# Welcome Everyone

## SALE MANAGER NOTE:

The Jeffries Complete Dispersal Auction will go down in Red Angus history as one of the most significant assemblage of cattle genetics ever offered on the planet earth. The Jeffries land and holdings represent the 5th generation of family cattlemen in Checotah, Oklahoma and McIntosh County. Jerry Jeffries is certainly regarded as one of the most progressive cattle ranchers in the United States and a leader in Red Angus circles around the globe. This Red Angus offering isn't just a dispersal you won't want to miss, it is an opportunity to not only influence your herd but alter the trajectory of your life! So influential are the cattle being offered in the next 114 pages of this catalog, that if you want to be on the pinnacle of the breed as a future Red Angus enterprise, **you cannot afford to miss this event!**

With Red Angus popularity soaring around the world, **NOW** is the time to invest -- and to invest in top genetics like never before! The Jeffries Red Angus cattle are Real World, soundly developed, strategically engineered and scientifically proven genetics that will take your program to another level and yes, even to another mesosphere. The matings to PIE Quarterback 789, PIE Stockman 4051, Milestone 9713, Stockman 9173, EGL Guidance 9117, 9 Mile Big Chief 8281, Bieber Forefront H551, Smoky Y Renown 8128F, 4MC One of a Kind 818, Sage 530 7304 and Jeffries Oly, and Stockman are some of the most sought-after sires in the industry. The resulting calves in the fall of 2022 and spring of 2023 will be breed changing progeny that you can put in your pastures on September 30th.

Gilchrist Auction Company has had the privilege to manage and be a part of some of the most prestigious Red Angus Dispersals & Auctions in the United States including: the 100th NWSS Mile High Classic – Denver, Colorado 2006; the History in the Making Sale – Kerrville, Texas 2006; the R.A. Brown Ranch Legacy Sale – Throckmorton, Texas 2013 and the DAMAR Last Dance Dispersal – Eau Claire, Wisconsin 2017 to name a few. After 38 years of auctioneering and sale management of Red Angus sales, I believe this – The Jeffries Land & Cattle Company Complete Dispersal 2022 -- may very well prove to be the best opportunity at high quality Red Angus genetic acquisition and future profitability.

I, along with Bill Schermer, have assembled a great team of professional cattle marketing experts to assist you in this auction. If you have any questions or if I can be of any assistance, please don't hesitate to contact me.

I look forward to seeing you in Checotah, Oklahoma September 26th – September 30th!

Best Regards,

*Kyle Gilchrist*

## FRIENDS,

**It is a pleasure to welcome you all to the Jeffries Red Angus Complete Bull & Female Dispersal Sale in Checotah, Oklahoma.**

We have assembled a great set of Red Angus cattle for your consideration on September 30th. We have bred cattle with top EPDs, phenotype and most important pasture productivity and have decided it is time to disperse this herd and allow future Red Angus programs to benefit and carry on what we started.

We have always believed it is important to continue to add key genetics to the program and have used some of the top sires we could find in the industry. Many of the matings offered in this sale represent our steadfast commitment to make the next generation better.

We are honored to have been accepted into the Red Angus breed as a seedstock producer and have enjoyed all of the friends and acquaintances we have made in the Red Angus breed the past 35 years.

To the people who have made this program a success, we are thankful for all of their time and effort.

This journey has been a blessed adventure for Tricia and I. We are looking forward to the next chapter in which ever direction we are lead. A great big thank you to all who have supported the program over the years.

If you know me, I like to end things with a BANG! Lot 59 should do just that. He is the top weaning weight bull out of a 26 head contemporary group posting a 755 lb. weaning weight to ratio 124. The most amazing part -- he did it with only a 72 lb. BW! Mark your calendars for September 30th!

**ONLINE BIDDING  
AVAILABLE!**

This catalog has been designed to run a fast-paced auction due to the large number of cattle selling. Starting with Lot 101, each age group will sell in their entirety and then proceed into the next age group. Bulls will be sold after the females. On August 8th, Jerry Jeffries, Kirk Breed, JC Andras, Bill Schermer and Kyle Gilchrist went through the Jeffries cattle and selected the lead-off females for each age group. The cattle age group order will be: 4, 3, 2, first calvers, 5, 6, 7, 8, open heifers. **BE READY TO BID!** Our auctioneers Jered Shipman and Ronn Cunningham will be “rolling cattle” as they are very capable of doing.

# F Model

The 48 head of "F Model", 2018 born four-year-olds represent a very solid, functional group of cows that offer prime-of-their-life production with a track record of producing calves in the past. We aren't going to tell you "how their soft-design flows" or "how pretty fronted they are" or "how their dam was national champion", we are going to give you the facts and let you come and evaluate them for yourself. Col. Shipman and Col. Cunningham will roll you cattle so get ready to bid! Get ready for daughters of Franchise, Rollin Deep, H Hughes, Gladiator, Spartacus, Reddington and more in this exciting set of "F" Model cows.

One of the most challenging things to accomplish in the cowherd is getting the first calf heifers to breed back while they are in full lactation and bringing calves to the pen with high weaning weights. These 87 "H Model" females are all confirmed bred back and ready to go for round two. On August 8th, they were the least conditioned set of sale cattle in the Jeffries pastures -- but what would you expect? And what more could you ask for than a first calf heifer to be bred back and ready to roll? Get ready for daughters of "some of the new blood" – Big Chief, 4MC 818, Seneca, Saga, Smoky Y Renown, Andras Thunder, Gladiator, H Hughes, Franchise and more!

## E Models

Oh boy this is an excellent set of five-year-olds represented as these "E Model" cows. Bill Schermer and I thought they may be the best set, as an age group, of any of the females offered and represent some of the bloodlines that made the Jeffries Red Angus program what it is today. Get ready for daughters of Checotah, Extend, Commander, Franchise, Oly 903, Outer Limit, Profitbuilder, American Brew and more! These cows will pay their way with exciting calves coming into the 2023 weaning pen.

*B Models*

The "B Model" 2014 born eight-year-old cows are the set that Jerry Jeffries takes the most pride in -- he told us on August 8th that they are the best set of the entire offering. And it goes to reason, because if a cow is still in the herd at eight years old, she has earned her way or she wouldn't still be here! Buy these cows to build your base herd on -- you will be gaining longevity, solid foot structure, great udder design and a PROVEN track record beyond any other measure.

# Open Heifers

In our August 8th meeting room there were a lot of raised eyebrows when I proposed selling the open heifers last. And (at least in my mind) my justification is this – I like to end the sale with a bang! These heifers offer show prospects, future great brood cows and most importantly they will be the dams and grand dams of future Herd Bull and A.I. Stud sons. Buy these open heifers for their new bloodline opportunities and reap the rewards for years to come. Again, let me remind you that we have two of the fastest guns in the business selling them to you in Col. Shipman and Col. Cunningham. Be ready to bid because they will sell rapid-fire!
