water, snow, rocks, and ditches without hesitation. He has great cow sense and will move to and with the cattle. He has a ground covering walk, smooth slow trot and a nice gentle lope. He takes you where you want to go in comfort and has the wind to go all day. He has four solid black feet and wears a size 1 shoe. Sound as he can be. He is gentle on the ground and easy to catch, saddle, bridle and mount. He has no funny business about him. He loads, ties, bathes, hobbles, stands for the farrier and has no bite or kick. He is very well trained and will back out of a sticky situation and side passes right up to a gate. He can even spin a pretty nice circle. He climbs and descends steep rocky hills like a mountain goat and is not afraid of anything out on the range. He is not spooky or watchy and has a good mind. He will ride out on his own and away from other horses. We are so pleased to be able to share this good looking, gentle all-around great gelding. Please feel free to call for more information or preview in person before the sale. This is a horse in the prime of his life that you will be very happy to own. For more info call 307-202-1815.
